1. 2022 County Budget and Accompanying Resolutions.

RESULT	ADOPTED	Official Resolution #: 2022000315

DIRECTOR KELLY: "And before we do that, we'll just talk about the 2022 County Budget. For the 6th year in a row this budget will reduce the County tax rate this year by one cent. That is the lowest the county tax rate has been in 9 years at 32.2 cents.

The budget totals just under \$480 million and of course is within the state 2 percent cap. The ratable base has increased to \$120 billion which is what allows us to reduce the county tax rate. That number of \$120 billion is very important because it means that we have now restored the full county ratable tax base to what it was prior to the 2009 economic downturn and the devastation from Superstorm Sandy in 2012. The Board made a pledge at that time to reduce the county tax rate as the ratable base increased and today we have kept that promise.

The budget funds all essential county services and we'll see that in just a minute.

We anticipate the new spending plan will maintain the county's AAA bond rating which is very, very important. The amount to be raised by taxes is \$387,360,543.00 and that includes \$38.5 million from our surplus. Capital projects total \$106 million, including a \$25 million allotment for 'pay-as-you-grow' capital improvements. In other words, cash monies that will pay that we won't have to borrow the money for. So it is cash rather than bonds.

Some of the highlights of the 2022 Budget are:

- Ocean County College: \$16.6 million.
- Vo-Tech Schools: \$20.7 million.
- Law and Public Safety: \$78.4 million.
- Veterans: \$694,000.00
- Senior Services: \$4.1 million.
- Road improvements: \$24 million
- Social Services: \$19.3 million.
- Parks and Recreations: \$8 million.
- Transportation (Ocean Ride) \$3.5 million

There is a public hearing on this budget scheduled for Wednesday, April 6th in this room at 4:00 pm. And the entire budget will be available online tomorrow."

CLERK GUNTHER: "I have a statement to read into the record.

This is the Annual Budget of the County of Ocean for the Fiscal Year 2022.

Be it resolved, that the following statements of revenue and appropriations shall constitute the County Budget for the year 2022:

Be it further resolved, that said Budget be published in the Asbury Park Press in the issue of March 16, 2022.

The Board of County Commissioners of the County of Ocean does hereby approve the following as the Budget for the year 2022:

Total Appropriations	\$479,916,286.00
Less: Anticipated Revenues other than Current Property Tax	\$92,555,743.00
Difference: Amount to be raised by Taxes – County Purpose Tax	\$387,360,543.00

DIRECTOR KELLY: "Thank you. And you want me to do the Board comments before you read the final notice right? If that's the way I read that."

CLERK GUNTHER: "Yes."

DIRECTOR KELLY: "Okay. So I'll accept comments from members of the Board. I'll start with Gary Quinn who was the co-author of the budget."

COMMISSIONER QUINN: "Thank you Director. I think the Director kind of went over everything that's important that people know what is going to be in the budget. This Board, not only the last couple of years that I've been on the Board but many years before that under the guidance of John Bartlett as well as the other Freeholders that were here at the time, did make a commitment which I think the Director said. And it's been an honor to me to be able to carry

forward that commitment that was made and continue to provide all of the services and everything to the residents of Ocean County that they have been doing for so many years keeping in mind how important it is to be fiscally responsible in doing so. And I think this year having a reduction in the tax rate by an entire penny as opposed to half a penny like we've been doing for the last four years certainly shows that the Board is keeping things where they should be and I think when we move forward we will be in very good shape.

Our tax base is continuing to rise. We're very happy to see that. But at the same time we are going to be very cautious as to how we proceed in the future because we've had a real boom in Ocean County over the last couple of years with COVID, but at a certain point in time things are going to turn around, things are going to change for the county as well as for every place else throughout the country.

So I think it's been great. I think Commissioner Kelly has done a great job. Julie, Carl, Mike – everybody that's been involved in the process has really stepped up and put the residents of Ocean County first and I'm very proud of that. So I thank everyone involved and I look forward to having a public presentation in April. Thank you Director."

DIRECTOR KELLY: "Thank you Commissioner. I'll just add to what you said, the fact that all five members of this Board of Commissioners have been very involved in this year's budget and I thank everybody for their help. Commissioner Haines."

