SECTION II - DESCRIPTION OF SERVICE

Service Description

1. Describe any changes that were made (days, hours of operations) in 2017.

SCDRTAP:

As of January 3, 2017, the OC 1 Whiting deviated fixed bus route was discontinued due to lack of ridership and consolidated into the OC 1A Whiting Express.

In 2017 once again began the OC 10 Toms River Connection service began the Spring/Summer season to operate 7 days a week. The route began on Sunday, May 7th, 2017 and ends Labor Day weekend to meet local needs and increased ridership. The bus route schedule is also available in Spanish.

Section 5311: N/A

2. Describe, in detail, the proposed project for 2018. (Include type of service provided by grant type (i.e. deviated fixed route, demand response) and include days & hours of operation.

SCDRTAP:

At the present time, no new transit service changes for days and hours of operations in 2018 are scheduled.

Section 5311: N/A

3. In planning public transportation services, private sector providers must be given an opportunity to express their views. How does the subrecipient allow for input on services from private operators in the service area?

At our annual SCDRTAP Casino Revenue Public Hearing, the public, including private sector providers are given an opportunity to express any concerns and/or views they may have. The Public Hearing is advertised in two local newspapers, the Asbury Park Press and the Press of Atlantic City and on our Ocean Ride website. Included in each bus route schedule is a phone number that any public or private sector provider may call if they have any comments, compliments or complaints. Private sector providers may also check our Ocean Ride website for monthly public Transportation Advisory Meeting schedules if they wish to attend. Due to lack of funding, Ocean Ride will not duplicate private sector bus service

Service Operations

Describe how the following functions are performed by your system. Explain any differences between your SCDRTAP and 5311 programs.

1. Demand response reservation process:

- a. Provide the phone number for reservations, and provide the hours and days reservations are accepted. If there is more than one provider, list name, telephone number and the hours and days that they accept reservations.

Seniors 60+ and/or persons with disabilities may call Ocean Ride, from 8:00 AM to 4:30 PM to make trip reservations Monday through Friday up to four (4) weeks in advance. The telephone number is 732.736.8989, then press "1" to speak to a Reservationist.

- b. What is the minimum and maximum amount of time needed to reserve a trip?

Four (4) weeks prior to the date of appointment is the maximum timeframe to make a reservation. Ocean Ride will accommodate a limited number of "Stand-By Trips" based on our system availability. These "Stand-By" trips are for clients making reservations up to one week in advance. If they make a reservation with more than one week in advance, they may be placed on the "Advance Reservation" trip. Riders can call between 8:30 AM to 4:30 PM, and speak to a Reservationist. If we can accommodate their trip, they will be notified by 7:00 AM the morning of the trip.

- c. Will you accept a same-day reservation?

Yes – Ocean County Transportation does provide limited same-day service based on system availability in our demand-response service.

- d. What is your agency's available hours for open appointments other than subscription trip? (For example, limited capacity from 7:00 AM-10:00 AM and 3:00-5:00 PM due to nutrition and/or non-competitive employment).

'Open' appointments would be considered our "Stand-By" trips. If a client needed a ride for grocery shopping, etc., they would utilize our "Stand-By" trip. A rider may call the day before they need to travel and based on availability, we would try to accommodate that ride. Hours of service is 9:15 AM to 3:30 PM.

- e. Do you maintain a customer profile? If yes, what information is contained in this profile?

Passenger profile contains:

Last Name

Birth Date

First Name

Gender

Middle Initial

Language

Telephone Number

Ethnicity

Medicaid Number

Home Address

Mailing Address

Special Instructions for Driver

Passenger Mobility Needs

Special Instructions for Scheduler

- f. Do you maintain a customer profile? If yes, what information is contained in this profile? – *continued.*

<i>Passenger Type</i>	<i>Billing Information</i>
<i>Disability</i>	<i>Code</i>
<i>Attendant Required</i>	<i>Primary</i>
<i>User Defined Codes</i>	<i>Certification Date</i>
<i>Emergency Contact Person</i>	<i>Expiration Date</i>
<i>Emergency Contact Person(s) Phone</i>	<i>PAAD Discount Card #</i>

- g. How is customer eligibility verified for SCDRTAP?

Self-declaration is all that is required by any passenger requesting a ride with our demand response service.

- h. How is a trip identified as Section 5311 eligible?

