# Clean Communities Reports

# Statistical Report

The Clean Communities Act requires municipalities and counties receiving Clean Communities grants to submit a Statistical Report by June 30 of each year.

The Clean Communities Council is authorized by the state to collect reports and maintain a record of all submissions. These submissions are used to generate our Annual Report to the Governor. The Clean Communities Council also uses the reports to address questions from constituents about the proper use of grant funds.

Statistical Reports must be submitted in electronic format by using the link below. Hand-written reports are not accepted.

- [Click Here to File Your Statistical Report](#)
- [Click here for the Statistical Report Guidance Document](#)

*This link can also be used to look up previous reports (report number is required\*).*

Questions on the statistical report should be directed to Karen Magnanao at [kmagnanao@njclean.org](mailto:kmagnanao@njclean.org).

\*Please check with Karen or your County Coordinator for report numbers.