DEPUTY DIRECTOR HAINES: "Thank you Mr. Director. I echo your comments and of course yours Commissioner (Quinn) because it's important to us here as Commissioners for the people of Ocean County that we continue to provide the services that are so important to our seniors, that are for our students, for those that are going to the college and for everything, our Ocean Ride – all the things that are really important to the people of Ocean County. And I can't thank enough Julie and her staff and of course Carl and Mike for the work that's been put into it and of course the Department Heads because they have to look at the budget and really look at it to make sure that what they're going to be giving to the Comptroller and to the Administrator and of course Commissioners Kelly and Quinn, you know, the items that are really going to be necessary. Of course we are under a cap under certain things so it's important that we maintain it, but also to continue to give the services that are so needed for the people of Ocean County. And I just can't thank them enough. Thank you."

DIRECTOR KELLY: "Commissioner Vicari."

COMMISSIONER VICARI: "Yes, if I may. Just similar to what I said at the last meeting. This budget is a living document. We can't predict the future. We don't know what is going to happen. We know the economy has ups and downs. We know that we had the superstorm and the growing pains over my 41 years. We have good times, but we also have bad times as Commissioner Quinn mentioned before. And when you think long-term, you have to think of the bad times too.

The ratable base is high – there's no question about it. It's going up very, very high. Historically, it's probably the best we've ever seen probably since the beginning of 1850 in the County of Ocean with buildings going up. Basically it is the waterfront property. 44 miles of coastline, the Barnegat Bay – it's going up.

But there are other things that we have to consider too. Before the meeting I met with the Tourism Business Advisory Board. And what about the year and a half, two years down the road? You know what they're looking at? Right now today there are 825 houses for sale in all of Ocean County. The banking industry, they're looking at foreclosures. You say, well why are they looking at foreclosures? Because people that have the inside wisdom, they know, that eventually there could be a question as far as property values. So far we are very, very lucky.

Another issue with the budget that we're looking at is inflation. Every time you turn on the TV, not only the United States but throughout the global economy, inflation is taking roots. A big problem that we have right now, when I met with the Tourism Advisory Board and business leaders throughout the county, is what are we going to do to get ready for the summertime. 98% of all of our businesses are small businesses. And you know what it is? One thing. Housing for working people that produce. There is no housing for them. And when I say that, what are we talking about? It's nurses, mechanics, police officers, teachers and the list goes on and on and on.

We met with Senior Services for an example, home health aide workers - can't get them. They're raising the salaries. There are young people that do not want to go into those professions. So all of those things have to be taken into consideration when you do a budget because again, it's not just one year. As our Director mentioned before at the last meeting, we're looking three years down the road at what is going to happen. Do we have a safety net? Do we have a cushion? What about the surplus? And many times people said, 'Spend all the surplus. If the tax can go down a penny, make it a nickel.' Well, you could do that for one year and then you know what's going to happen. It's all going to fall apart. It's a house of cards. You just can't do those things. So those things are very, very important.

Our buildings I mentioned before, Buildings and Grounds – 135 buildings – and we have to make sure we maintain them. Upgrade as far as what? LED lighting, the electric, the utilities, property. We want to make the bills go down. We don't want them to go up. We don't want to increase them. Just like when we do the Library budget later on and Susan Quinn is here. We have 70 people less today working. 70 people less than two years ago. The operational expenses are less. The administration cost is less. But the efficiency is higher. So what we try to do is not only cut costs, bring up the efficiency and also maintain the taxes. But in Ocean County we are very lucky with one thing, I think it's we have the volunteer fire and first aid. When people look at the tax rate and what they pay – the bottom line – it's not just county taxes, they look at the local taxes as far as the 33 local towns. They look at the school taxes.

They look at the vocational school, especially in the vocational school, we have taken a lot of the burden off of the local school districts. 25 years ago the Board said, you know something? We will pay and proudly the highest percentage in the State of New Jersey. Why? Because it saves with more efficiencies and more economies what people pay for vocational training and special needs training. No one has done that in not only I would say in New Jersey, but probably the northeast United States. And some of our apprentice programs are probably one of the best in the United States. Those are programs that are very, very important to us.

And as we mentioned before at the last meeting, we are one of the few counties with a county-system of libraries. We are getting a brand new library in Stafford Township with the economies of changing from the old one to the new one, but we're doing really well as far as with state grants where the state is paying more than its fair share.