Not Applicable

- i. Name the computer routing and scheduling software product currently used for operations. Include yearly license fee/cost for this product.

RouteMatch Software Upgrade 6.2.9 Cloud-Hosting, Tablet Technology – The software has been updated for both the “Reserve-A-Ride” program and “Deviated Fixed Routes”. Along with the software upgrade, the entire fleet has been equipped with new on-board Tablets. The network and Tablets are utilizing state-of-the-art Cloud-based hosting. Training has been given to all staff users and Drivers. The upgrade for cloud-hosting and new tablets was \$300,000.

The yearly fee for the software is as follows:

Premium Support, Maintenance and GIS Updates:

Premium (24/7) Maintenance Technical Support \$39,940

Cloud-Hosting:

RouteMatch ASP/Cloud-Hosting \$34,325

- j. How is the above computer routing and scheduling product used? Please check all that apply.

- Customer database
- Computer assisted routing and scheduling
- Generate ridership reports

- k. Describe any other computer technology used for operations. Example: mobile data terminal, global positions systems, AVL, Tablets, IVR, Cameras, Etc.

The entire fleet has been upgraded and equipped with new on-board Samsung Tablets that utilize Cloud-based technology. This includes the Reserve-A-Ride and deviated Fixed Bus Route vehicles for enhanced routing and scheduling. This was invested with Ocean County dollars.

Service Area Details and Feeder Service

Complete the following by Grant:

1. List area you propose to serve in this application by grant.

SCDRTAP:

Ocean County consists of 638 square miles and is comprised of 33 municipalities. Ocean Ride maintains a staggered schedule of employees to cover service hours which include Monday to Friday from 5:00 am to 4:30 pm. Very limited service is provided on Saturdays for Special Trips restricted within Ocean County only, such as the annual Decoy Show in Little Egg Harbor. The northeastern quadrant of the county is the most highly developed, however, each of these municipalities have downtown business districts which vary in size. The largest downtown is Toms River, Lakewood, Brick and the coastal areas which are geared towards the summer seasonal tourists.

Section 5311: (Include the specific municipalities served). *Not Applicable*

2. Provide a list of relevant common sites and key trip generators, including central business districts, major employment centers, shopping centers, hospitals, social service centers and college/universities, apartment complexes, senior complexes. Indicate those that are in your 5311 service area (**Section 5311 subrecipients are required to submit a map of your 5311 service area, if you are operating a deviated fixed routes service please indicate the route on the map**).

Major employers are located in the Lakewood Industrial Park, which is a Urban Enterprise Zone (UEZ). The County has several regional shopping areas; Ocean County Mall located in the county seat of Toms River, Brick Plaza located in Brick Township and Stafford Park in Stafford Township. Also, there is retail concentration in Lakewood, retail and commercial concentration in Stafford and Jackson Townships in addition to more localized individual municipal shopping areas situated along state highway corridors and county roads. Hospitals located in Ocean County are Community Medical Center, Kimball Medical Center, Meridian Health System in Brick and the Southern Ocean Medical Center. There is also a VA clinic in Brick and several rehabilitation centers throughout the County as well. There are numerous long-term care, assisted living facilities and other alternate living facilities. Ocean County is home to three (3) colleges – Ocean County College (OCC) located in Toms River with a satellite campus in Stafford, Georgian Court University, a private college located in Lakewood and Kean University. OCC and Kean University have established a partnership that enables area residents to complete the upper division courses required for certain Kean University undergraduate degree programs and specific graduate programs on the campus of OCC.

Ocean County has many social services centers within the County. The County has established two (2) One-Stop Centers located on Route 9 and 1027 Hooper Avenue in Toms River, which houses the Office of Senior Services, Veterans Services Bureau, Individuals with Disabilities Commission & Human Services, Department of Consumer Affairs, Mental Health Board and the Workforce Investment Board. The County operates a One-Stop Career Center at 1800 Route 9 in Toms River, which provides training and counseling regarding employment opportunities.

3. Does your service extend beyond the required 5 miles outside the county borders?

Yes No

a. What significant trip generators have been identified outside the county borders?

Veterans Transportation Service – Weekday service is provided to various in- and out-of-county Veteran’s Administration medical clinics according to a weekly schedule. This service is offered in collaboration with the Ocean County’s Veteran’s Service Bureau. Transportation is provided to the following Veteran’s Clinics: East Orange, Lyons, Marlton and Philadelphia on a set weekly schedule.

b. Do you provide non-medical out of county trips?

