C. ROLL CALL

D. THE PLEDGE OF ALLEGIANCE AND PRAYER

E. PRESENTATIONS

DIRECTOR KELLY: "Okay. We're going to start with presentations. We'll be making these presentations to the winners of the NJAC (New Jersey Association of Counties) Foundation Amazon Scholarship, the NJAC Foundation AT&T Scholarship, the NJAC Foundation Investors Foundation/Citizens Bank Scholarship, and the NJAC Foundation SHI International Scholarship along with John Donnadio, who is the Executive Director of the New Jersey Association of Counties. John, if you'll come up."

JOHN G. DONNADIO: "Up here?"

DIRECTOR KELLY: "It's up to you; I'll be right over there."

JOHN G DONNADIO: "Alright. Thank you, sir. I appreciate it."

DIRECTOR KELLY: "I'm not as young as you, so it takes me longer."

JOHN G. DONNADIO, EXECUTIVE DIRECTOR OF THE NEW JERSEY ASSOCIATION OF COUNTIES:
"Aww. You look way better, though."

DIRECTOR KELLY: "You look better. John is going to be ... actually handing out the scholarships and I'll be

calling the winners up. I first want to say that Erin McChesney has not been able to make it today, but she is a winner of the Investors Foundations/Citizens Bank Scholarship, and we congratulate her and her family. So, first we're going to call up ... I got to take my glasses off because I can't see with them on (laughter). Valentina Vanegas, who is the winner of the NJAC Foundation Amazon Scholarship. Valentina, are you here? I guess she's not here yet. Maybe she'll get here in a few minutes. The second winner is Hunter Ellingham, NJAC Foundation AT&T. (applause) Congratulations, come right up with us."

JOHN G. DONNADIO: "Congratulations to you."

DIRECTOR KELLY: "If you'll stay up here. We're going to get pictures of all of you in just a second. Come right up."

(pictures taken)

JOHN G. DONNADIO: "Here you go. You'll give your speech after." (laughter)

DIRECTOR KELLY: "Patrick Florek, (applause) the NJAC Foundation Investors Foundation and Citizens Bank Scholarship. Congratulations, Patrick. Come right up. And our final winner is Noelle O'Neill, who won the NJAC Foundation SHI International Scholarship. (applause) Okay, that is all of our winners before ... we already handed everything out? Okay."

JOHN G. DONNADIO: "Yes, sir."

DIRECTOR KELLY: "Okay. Why don't you talk a little bit about NJAC and how these scholarships started, how it's grown over the years."

JOHN G. DONNADIO: "The scholarships started about 20 or so years or so ago and it's grown to where this year we're giving away over \$110,000.00 to County Vocational Technical School graduates who will be continuing their education right here in the State of New Jersey. So, we had a number of scholarship winners this year from Ocean County and their credentials and resumes just get better and better every single year. And the majority of them are attending Ocean County College, which I love the fact that we support our Vo-Tech Schools, and we support our county colleges as well. So, it's just a... really are honored to work with companies like SHI and Amazon and all the different companies that you heard here today, that through their generosity we've been able to give away a hundred percent of those monies to hardworking students and their families. So, those companies deserve a round of applause and congratulations to all of our winners today. (applause) We appreciate it."

DIRECTOR KELLY: "What will they be awarding state-wide this year?"

JOHN G. DONNADIO: "It's \$110,000.00. And over the past ten years, we're over \$750,000.00 that we've given away and again we give away a hundred percent of those monies to county Vocational Technical School graduates. They're so important. Three of my five kids graduated from the Vo-Tech, and we love supporting them at different events. We have Vo-Tech students singing the national anthem at all of our events and we have an awesome Cook-Off challenge of which Ocean County did a terrific job this year in competing. So, we love supporting our Vo-Tech. This looks like a student."

DIRECTOR KELLY: "Is Valentina here?"

JOHN G. DONNADIO: "Keep going. Right there. (laughter) Sorry, I'm getting ahead of myself."

DIRECTOR KELLY: "Valentina, come right up. (applause) I told you she would make it. Here we go. Okay, now what we're going to do is get a picture of the students, but I also would invite family members to come up here and join in the photo. But first let's just get a picture of the students. John, if you'll come over here?"

JOHN G. DONNADIO: "Yes."

(pictures taken)

DIRECTOR KELLY: "Okay, now anybody from the family want to come up and join us in the picture? Don't be shy. Come up. Now if everybody would move forward to this railing and we'll put your families right behind you. You'll get behind your loved ones. And we have more coming. They're losing their shyness."

(applause)

DIRECTOR KELLY: "Okay. Thank you. Congratulations. John, thank you so much."