So again, not to belay the point but remember in Ocean County the land is 10%. Ocean County is a big county. It's the roads, it's the drainage, it's all of the infrastructure that goes with that. We complain all the time and I'm not going to do it again with the state roads. We're not getting enough money from the state and federal governments all the time. And we mention the roads like Route 9 continuously. But we're going to live like that if we have to, but we're going to make those accommodations to make sure that we can keep up with it, that people can get to work. People come to Ocean County during the summertime when our population goes from 650,000 to 103 million people.

So again, we're looking for a good year. We do have many challenges. There's no question about it. But there are many good things because we have good people working for the county. We have many people here historically like Julie Tarrant who I rely on many times. She has more time in than me. But historically she knows that not only the good times, but we know the bad times that have taken place and we want to make sure we are prepared because we do not want to cut the services.

My biggest concern this year and for the next two years, til 2024, is food for our senior citizens. Hunger is a terrible thing. And we always made this for as long as I can remember with every member that sat here as a Freeholder or a Commissioner that we don't want to see our seniors go hungry. One day in the hospital, we can feed them for one full year. And that's why this Board continuously has given more and more money to our seniors. We get state money and we get federal money, but most of the money comes from you – the taxpayers of Ocean County. Because no one will go hungry. It's going to get tough over the next two years. This year is not going to be a problem. But as Maria LaFace and I, and we sat down two days ago with our staff members, as the population gets older and inflation gets up there, again more and more seniors are losing money because of Social Security. It can't keep up with inflation. It's not going to keep up with inflation. Let's be honest. They're losing a lot of money in their estates. Why? It's going down to nothing – the money they saved 30 years ago is not what it is worth today. Our seniors are very, very generous to their children and to their grandchildren. They go hungry sometimes and I've seen it myself when I was a teacher and superintendent. They give things to their grandchildren. And that's what is so important to us. Our senior citizens that made sacrifices. Not only the 'greatest generation', they have taken care of their children and their children's children. And we will never, never let them go hungry with our programs. And we have a couple of more alternatives that we are going to be talking about over the next several months. Thank you Mr. Director."

DIRECTOR KELLY: "Thank you Commissioner. Commissioner Crea."

COMMISSIONER CREA: "Thank you Mr. Director. When I first began here, one of the first giant tasks I had of course was putting together a budget. And as I sat back and I began to work on it I began to think about how you can provide services to so many people and yet continue to keep the tax rate as reasonable as it is. And my every amount of gratitude goes out to the people and the department heads because your hard work and effort has made this possible. Julie, thank you very much for your work. I want to thank all my Commissioners for their work and their input and I just want to say thank you very much. It was a pleasure working with all of you and I look forward to this budget passing. Thank you."

DIRECTOR KELLY: "Thank you very much Commissioner. And now I ask for a motion from the Board to Introduce the 2022 County Budget and accompanying resolutions."

On motion made by Commissioner Vicari, seconded by Commissioner Crea, the 2022 County Budget and Accompanying Resolutions were Introduced on first reading.

COMMISSIONER VICARI: "Yes, just briefly on number 2 – the Library System of \$37,301,186.00. I just want to say briefly that Susan Quinn and her staff did an excellent job as I mentioned before. 70 less people working in the library, increased efficiency, getting ready to build a new library totally in Stafford Township. But I just want to express one thing that during COVID-19 we served the people and it’s the attitude of the people that work for us who do a great job. People go in there sometimes down and depressed, looking for information, and it’s uplifting sometimes. So I just want to thank your staff for going above and beyond for the library system and also those that are (library) commissioners on the board. Thank you."

W. COMMISSIONER COMMENTS

At 4:21 PM, Director Kelly received the following comments from members of the Board:

DIRECTOR KELLY: "Now do we have any Commissioner comments? We'll start with Commissioner Quinn."

COMMISSIONER QUINN: "Thank you Director. Just briefly, not necessarily dealing with the county business but I just want to acknowledge for those of you that are not aware, Lacey Township's Mayor Nick Juliano passed away early yesterday morning. And he was somebody that not only was a good friend and a great leader in our town down in Lacey, but also somebody that really did a tremendous amount working with us up here at the county and served and over-served the people of his town as well as the rest of the folks in Ocean County extremely well. Nicky was very healthy like six months ago and unfortunately he came down with cancer and went very quickly. So please keep the family in your thoughts and prayers.