Yes. Limited non-medical service to the following locations:

<i>Howell, NJ</i>	<i>Mondays</i>
<i>Manasquan, NJ</i>	<i>Thursdays</i>

c. Does your agency place any restrictions on out-of-county trips?

Yes. See above schedule for limited non-medical service.

Service Coordination

All service providers must have in place a Coordinated Human Service Transportation Plan (CHSTP) that has been locally developed. The CHSTP may include the intercity bus needs of seniors, people with disabilities, and low income populations. The FTA encourages the inclusion of intercity transportation in the CHSTP.

Provide the following:

1. Date last updated CHSTP: *November 16, 2011*

2. Attach all addendums and/or updates to your CHSTP since 2015.
Attach as NJT Attachment D

3. Please list CHSTP stakeholder 2018 meetings dates, locations and times. Meetings should be scheduled at a minimum of two times a year.

Training

1. Do you provide training for your Administration /Operations staff?
Yes No

If yes, list trainings and recertification requirements.

Training for the upgraded RouteMatch Software Upgrade 6.2.9 Cloud-Hosting Tablets has been given to Ocean Ride Omnibus Operators including Administrative and Operations staff. RouteMach Software has been upgraded for both the "Reserve-A-Ride" program and deviated "Fixed Routes". Along with the software upgrade, the entire fleet has been equipped with on board Tablets. The network and Tablets utilize state-of-the-art Cloud-based hosting.

Administrative and Operations staff will once again participate in "Ride-Along's" in late September to keep up with our core standards, who we serve and how can we improve service for our riders.

2. Do you provide training for your drivers?
Yes No

If yes, please list trainings.

Training for the upgraded RouteMatch Software Upgrade 6.2.9 Cloud-Hosting Tablets has been given to Ocean Ride Omnibus Operators including Administrative and Operations staff. RouteMach Software has been upgraded for both the "Reserve-A-Ride" program and deviated "Fixed Routes". Along with the software upgrade, the entire fleet has been equipped with on board Tablets. The network and Tablets utilize state-of-the-art Cloud-based hosting.

Also throughout the year, Ocean Ride management, Omnibus Operators participate in a variety of training and refresher courses. Key topics include: Blood Borne Pathogens, Hazard Communication Standards, Right to Know, Radiological Instructor, Emergency Worker Self-Protection Training Program, R.E.R.P. (Radiological Emergency Response Planning, Emergency Worker Responder Training Passenger Assistance and Safety Training (PASS).

3. Does your agency have a certified driver trainer on staff or do you outsource your trainings?

We have one Supervising Omnibus Operator that is certified for training staff. On rare occasions, training is outsourced.

2018 Short-Term Program Goals

List at least three goals to improve your system in grant year **2018**. Include Milestones on how you will obtain these goals.

1. **Management Operations** – In an effort to increase operating efficiencies, management will continue to work with RouteMatch in improving the utilization of the scheduling and routing software. Investigate future upgrades and system enhancements to sustain and maximize our service to Ocean County residents.

Seek grant and County capital funds to adhere to the “Ocean Ride Vehicle Replacement Plan”, in an effort to turn over the aging fleet.

Continually evaluate staff practices and policies to streamline workflow and to make the service accessible to our residents.

No new or extended services are anticipated for 2018.

2. **Review Ridership and Trip Demand Trends/Deviated Fixed Route and Reserve-A-Ride** – We will continuously monitor ridership and trip demand trends to effectively maximize resources across the County. Some deviated fixed routes may be combined or replaced. For example, the OC 6 Little Egg Harbor route was re-vamped to include the opening of a Super Walmart in Tuckerton. Additionally, the Barnegat and Waretown Shopper Loops were combed rather than running independently.

3. **Advance Reservation and Stand-By Trip Booking Procedures** – We will continue to refine and streamline both the Advance Reservation and Stand-By Trip booking procedures. Our goal is to simplify the process for our Senior & Disabled residents, thereby making the Ocean Ride service as accessible as possible.

Since opening the booking window for up to 4 weeks in advance notice, it has become a huge success, the demand for trips with one or less week notice, has become a Stand-By Trip. A Stand-by Trip is not a guaranteed ride, but may be granted based on Driver and vehicle availability on the day of service. We will consider ways to improve this process.

