Of the 518,000 tons disposed in 2015 at the Ocean County Landfill costing Ocean County municipalities over \$39 MILLION in tipping fees, 55% was organic, which consisted of 27% fiber (paper/paperboard products), 28% food waste and yard trimmings; and the remainder consisted of 15% plastic; 9% metal; 5% glass; 16% other. On a positive note, Ocean County municipalities recycled over 551,000 tons amounting to a savings of over \$42 million in landfill fees. For every ton of mixed paper recycled, it can save the energy equivalent of 165 gallons of gasoline.