Further I just want to also ask everyone to please remember in your thoughts and prayers what is going on in Ukraine right now. We are very fortunate here living in the United States with the freedoms that we have and the ability to take and live the lives that we live. But there are other people in this world that are not in that position right now and there is not a lot we can do as human beings ourselves, but you can certainly pray for those people and hope to God that this thing comes to a good ending and a quick ending, as quick as possible. That's all the comments I have. Thank you."

DIRECTOR KELLY: "Thank you Commissioner. Commissioner Haines."

DEPUTY DIRECTOR HAINES: "Thank you Mr. Director. I also want to give my prayers to the Juliano family. Nick was an exceptional individual, just always giving to others and never worrying about himself. Of course, my prayers are with Peggy and his children.

And also to remember those in the Ukraine. My nephew happens to be married to a woman that came from the Ukraine who became an American citizen because she loved America that much. And her daughter and granddaughter are living here. But I know some of the things that they had to suffer while they were in the Ukraine many years ago. So it wasn't easy for many of them. But I know there are many people from America and Canada and other countries that are going there to try to help them, do what they can, because of what Putin is doing right now. He just wants to take back this country that was given its freedom because if you listen to the news they did say on the news that they want to keep their democracy. They want to keep free. And that's not what Putin wants to do. So we are very fortunate here in the United States to be a free country and we want to continue to be free. But we also have to make sure there are other countries around this world that also want to be free. So just remember all of those people – the people who are fighting, the men and women and the young children, the much older men because all of the other men are going back. They're taking their wives and children to a safe place and then they're going back to fight for their country. So it really means a lot to them – the freedoms that we have and that maybe some of us take for granted. But they're out there and they're fighting for it because hopefully they'll be able to defeat Putin and all the things that he is trying to do to this country and the lies that he is spreading. Of course he has been in hiding for about the last six months, but he tried to have the President of Ukraine assassinated. But fortunately they were unable to do that. Because this is a gentleman that is standing by his country trying to fight and so are all of the other people that are there, trying to do it because they like democracy which we have been so fortunate to have. Thank you."

DIRECTOR KELLY: "Thank you for your comments. Commissioner Vicari."

COMMISSIONER VICARI: "I just want to mention briefly about the Ukraine. And I remember them growing up. And we have to think about not only what is taking place today, but the history of what the Ukrainian people went through. I remember when I was growing up one of our neighbors that lived next to me and they would sit on the fire escape and the windows were open and the lady was in the prison camps in that area when she lived there because of her background or whatever. But her children were killed and family members. I remember certain nights, it's not a nice thing to say but my family used to talk about this when it was hot or whatever and she would go by the window and she would cry continuously for hours about the tragedies that were caused for her family in prison camps.

So not only did the Ukrainians have to live through difficult times with the Nazis during World War II and later on with the Russians, the Soviet Union. But they're trying to put their lives back together again – third generation-wise. Now to go through this again for one thing – freedom and peace. That's all they're looking for. Like all of us in this room today want what? The best for our families. To live in peace. To live with our families. They don't want materialistic things. They want things right from the heart. The people of Ukraine, if you look at their history, go back, it's a terrible, terrible thing. And that's not only in the United States but all NATO countries. The first time since World War II. All 30 countries are united in doing one thing. It has to stop.

I remember going back, John Bartlett was a history teacher and Gerry Little, and we were talking about – it was 2008 or 2014, whatever it was – Neville Chamberlain. And they gave a long, long talk about that. Peace in our time – the Munich Agreement. When we said to the world and Germany agreed that they would not invade another country. What happened? We know what happened. Go back to Chamberlain and the United States and World War II and they invaded Poland. So when you start talking about peace in our time remember one thing, appeasement and that's what it is all about. How far does appeasement go? How far does a peaceful coexistence go? And we know what is happening in the United States right now. Fortunately we have some great leaders.

If you look at certain doctrines – let's go back to the Truman Doctrine – very, very important. The Eisenhower Doctrine. All of those things are building up to what we're doing right now to protect freedom and democracy throughout the world. And we had leaders at that time. Secretary of State, from memory and again I remember from watching TV, Dean Acheson I think was his name. Then we had John Foster Dulles – great people, different philosophies. George Kennan was another one – Policy of Containment. So if you look at what's taking place, go on a search, look at the history of what this is leading up to and the obligation that free people have to do like the United States, 29 other allies, and even countries that were neutral for many years like Switzerland. They would never get involved in anything and now they're saying this is a very, very serious problem to protect the integrity of good people. The Ukrainian people are good people.