SECTION III – BUDGET**Program Budgets**

Complete attached Excel spreadsheets for your grant year **2016 Expenditure** and grant year **2018 projected budgets**. Please make sure to include **ALL** funding sources. You can edit the heading to include funding sources that are not listed.

Close-out funds

Does your agency have carry over funds that will be added into the 2018 SCDRTAP budget? (Please note close-out funds should be added to your 2018 allocation and shown in the attached budget spreadsheet 2018 proposed budget by funding source.

Yes No

If yes, please explain what the carry over funds will be allocated for.

FY 2015 Reprogramming Funds of \$400,000 will be used as follows:

<i>Operating</i>	<i>\$173,200.00</i>
<i>Administrative</i>	<i>\$ 49,800.00</i>
<i>Capital</i>	<i>\$177,000.00</i>
<i>TOTAL</i>	<i>\$400,000.00</i>

Alternative Revenue Total Collected for Calendar Year 2016

1. Is a fare charged to use your 5311 service?
 Yes No Not Applicable
2. Is a fare charged for your SCDRTAP service?

3. Is there a donation policy for your 5311 service?
 Yes No Not Applicable
4. Is there a donation policy to use your SCDRTAP service?
 Yes No
5. Are funds from donations and fares placed in an account for transportation?
 Yes No

If no, explain.

Donations and fares are deposited into a Ocean County general revenue account established by the Ocean County Comptroller/CFO that help fund and support transportation services.

6. Explain how donations/fares are collected.

Fixed Route Fares: Riders place exact change in a secure fare box located in each vehicle of the fixed routes. At the end of the fixed route drivers' shift, the secured fare box is deposited into the Ocean Ride safe immediately after removal from the vehicle. A Fare Box Slip with the drivers name, ID number, date, vehicle and route numbers must be completed and placed in the fare box each day. Drivers do not have access to the contents of the fare box. The Call Center Supervisor has the key to open and count the fares which are held in a safe overnight.

Reserve-A-Rode Billing Procedures:

Client trip data is exported from the RouteMatch database on a monthly basis and transmitted to a 3rd party billing contractor. Monthly invoices are printed, placed in window envelopes, with a return envelope enclosed and mailed to approximately **1,300 to 1,400** clients who had a trip provided by the Ocean Ride system the previous month. The billing data is then updated to a business version of Quick Books maintained by the department staff. Checks and money orders are mailed by the clients and are received by Ocean Ride. Their accounts are then credited in QuickBooks. The checks and money orders are sent to the County Department of Finance within 24 hours upon receipt in accordance with the County's Cash Management Policy.

Donations: A supply of postage paid, pre-addressed envelopes are available in each Reserve-A- Ride vehicle which may be used to send a donation. Checks should be made out to 'Ocean County Treasurer'. Drivers are instructed not to accept envelopes or cash donations. Any cash received through the mail, is returned back to the sender.

SECTION VI - ADDENDUMS

SCDRTAP Maintenance of Effort (MOE) Certification

Excerpt from Guidelines, Description and certification of Maintenance of Effort (MOE)

(a) The purpose of the Senior Citizen and Disabled Resident Transportation Assistance Program is to provide for additional or expanded transportation services to senior citizens and disabled residents. Therefore designated recipients must maintain the same level of funding for senior citizen and transportation services as prior years.

(b) In order to comply with this Maintenance of Effort (MOE) requirement, the application must contain senior citizen and disabled resident transportation non-capital expense data from the past two years prior to the implementation of the Senior Citizen and Disabled Resident Transportation Assistance Program. This data should include non-capital expenditures of the designated recipient and/or applicant and any other agency, group, or groups, which will participate in the coordinated transportation program. Data from groups joining the coordinated system since the implementation of the Senior Citizen and Disabled Resident Transportation Assistance Program must be added to the original year period immediately preceding their joining the coordinated system

Ms. Anna Magri, Director
NJ TRANSIT
Local Programs and Minibus Support
One Penn Plaza East, 4th floor
Newark, New Jersey 07105-2246

Dear Ms. Magri:

The **County of Ocean** is hereby applying for funds under Senior Citizens & Disabled Residents Transportation Assistance Program (SCDRTAP). The approval of this grant will enable public transportation services to be available to the residents who are senior citizens and persons with disabilities in our County. The County of Ocean is requesting \$1,328,260.00 for FY 2018 along with FY 2015 reprogrammed funds of \$400,000. Our Public Hearing was held on June 15, 2017. The application is made available on the Ocean Ride Transportation Homepage website on August 10, 2017.

