GALLOWAY TOWNSHIP TO ACCEPT ELECTRONICS ON FIRST SATURDAY OF EACH MONTH

As of January 1, 2011, it is illegal to dispose of computers and televisions as trash. Everyone, including residents and businesses, must have these items recycled through an authorized recycler.

Galloway is once again going to accept consumer electronics; including TVs, computers, VCRs, DVDs, printers and stereo components from our residents and small (under 5 employees) businesses*. PROOF OF RESIDENCY REQUIRED. This program is at no cost to our taxpayers.

Galloway residents can bring these materials to our Galloway Road Convenience center on the first Saturday of the month between 9AM and 2PM. Other recycling options include: Best Buy and Goodwill.

** Businesses with over 5 employees should call the Office of Community Education at 652-8657x10 for a list of registered Universal Waste haulers that can be hired to take your materials.*

For further information, call Barbara at 652-8657x10.