And they're taking this country. Remember what happened in Georgia. The country of Georgia, that's what the Freeholders used to talk about, the Crimean areas and the rest of them. It's one after the other like the domino theory, the domino effect that is going to take place. So I support the United States. I support what we're doing. And I just hope that this tragedy ends. And remember, there are young people – men and women there and children – and all they want is the same thing that you have when you leave here. Go home, have dinner with your family, live in your house, and live in peace and tranquility and one thing, worry about tomorrow. You know when you wake up you're going to be in your house. You're going to be safe. Other people in the world like those in Ukraine will not experience the same fortunate life that we have in our great country. And it's because people make the sacrifice, those people that are in the military, people that work for government agencies, people that believe in what America represents and are willing to speak up and stand firmly and say enough is enough, let's take a stand. Thank you.”

DIRECTOR KELLY: "Thank you. Commissioner Crea.”

COMMISSIONER CREA: "I would like to take a moment just to remember the great people of Ukraine and take a moment to just remember the great Mayor of Lacey Township, Nick Juliano. May he rest in peace. Thank you.”

DIRECTOR KELLY: "Thank you. And I'd like to send my personal condolences to the family of Nick Juliano and my prayers for Nick Juliano. And also we should all be praying for the people of the Ukraine with this vicious leader of Russia who has no problem with going right into civilian areas and bombing the civilians. That is terrible to see the young kids and the babies who are impacted by this vicious, vicious person. And he will meet his maker one day.

Okay, that concludes the remarks from the Board.”

X. **PUBLIC COMMENTS - "Comments from members of the audience are invited at this time with a limit of five (5) minutes per speaker."**

At 4:30 PM, Director Kelly opened the meeting to receive comments from members of the public:

DIRECTOR KELLY: "Is there any member of the public who would like to address the Board at this time? We just ask that you keep ...yes, ma'am...just ask that you identify yourself by name and keep your comments to a limit of five minutes and I thank you.”

REGINA DISCENZA, SUNSET DRIVE, LACEY TOWNSHIP: “I have some questions and then a comment. Who does Mr. Billhimer report to? The county or the state? Because I know he stayed appointed, but he's the County Prosecutor.”

DIRECTOR KELLY: "The State Attorney General.”

REGINA DISCENZA: “He reports to the Attorney General's Office. All right. Well then I'll just continue this them. But who funds his actual office, county taxes?”

DIRECTOR KELLY: "County core service.”

REGINA DISCENZA: “The County.”

DIRECTOR KELLY: "Yes.”

REGINA DISCENZA: "Okay. I went there about a month ago to try to make an appointment with Mr. Billhimer. I rang the doorbell and I was told, 'We're not open to the public. Call back tomorrow.' So 8 weeks later I'm still calling. And I really took exception to the fact that their door is still locked and they're not letting anyone in there. Okay?"

So after 8 weeks, I have been calling to offer testimony – eye witness testimony – on an alleged pending complaint that Mr. Billhimer is sitting on. He has failed to return any of my calls and I have not been able to get an appointment to see him. His secretary and I are becoming new friends. I would like to know if someone here could please ask Mr. Billhimer to make a decision about the disorderly no-mask charges that have been levied against Lacey Board Member Sal Armato. The complaint was made on January 7th by the Lacey School Board President and former Toms River Police Officer Frank Palino. Someone needs to make a decision.

First of all, that complaint should have never even made it in to the County Prosecutor's Office. Somebody has got to make a decision – 8 weeks! That is not an issue that even belongs in the Prosecutor's Office and I'm very disappointed that Mr. Billhimer is sitting on that for 8 weeks. Thank you."

DIRECTOR KELLY: "Thank you. Do you want to address that?"

COMMISSIONER QUINN: "Yes, if I can Regina. It's an ongoing...right now it's an investigation that they're looking into. It did come up and it ended up in the Prosecutor's Office."

REGINA DISCENZA: "But it's baloney."

COMMISSIONER QUINN: "But that's not your decision to make. The decision..."