This application is complete with Freeholder Board Resolution and Public Hearing Transcript. The Board of Chosen Freeholders Board meeting was held August 2, 2017.

As the applicant, the County of Ocean agrees to comply with all regulations and administrative guidance required for application to the Senior Citizens and Disabled Resident Transportation Assistance Program for the program year FY 2018. We affirm the truthfulness and accuracy of the information it has made in the statements submitted herein and any other submission made to NJ TRANSIT. In signing this document, I declare the foregoing information and any other statement made on behalf of the Applicant are true and correct.

To my knowledge, all information provided in support of this application is true and correct. If you have questions or require additional information, please contact me at the Ocean County Department of Transportation Services at 732.736.8989, ext. #5924.

Sincerely,

David L. Fitzgerald

(Date)

(Name of Applicant)

(Address of Applicant)

To Whom It May Concern:

This communication will serve as the requisite opinion of counsel to be filed with NJ TRANSIT in connection with the application of Name of Applicant for financial assistance pursuant to the provisions of Section 5311 of the Federal Transit Act, as amended for administration, capital, and operating assistance project(s). The legal authority for Name of Applicant's ability to carry out administration, capital and/or operating assistance projects directly, by lease, contract, or otherwise is set forth below:

Name of Applicant is authorized to provide and assist public transportation by acquisition, construction and operation of existing or additional transit facilities. This assistance may be provided directly or by agreements with other parties.

The authority of Name of Applicant to provide funds for the local share of the project is set forth in (cite source and provide a copy of, for example, of the local ordinance passed by County Board of Chosen Freeholders or other governing body authorizing funding for the local share, if applicable).

I have reviewed the pertinent Federal State and local laws, and I am of the opinion that there is no legal impediment to making application for Section 5311 assistance. Furthermore, as a result of my examination, I find that there is no pending or threatened litigation or other action, which might in any way adversely affect the proposed project in the program or the ability of Name of Applicant to carry out such projects in the program.

Sincerely,

Legal Counsel

Rolling Stock

Only fill Table 17 if you are purchasing rolling stock under the Section 5311 grant.

Not Applicable

If you are applying for rolling stock your Section 5311 contract will be reduced for the cost of the vehicle (s). NJ TRANSIT purchases all rolling stock on behalf of our FTA subrecipients. In addition there is a required local match of 10% for capital purchases. The subrecipient is given a choice at time of vehicle purchase to pay the 10% local match either by: 1) being invoiced by NJ TRANSIT for the 10% match or 2) if subrecipient receives SCDRTAP funds we will reduce by budget modification your SCDRTAP contract at time of purchase by an amount equal to the 10% cost of vehicle.

Special Section 5333(b)

The attached Special Warranty and the procedures incorporated therein represent the understandings of the Department of Labor and the Department of Transportation with respect to the formula Grant Program for Areas Other Than Urbanized Areas (C.F.R. U.S.C. Section 5311)

The Department of Transportation will make this Special Warranty a part of the contract of assistance between the U. S. Department of Transportation and each state agency designated to receive and administer funds under Section 5311 of the Urban Mass Transportation Act of 1964, as amended.

The Secretary of Labor has found that the terms and conditions of the Special Warranty meet the requirements of Section 5333(b) of the Urban Mass Transportation Act of 1964, as amended. Accordingly, the Secretary of Labor hereby makes the certification that inclusion of these terms and conditions in formula grant contract for small urban and rural program grants meets the requirements of Section 5311 of the Urban Mass Transportation Act of 1964, as amended.

A. General Application

The Public Body (A) agrees that, in the absence of waiver by the Department of Labor, the terms and conditions of this warranty, as set forth below, shall apply for the protection of the transportation related employees of any employer providing transportation services assisted by the Project (Recipient), and the transportation related employees of any other surface public transportation providers in the transportation service area of the project.