Now, before we move on to Public Hearings, I have a statement to make on behalf of the Board. The Ocean County Board of Commissioners confirms that a legal matter involving former Commissioner Freeholder Joseph Vicari has been resolved through a settlement. I'm reading this today because it is already online and I wanted you to know exactly what it's about. The settlement was reached without any admission of liability or wrongdoing by any party and represents a mutually agreed upon resolution made in consultation with legal counsel to avoid the cost and uncertainty of continued litigation. While the county does not tolerate misconduct in any form and remains committed to ensuring a respectful and professional work environment, this matter is now legally resolved. Additional information may be provided as appropriate, but the Board will not be offering further comment at this time. Thank you very much. If you'll move on now with the Ordinances."

U. COMMISSIONER COMMENTS

At 4:29 PM, Director Kelly received the following comments from members of the Board:

DIRECTOR KELLY: "Thank you. We'll move on to Commissioner Comments. Commissioner Bacchione."

COMMISSIONER BACCHIONE: "Thank you. We had last week on maybe one of the hottest days, although I don't know which is hotter anymore or the humidity is higher, although it was not raining, we wanted to congratulate the Huddy House just opened over here in Toms River, in addition to the Mathis House that they have. And it was nice to see, not only a business opening in the county and in Toms River, but also, it's a historical building. So, we want to thank them for their efforts to keep it that way and bring beauty back into the community. And hopefully we can get there and go there and use their establishment. Also, right now are the farmers markets. We're trying to get to a few of them. It's a good time to get out and enjoy some of the fruits of everyone's labor throughout the county. So, if you can try and get out to the different various farmers markets which are listed on our website. And I want to just say with the Ordinances we approved today for the Vo-Tech and for the (Ocean County) College, an investment in these two areas is an investment in our students and our community and it just makes Ocean County better. So, I hope that everyone can be a part of it and appreciate what we're trying to do to make the county a better place and educate your children here. That's all I have. Thank you."

DIRECTOR KELLY: "Thank you, Commissioner. Commissioner Arace."

COMMISSIONER ARACE: "Thank you. First off, again just want to thank the Park's staff for being here. I've had the opportunity to visit a couple of the parks around the county. I practically grew up in Jake's Branch. We were at Cattus Island a few weeks ago, Enos's Pond. I do intend on making it to every single one although it may take a while. I think next is Cedar Bridge Tavern. I'm really looking forward to it. But again, thank you so much for the work that you do. The facilities are beautiful. And hopefully we can always continue to improve them and make it the best that we can for the residents of Ocean County. In addition to that I had the opportunity to meet at Robert J. Miller Airport along with Commissioner Sadeghi and Tony (Aglia) and your staff. You do a tremendous job running that airport. It's really come along. The demand at the airport is fascinating. There's actually 60 aircraft on a waiting list for T- hangars. So, actually one of the projects that we're moving forward with now are we're designing two additional T-hangars with a third one being built already and each of those are already filled. And we have approvals up to 12. So, it's very interesting. It really shows the growth and the demand and some of the wealth coming down into the county. And a lot of professionals coming in and that really could be an economic driver and growth engine. In talking with some of the staff there, I believe previously there was an Aviation Mechanic course through OCVTS, turns out speaking with that staff there's a tremendous shortage of aviation mechanics. Practically, if you graduate, you will enter into the industry, and you will have a job. So, I think it's very early on, but I believe that Commissioner Sadeghi and I along with OCVTS surprise, actually, thank you for sitting here, but I do think that program can be very advantageous for our students. So, other than that, I've got nothing else. Thanks, Director."

DIRECTOR KELLY: "Thank you. Commissioner Haines."

COMMISSIONER HAINES: "Thank you, Director. I would just like to also say congratulations to Parks. We have the best park system in the State of New Jersey. We have 27 and hopefully at some point and time we'll have a 28th park in Manchester. We have amazing parks for everybody, north, south, east and west. It's just amazing. I've had the opportunity to of course to visit all of the parks many times. And of course, I know down at Cloverdale, I've been there many times because we have a lot of Eagle Scout projects that are done there also Cattus Island Park, and many other areas that we have where they do Eagle Scouts. Thank goodness for the Boy Scouts, for the Eagle Scouts, when they do their projects because they are amazing. And also, about a week in a half ago, or two weeks ago we had the Ocean County College Foundation Scholarship Gala, which I happen to be on the Foundation Board for about twenty-five years now. And we had our wrap up meeting, and I am so happy to say that we raised over \$200,000.00, which goes for the scholarships for the students that attend Ocean County College. And I'm very happy to see Dr. (Pamela) Monaco here today, President of the College, and also Karen Homiek who's with the Superintendent of Vocational Schools. So, I'm happy you're able to be here today. Congratulations on all the money that we're going to be spending (laughter) to improve the college and vocational schools."