REGINA DISCENZA: "I know that, but I'm asking you to get him to make a decision because 8 weeks is too damn long to sit on that."

COMMISSIONER QUINN: "Eight weeks is not long at all especially in law enforcement, especially in the times we've been in. And I can promise you that the file is being looked at. Maybe not by the Prosecutor himself, but he's got Assistant Prosecutors over there that take and do they're background and make sure that there is justification."

REGINA DISCENZA: "I was witness to the entire charade that had been alleged."

COMMISSIONER QUINN: "But Regina, I'm not saying that you're not telling the truth. I'm just saying that it has to be looked at and investigated at the level of the County Prosecutor. And at the point in time if there is a need to take and reach out to you then they will reach out to you. But I will take and ask him to have somebody reach out to you..."

REGINA DISCENZA: "Pick up the pace."

COMMISSIONER QUINN: "But he's not going to take and return every call or sit down with every person that walks in that door. He just doesn't have the ability to do that. That's why he's got a staff."

REGINA DISCENZA: "But at this point in time their door should be open and nobody should be telling me from a public office that 'we're not open to the public'."

COMMISSIONER QUINN: "Regina, his door was not open before COVID. There's security in place in a lot of these buildings now which has existed since probably 10 years back. And you're not able to walk right into that building nor will you ever be able to walk into that building."

REGINA DISCENZA: "Never?"

COMMISSIONER QUINN: "With regards to state offices, state offices are not open yet. You can't go to Motor Vehicles and register a car or get your license. There are so many disparities in state government which currently there are a lot of bills trying to move through the Legislature to get everything opened."

REGINA DISCENZA: "I was under the impression that was a COVID lock."

COMMISSIONER QUINN: "No. No it's not. But I promise you I will reach out to his office tomorrow and speak with him and ask him to have somebody reach out to you and at least give you some answers."

REGINA DISCENZA: "There's no criminality involved. And I have a Criminal Justice degree and I know better."

DIRECTOR KELLY: "Thank you for your comments. Anyone else like to address the Board at this time? Yes ma'am, if you would come up."

KAREN ARGENTI, MANCHESTER TOWNSHIP: "I came here to say thank you to the Commissioners. Commissioner Vicari and Commissioner Kelly called me also. I put in a complaint about there is a small, little church in our community – St. Stephens Episcopal Church – and they had a little bump between the two streets. And they

came, they looked, they examined and they were here today. Unfortunately with Ash Wednesday there were a lot of things going on at the church but they took care of it and they're very happy. Thank you both very, very much, and everybody. I couldn't have asked for a quicker response."

DIRECTOR KELLY: "Thank you. And thank you for coming here to thank us. But I have to tell you who really needs to be thanked is John Ernst and the Road Department also – Scott Waters right in the back."

KAREN ARGENTI: "Yes, the guys with the 8-foot grader. This guy Arthur?"

DIRECTOR KELLY: "Arthur Burns."

KAREN ARGENTI: "Yes. Thank you."

DIRECTOR KELLY: "Thank you. And thank you for coming out and addressing the Board. Would anyone else like to address the Board at this time? Yes sir."

THOMAS J. O'MALLEY, FOUR SEASONS, LAKEWOOD: "For those who may or may not know me, I'm that pastor that was here 4 years ago. I'm here for the same subject. First I'd like to say real quickly, 4 years ago I was here and I was wondering what transpired? And from what I understand, not much.

I laid out a plan that we all worked on for many, many years. We had doctors, we had professionals, you all know us, who put this plan together which we thought was a great plan.

I'd like to quote something from HUD. 'A growing number of towns across America have found that the practice of (inaudible) homes is through the construction of micro homes and business and housing officials are taking notice. They've joined the Department of Housing, encouraged communities to take a serious look at micro housing.' That's the federal government. And I say that and I think it's your responsibility as well as mine as an advocate to take that seriously. Did we take that seriously the last 4 years?

I think all of you are well aware of the millions and millions of dollars that were spent in the last 4 years. Just one hotel alone, I thank God it (inaudible) closed – the Americana of Toms River. They got close to \$800,000.00 in one year. \$800,000.00 in one year. Where is it? Where did it go? You know where that \$800,000.00, if we directed it to micro housing, would go?

We built one. The group I represent, we built one. We had it on display down in Point Pleasant for two weeks. I think Joseph, you made it there. Did you?"