The Public Body shall provide to the Department of Labor and maintain at all times during the Project an accurate, up-to-date listing of all existing transportation providers which are eligible Recipients of transportation assistance funded by the Project, in the transportation service area of the Project, and any labor organizations representing the employees of such providers.

Certification by the Public Body to the Department of Labor that the designated Recipients have indicated in writing acceptance of the terms and conditions of the warranty arrangement will be sufficient to permit the flow of Section 5311 funding in the absence of a finding of non-compliance by the Department of Labor.

B. Standard Terms and Conditions

The Project shall be carried out in such a manner and upon such terms and conditions as will not adversely affect employees of the Recipient and of any other surface public transportation provider in the transportation service area of the Project. It shall be an obligation of the Recipient and any other legally responsible party designated by the Public Body to assure that any and all transportation services assisted by the Project are contracted for and operated in such a manner that they do not impair the rights and interest of affected employees. The term a Project, as used herein, shall not be limited to the particular facility, service, or operation assisted by Federal funds, but shall include any changes, whether organizational, operational, technological, or otherwise, which are a result of the assistance provided. The phrase "as a result of the Project," shall when used in this arrangement, include events related to the Project occurring in anticipation of, during, and subsequent to the Project and any program of efficiencies or economies related thereto; provided, however, that volume rises and falls of business, or changes in volume and character of employment brought about by causes other than the Project (including any economies or efficiencies unrelated to the Project) are not within the purview of this arrangement.

An employee covered by this arrangement, who is not dismissed, displaced or otherwise worsened in his position with regard to his employment as a result of the Project, but who is dismissed, displaced or otherwise worsened solely because of the total or partial termination of the Project, discontinuance of Project services, or exhaustion of Project funding shall not be deemed eligible for a dismissal or displacement allowance within the meaning of paragraphs (6) and (7) of the Model agreement or applicable provisions of substitute comparable arrangements.

(a) Where employees of a Recipient are represented for collective bargaining purposes, all Project services provided by that Recipient shall be provided under an in accordance with any collective

bargaining agreement applicable to such employees which is then in effect.

- (b) The Recipient or legally responsible party shall provide to all affected employees sixty (60) days notice of intended actions which may result in displacements or dismissal or rearrangements of the working forces. In the case of employees represent by a union, such notice shall be provided by certified mail through their representatives. The notice shall contain a full and adequate statement of the proposed changes, and an estimate of the number of employees affected by the intended changes, and the number and classifications of any jobs in the Recipient=s employment available to be filled by such affected employees
- (c) The procedures of this subparagraph shall apply to cases where notices involve employees represented by a union for collective bargaining purposes. At the request of either the Recipient or the representatives of such employees' negotiations for the purposes of reaching agreement with respect to the application of the terms and conditions of this arrangement shall commence immediately. If no agreement is reached within twenty (20) days from the commencement of negotiations, any party to the dispute may submit the paragraph (4) of this warranty. The foregoing procedures shall be complied with and carried out prior to the institution of the intended action.

For the purpose of providing the statutory required protections including those specifically mandated by Section 5333(b) of the Act, the Public Body will assure as a condition of the release of funds that the Recipient agrees to be bound by the terms and conditions of the National (Model) Section 5333(b) Agreement executed July 23, 1975, identified below², provided that other comparable agreements may be substituted therefore, if approved by the Secretary of Labor and certified for inclusion in these conditions.

Any dispute or controversy arising regarding the application, interpretation, or enforcement of any of the provisions of this arrangement which cannot be settled by and between the parties at interest within thirty (3) days after the dispute or controversy first arises, may be referred by any such party to any final and binding disputes settlement procedure acceptable to the parties, or in the event they cannot agree upon such procedure, to the Department of Labor or an impartial third party designated by the Department of Labor for final and binding determination. The compensation and expenses of the impartial third party, and any other jointly incurred expenses shall be borne equally by the parties to the proceeding and all other expenses shall be paid by the party incurring them.

In the event of any dispute as to whether or not a particular employee was affected by the Project, it shall be his obligation to identify the Project and specify the pertinent facts of the Project relied upon. It shall then be the burden of either the Recipient or other party legally responsible for the application of these conditions to prove that factors other than the Project affected the employees. The claiming employee shall prevail if it is established that the Project had an effect upon the employee even if other factors may also have affected the employee.