DIRECTOR KELLY: "Thank you, Commissioner. Deputy Director Sadeghi."

DEPUTY DIRECTOR SADEGHI: "I don't have any comments. Thank you."

DIRECTOR KELLY: "And no comments for myself."

V. **PUBLIC COMMENTS** - "Comments from members of the audience are invited at this time with a limit of five (5) minutes per speaker."

At 4:34 PM, Director Kelly opened the meeting to receive comments from members of the public.

DIRECTOR KELLY: "I'll open to the public. Anyone like to address the Board at this time? Please limit your comments to five minutes and give us your name and address for the record. Yeah, come right up."

ALBERT GILBERTI, BAYVILLE, NJ: "How are you doing everyone? Especially you, Mr. Kelly. I remember you back some years ago. And also Ms. Haines. I was at one time in the Pleasant Plains area, now in Bayville. My situation basically is that I heard that the homeless was given some type of apartments, or whatever for like 90 days

or 30 days or whatever. But what's going to happen to them when it comes to the winter? As you remember Mr. Kelly, I talked about this when I was running for Freeholder candidate back in the early 90's and also was trying to get things done. And they told me, bring them, let me see... show me the homeless. Now you know there is a homeless situation. You know from back in Lakewood, Howell when they were up there and you know also the situation now. Something has to be done. I've been in small towns where they have a homeless shelter. I understand a lot of people don't want it because of the situation, thinking something bad is going to happen. But you got buildings still here, that could be used for a shelter. They can have someone near taking care of it. It's better than doing this drip and drab thing where you're going to give them a place for 90 days possibly and then the winter comes around and you're going to have them freeze to death or you're going to give them something else through special response or whatever. It's got to be done. I talked about this years ago. You know it (Commissioner) Kelly. I talked about it years ago. Also, you Ms. Haines. You know this also. This should've been done already. Thank you very much. And I'm in Bayville. And I think...is your husband (Commissioner Bacchione) the mayor of Bayville? Tell him I said hi. I'm trying to put through a senior dance for the seniors and now I'm at 71. We need something to do."

COMMISSIONER BACCHIONE: "Okay. The Recreation Department does a lot of things like that."

ALBERT GILBERTI: "I know. I got to talk to them again in August."

COMMISSIONER BACCHIONE: "Alright."

ALBERT GILBERTI: "But the homeless, take care of it. Please (Commissioner) Kelly, come on. (Commissioner) Haines, do your job, man. Do it. Thank you."

DIRECTOR KELLY: "Thank you for your comments. Yes, sir."

RAND PEARSALL, HOLGATE, LONG BEACH ISLAND, NJ: "About a year ago I had asked to speak to someone here regarding greenhead flies. And while I met a very nice person, it was a good initial contact, essentially I learned that there really was no one in charge within the county, although I believe years and years ago there had been a program, or so I've heard. In my section of LBI we maintain a very active trap program because there are so many flies that come over and this was actually featured in today's Sandpaper if anybody would like to see it. But most of the flies come from the mainland. They come in a west wind. There are millions and millions of flies that come over. Recently my traps person, I'm the President of the Holgate Taxpayers Association, our Traps Committee, our chairperson for that committee, lives in Barnegat and he was talking about how bad the flies are there and all of his friends along the coast have also greatly complained so he quickly refurbished two traps and put them out in Westlake, no sorry, Little Egg Harbor. They filled right away. So, what I would like to ask today is for a contact within the county, possibly the Mosquito Commission, as having a related responsibility. But I could work with to develop a proposal to first analyze the extent of the problem. How bad is it for the residents along the mainland. I can testify for how bad it is on the island, but I think it's worst on the mainland."

DIRECTOR KELLY: "It's bad. I can testify it's bad on the mainland."

RAND PEARSALL: "Okay."

COMMISSIONER BACCHIONE: "I can testify, even Bayville. It's bad. I had an infection from a bite last week. So, it is very bad. It's just ... out on the water and it is killing our beaches. Nobody wants to go to the beaches."

RAND PEARSALL: "And this is something where you can't completely stop it. You won't be able to completely stop it, but you can mitigate it quite a bit as we've learned with our experience over the past few decades. So, what we'd like to do then is work to develop a pilot program that would probably cost very little. But to develop a pilot program on the mainland that the county perhaps working in conjunction with some of the individual towns or just one individual town to start a test, to do that for next year to see what we might be able to prove. And if we prove that the traps are incredibly effective in one area, then perhaps it can be expanded. A trap made out of pressure treated wood costs ... I mean we're paying an individual on the island to build them for us. Maybe \$200 in labor and material, but they last for years, and they need a little bit of maintenance. Ideally, they should be brought in and put under a deck in the winter, but they do last a long time. So, it's not an every year expense other than for a small amount of maintenance and perhaps the transportation of them in and out. So..."