COMMISSIONER VICARI: "Yes I did."

THOMAS O'MALLEY: "Anyway, I have a picture of it here if you would like to see what it looks like. You can make any size you want. You can make it 8' x 12', 12' x 30'. Any size you want. Any square foot you want. It has a shower and a toilet and a sink with a heater. It has all the things that someone would want on a temporary basis. And that's what this is all about.

The idea of a micro house is to give a person that's living there a chance that some people care. Government cares. We care. The idea is for them to build up self-esteem, to get back into the system. Because right now, sending these people to these flea infested places, hotels, which thank God for Jennifer, excuse me I forget her last name, she has the hardest job I think, nightly trying to get people to have a place to stay to sleep tonight. Last time I heard 4 years ago, we had over 1,000 not knowing where they were going to sleep tonight. Even tonight it's probably the same thing.

Micro housing is the answer. This merry-go-round of just sending these people to these flea places is not working. I interviewed a woman down on (Route) 88, she's been there 14 months! 14 months in a hotel! \$22,000.00 of Ocean County taxpayers' money for one person! That's not acceptable. It really isn't. That money can go...micro housing is taking off. If you do the research, which I do, go online. Go to Olympia in the state of Washington. Start there. And the biggest advocates against micro housing were the biggest supporters. Once they were up and once they saw them operating and saw how they work, how these people rejuvenated. They found out people cared. They got back in society. We have social workers that were giving them jobs, getting them help. That's what this is all about. They're not repeaters.

What we have in Ocean County is people keep coming back, coming back. I have no place to stay tonight. Another \$55.00, \$75.00, for what? And I can credit all of you. You all do a great job. Every one of you. I respect every one of you. I know how hard it is. And I know how dedicated you are. But don't ever think as elected officials, and I have been for many years, don't ever think there is not improvement at what we do. How long would we last as the president of General Motors or Merck or any other big company that every year we don't make the improvements on our product? Have we made any improvements on our product for the homeless the last 4 years? I don't think so.

So what I'm saying is that please give it serious consideration. All you have to do is hit your laptop, go across the (inaudible), call the government up, you can see. And like I said, there's a gentleman in Washington state, a really high-ranking elected official, he was the biggest advocate about not building these micro homes in Olympia and you know what? He became the biggest defender once he saw what was up. Once he saw all these people rejuvenated."

DIRECTOR KELLY: "Mr. O'Malley, can I get you to wrap up? Your 5 minutes are up. Just give me a wrap up."

THOMAS O'MALLEY: "Just a few seconds please and I will close. And I respect all of you. I really do. And I really think stop this merry-go-round. Stop wasting taxpayers' money. Think of micro housing.

And my dear friend that I've known for 23 years while he was principal at the Veterans Memorial, he's one of the greatest guys. Thank God that he got in politics. Thank you for all you do for the people that need it, with special needs. You are always there. And all of you too. I pray for all of you. I just hope that you take this and at 91 years old that this fat, short, ugly, too lazy to shave so I grow a beard guy doesn't come back in 4 years and do the same thing. God bless all of you. Please take what I said seriously."

DIRECTOR KELLY: "Mr. O'Malley, thank you for coming out today at any age, but especially at 91. To make that trip and to put that all in as concise of words as you can, we appreciate it."

COMMISSIONER VICARI: "And I just want to say Mr. O'Malley, give my best to my good friend and Monsignor at St. John's. We were good friends for many years when I was ..."

THOMAS O'MALLEY: "If you'd be so kind, you may just want to take a look at this."

DIRECTOR KELLY: "Would you give that to the Clerk of the Board please?"

THOMAS O'MALLEY: "If you don't mind, I want you to take a look at what we built."

DIRECTOR KELLY: "We will. We'll get it. Thank you."

THOMAS O'MALLEY: "Thank you."

DIRECTOR KELLY: "Anyone else like to address the Board at this time? Any more comments, questions? Seeing none I'll close the public session and ask for a motion to adjourn the meeting."

Y. ADJOURNMENT

There being no additional comments received, Director Kelly called for a motion to adjourn the meeting at 4:42 PM.

BUDGET MESSAGE

It has always been the policy of the Board of County Commissioners to provide quality services to the residents of the County while maintaining a stable tax rate for the taxpayers of the County. The 2022 County Budget has been developed with that theory in mind along with fiscal conservatism.