The Recipient or other legally responsible party designated by the Public Body will be financially responsible for the application of these conditions and will make the necessary arrangements so that any employee covered by these arrangements, or the union representative of such employee, may file claim of violation of these arrangements with the Recipient within sixty (60) days of the date he is terminated or laid off as a result of the Project, or within eighteen (5311) months of the date his position with respect to his employment is otherwise worsened as a result of the Project. In the latter case, if the events giving rise to the claim have occurred over an extended period, the 18-month limitation shall be measured from the last such event. No benefits shall be payable for any period prior to six (6) months from the date of the filing of any claim.

Nothing in this arrangement shall be construed as depriving any employee of any rights or benefits which such employee may have under existing employment or collective bargaining agreements, nor shall this arrangement be deemed a waiver of any rights of any union or of any represented employee derived from any other agreement or provision of federal, state or local law.

In the event any employee covered by these arrangements is terminated or laid off as a result of the Project, he shall be granted priority of employment or reemployment to fill any vacant position within the control of the Recipient for which he is, or by training or retraining within a reasonable period can become qualified. In the event training or retraining is required by such employment or reemployment, the Recipient or other legally responsible party designated by the Public Body shall

provide, or provide for, such training or retraining at no cost to the employee.

The Recipient will post, in a prominent and accessible place, a notice stating that the Recipient has received federal assistance under the Urban Mass Transportation Act and has agreed to comply with the provisions of Section 5333(b) of the Act. This notice shall also specify the terms and conditions set forth herein for the protection of employees. The Recipient shall maintain and keep on file all relevant books and records in sufficient details as to provide the basic information necessary to the proper application, administration, and enforcement of these arrangements and to the proper determination of any claims arising thereunder.

Any labor organization which is the collective bargaining representative of employees covered by these arrangements, may become a party to these arrangements by serving written notice of its desire to do so upon the Recipient and the Department of Labor. In the event of any disagreement that such labor organization represents covered employees, or is otherwise eligible to become a party to these arrangements, as applied to the Project, the dispute as to whether such organization shall participate shall be determined by the Secretary of Labor.

In the event the Project is approved for assistance under the Act, the foregoing terms and conditions shall be made part of the contract of assistance between the federal government and the Public Body or Recipient of federal funds; provided, however, that this arrangement shall not merge into the contract of assistance, but shall be independently binding and enforceable by and upon the parties thereto, and by any covered employee or his representative, in accordance with its terms, nor shall any other employee protective agreement merge into this arrangement, but each shall be independently binding and enforceable by and upon the parties thereto, in accordance with its terms.

C. Waiver

As a part of the grant approval process, either the recipient or other legally responsible party designated by the Public Body may in writing seek from the Secretary of Labor a waiver of the statutory required protections. The Secretary will waive these protections in cases, where at the time of the requested waivers, the Secretary determines that there are no employees of the Recipient or of any other surface public transportation providers in the transportation services area who could be potentially affected by the Project. A 30-day notice of proposed waiver will be given by the Department of Labor and in the absence of timely objection; the waiver will become final at the end of the 30-day notice period. In the event of timely objection, the Department of Labor will review the matter and determine whether a waiver shall be granted. In the absence of waiver, these protections shall apply to the Project.

SECTION VIII FTA SECTION 5311 INNOVATION GRANT

Purpose

The FTA Section 5311 Innovation Grant is a designation of a portion of unused **funding allocated to Section 5311 eligible counties** which is made available to these counties on a competitive application basis. The objective is to provide funding to promote integration of community transit services and NJ Transit bus and rail services in rural counties.

Grant Qualification Criteria

Project applications must meet the following standards in order to be eligible for competitive review:

1. Project must provide a **direct connection with an existing NJ Transit bus, private fixed route bus or rail service** either within or in a contiguous county
2. Route must serve residential origins **within the Census defined rural area**
3. The service must consist of a **deviated fixed route service with a service frequency of 60 minutes or less** during either peak or off-peak periods
4. Service must be provided on a **minimum of five days per week**
5. The proposed service may be **either a new service or an expansion of service span or frequency of an existing service** that provides direct connections to a rail station or an established bus route at either a route endpoint or key bus stop or station.
6. Submit a marketing plan which includes a commitment to provide a bus timetable that includes at minimum key time-points, a map with a designation of those key time-points, pickup/drop-off points, fare information, and connecting transit bus and rail services. The proposer must also provide a plan for a timetable distribution program including key residential, commercial and employment locations served and the proposed mode of ensuring that bus timetables are supplied and available to potential customers.
7. Proposed service operator must demonstrate the ability to meet operating requirements including but not limited to:
 - Meeting New Jersey Motor Vehicle Commission (NJMVC) requirements for operating authority and vehicle inspections if charging a fare
 - Demonstrate a vehicle fleet sufficient to meet the peak vehicle requirement for the service with a minimum 15% spare ratio in order to ensure that the daily peak vehicle requirement is met

Funding Requirements

Funding may be used only for direct operating expenses for the provision of vehicle services including driver salary and benefits, fuel, vehicle parts and maintenance labor or the cost of contract operated service.

Funding may NOT be used to cover operating expenses including operations management, dispatch and training. It is assumed that the existing system will be able to provide these direct operating support services within the context of the existing service or through other grant funding sources.

The applicant must demonstrate the financial capability to provide the required **25%** match which must be used in combination with the NJ Transit 25% match to support half of the direct operating expenses for the proposed service. Once approved projects have been Identified Resolutions will be requested.

A maximum of \$200,000.00 (including match) will be made available to a single project.

Factors Supporting Proposed Section 5311 Innovation Grant Route Proposal

A. Percentage of low-income individuals (150% of poverty level) in project service area:

- 0 – 20% _____
- 21 – 40 % _____
- 41 – 60% _____
- 61 – 80% _____
- 81 – 100% _____

B. Percentage of zero-car and one auto households in project service area:

- 0 – 10% _____
- 11 – 20 % _____
- 21 – 40% _____
- Over 41% _____

C. Characteristics of proposed route deviation bus service (Check one)

- Proposed route is a new route deviation service
- Proposed route is an expansion of an existing route deviation service
- Proposed route serves at least one shopping center or village shopping area
- Proposed route serves at least one congregate (multi-family) residential building or apartment complex

D. Connection to Traditional Transit (Check all that apply)

- Connection provided to an existing NJT Rail, Bus or Private bus station/stop
- Connection provided during Peak Period (defined as 6-9 AM and 4-7 PM)
- Connection provided during Off-Peak period
- Connection provided to hub with three or more rail lines and/or bus routes

E. The service must meet a minimum threshold of three (3) passenger trips per revenue hour at the end of the initial service period (first year) and four (4.0) passenger trips per revenue hour for years thereafter. Services not meeting the minimum operating standard will not be eligible for continued funding in the next year. If funding is available subrecipients may continue to apply for the same project for up to five (5) years from the service start date. By year five (5) innovative projects should be self-sustaining.

If you are applying for continuation of an existing Section 5311 innovation project provide the number of passenger trips per revenue hour that your service is generating.

_____per revenue hour

Project Description

Describe the parameters of your current and/or proposed route: (Include start date of current innovative project.)

How many vehicles will be used to operate this service?

Please note: If you are charging a mandatory fare you must meet New Jersey Motor Vehicle Commission (NJMVC) requirements for operating authority and vehicle inspections

Please describe your Marketing plan for this project:

Submit a marketing plan which includes a commitment to provide a bus timetable that includes at minimum key time-points, a map with a designation of those key time-points, pickup/drop-off points, fare information, and connecting transit bus and rail services.

Timetables must also include Route Deviation Policy, Nondiscrimination Policy, and Reasonable Accommodation Policy.

The proposer must also provide a plan for a timetable distribution program including key residential, commercial and employment locations served and the proposed mode of ensuring that bus timetables are supplied and available to potential customers.

Route Description

Provide Turn by Turn route description:

Provide a Map highlighting the route **(Attach as Attachment T)**

Identify bus/rail or light rail service connection points along the route:

Span of Service

Provide a schedule identifying time points and trip times:

Number of Operating Days

Days and hours of operation of operations

Number of Projected Daily Revenue Hours for each bus operated per day from route starting point to route ending point, not including deadhead from and to garage.

Projected Operating Budget (include match from subrecipient and NJT in your budget)

The applicant must demonstrate the financial capability to provide the required 25% match which must be used in combination with the NJ Transit 25% match to support half of the direct operating expenses for the proposed service. Once approved projects have been Identified Resolutions will be requested.

A maximum of \$200,000.00 (including match) will be made available to a single project.