The formulation of the Budget was accomplished through a series of budget sessions with the assistance of the County Officials over a three month period. These sessions included budget conferences with various Departments and Agencies of the County.

With this 2022 County Budget, the Board of County Commissioners will decrease the tax rate to .322 cents per \$100 of equalized property value.

The budget totals \$479,916,286, up \$9.6 million.

The amount to be raised in taxation is \$387,360,543, up \$22,147,904.

The County will use \$38,500,000 from its surplus to support the 2022 Budget, \$500,000 more than it did in 2021.

With the passage of Chapter 78 of the Laws of 2011, local government units were required to institute specific formulas for the calculation of employee health benefit contribution. The formulas are based on the type of coverage, base salary and cost of coverage. The 2022 County Budget includes and appropriation for Group Insurance for Employees in the amount of \$45,633,574. This amount was derived by subtracting the estimated employee contribution to be collected of \$6,428,850 from the calculated cost of \$52,062,424.

The following are the 2022 Budget requirements for revenue and appropriation for State assumed costs for Ocean County

**2022
CAPITAL BUDGET AND CAPITAL IMPROVEMENT PROGRAM**

This section is included with the Annual Budget pursuant to N.J.A.C. 5:30-4. It does not in itself confer any authorization to raise or expend funds. Rather it is a document used as part of the local unit's planning and management program. Specific authorization to expend funds for purposes described in this section must be granted elsewhere, by a separate bond ordinance, by inclusion of a line item in the Capital Improvement Section of this budget, by an ordinance taking the money from the Capital Improvement Fund, or other lawful means.

CAPITAL BUDGET

- A plan for all capital expenditures for the current fiscal year.
If no Capital Budget is included, check the reason why:

- Total capital expenditures this year do not exceed \$25,000, including appropriations for Capital Improvement Fund, Capital Line items and Down Payments on Improvements.
- No bond ordinances are planned this year.

CAPITAL IMPROVEMENT PROGRAM

- A multi-year list of planned capital projects, including the current year.
Check appropriate box for number of years covered, including current year:

- 3 years. (Population under 10,000)
- 6 years. (Over 10,000 and all county governments)
- years exceeding minimum time period.
- Check if county is under 10,000, has not expended more than \$25,000 annually for capital purposes in immediately previous three years, and is not adopting CIP.

**COUNTY OF OCEAN
NARRATIVE FOR CAPITAL IMPROVEMENT PROGRAM**

COUNTY OF OCEAN - 2022

The Ocean County Board of Commissioners, with the assistance of the County Administrator, Office of Management and Budget, County Engineer, County Planning Board and the County Comptroller, has developed this six-year Capital Improvement Program and Budget. The Capital Improvement Program was developed with the cooperation and consideration of recommendations of the various County Departments.

The County's continuing growth requires that the Board of Commissioners anticipates and plans for the increasing demands for County facilities and services. The Capital Improvement Program was prepared to guide County investment in land, facilities and equipment through 2027. The Program and Budget will be adjusted each year to reflect changing conditions including new Federal and State legislation, variations in the general economy, emerging demands of the public and modifications in the growth rate which may result in changes in revenue patterns and demand for new facilities or services. The Capital Improvement Program is realistic and attainable within the financial capabilities of the County and it provides for the future needs of Ocean County residents.

The accompanying forms which comprise the Capital Budget and six-year Capital Improvement Program have been completed in accord with regulations adopted by the Local Finance Board of the State of New Jersey pursuant to powers authorized by NJSA 52:27BB-10, NJSA 40A:4-43 to 45. The Capital Budget forms list all projects scheduled for startup for the 2022 Budget year and the source of funding for each project. A summary of Anticipated Funding Sources and Amounts is also included. Please note that this summary shows funding needed for new capital projects. It does not include previous appropriations for projects to be continued in 2022. For this reason, the funding summary differs slightly from the total cost shown for the Capital Program.

The total cost of all Capital Improvement Projects over the six-year period is \$294,493,372. Many of the projects will be funded under State and Federal Grant Programs or through the annual Budget on a "pay-as-you-go" basis. The larger projects will be funded by short-term borrowing. Bonds will be issued at the most advantageous times to secure low interest rates.