COMMISSIONER BACCHIONE: "Lye paper? What do you ... you said that it's made of..."

RAND PEARSALL: "It is a large wooden box painted black that sits on legs. It's got legs. And it essentially mimics the shape of a cow or a horse that these flies would be attracted to, who are looking for a blood meal."

DIRECTOR KELLY: "They get in and they can't get out."

RAND PEARSALL: "Pardon me."

DIRECTOR KELLY: "They get in and they can't get out."

RAND PEARSALL: "Yes, there's a screen system inside. They could get out but they're stupid. So, the way they get in is open to them to get out, but they never do that. And our traps are catching hundreds and thousands of flies in the season. So, we think this would be something that would be good for all the residents on the mainland and then it

would be great for us because those flies would be killed on the mainland and will never fly over.”

DIRECTOR KELLY: “Let me just tell you that you’re absolutely right that we had that program years ago. And the Mosquito Commission did oversee that program. I did not know that that stopped. I thought the Mosquito Commission was still doing that. Today, meeting with Mark Jehnke (County Engineer) who told me you would be here today to talk about this, and I asked him to meet with the Mosquito Commission and to find out, you know, why it stopped and can they begin the same program again. And certainly, I... I’m sure the whole Board would like to see that. I know I would. So, we’re going to look into that immediately and your contact would be Mark Jehnke, and he’ll give you his card, so you have a phone number to talk to him.”

RAND PEARSALL: “We’re already email pals.”

DIRECTOR KELLY: "Yeah, okay good. So, he’s going to find out what the Mosquito Commission has to say, talk with him and you’ll know.”

RAND PEARSALL: “That’ll be great ... because the Mosquito Commission...

DIRECTOR KELLY: "You’re absolutely right that..."

RAND PEARSALL: "The Mosquito Commission does a tremendous job. I mean what they’ve done to mitigate mosquitos ... what we’re hoping for is if the mosquitos are under control, we get the green flies under control and then we have the biting black flies and then the no-see-ums, if... we’ll move on to them next. But if we can get the first two completely under control then we can move it forward. It’ll be a nicer summer for so many people.”

DIRECTOR KELLY: "I will tell you that Freeholder Mancini, who used to sit here, and as a Freeholder and he did for a number of years, said the best way to kill them is not the trap but to get a hammer and two blocks of wood (laughter) and hit the fly with the hammer and put the block of wood on top and you'll get rid of them. But he was kidding. He was the head of the Mosquito Commission, and we did build those traps, and I did not know that that program had stopped. But that’s what happens when you’re not there every day.”

RAND PEARSALL: "I had no knowledge that there's a program a year ago when I was asking about...there was no knowledge that there was a continuing program, so."

DIRECTOR KELLY: “I don’t think there was. I think somehow it got discontinued. I’m not sure why. We’re going to find out and we’re going to see if we can get them to start it again.”

RAND PEARSALL: “Okay. Thank you very much.”

DIRECTOR KELLY: "Thank you for coming here today. Come right up, please. I’m just writing down my notes here. Is that your husband?"

ANN BARKEY, LOVELADIES, LONG BEACH ISLAND, NJ: "Thank you, Director Kelly and Commissioners. I am part of the Joint Council of Taxpayers' Association of LBI, 11 Taxpayers' Organizations that are on this council, and as their representative I am here to thank you, and I’m here to give a big shout out to the Engineering Department at OC (Ocean County). We came. We asked you for help in our public safety problem with cyclists and walkers and you responded, and our Engineer was fantastic. He and his crew hopped on it, and we are getting our signs. We are thrilled. We thank you very much and we thank you for your support.”

DIRECTOR KELLY: “Thank you. Thank you for coming here. (applause) Anyone else like to address the Board at this time? Look how much faster this was today since congress took their action and they don’t think that we should. So, thank you all. I’m going to close the public portion and ask for a motion to adjourn the meeting.”

W. **ADJOURNMENT**

There being no additional comments received, Director Kelly called for a motion to adjourn the meeting at 4:34 PM.

Summary of the Pre-Board meeting of June 11, 2025

Page 2

Commissioner Sadeghi and Mr. Agliata discussed the 2025 Ocean County Pump Out Boat Program. In its 27th year, the boats will operate from Memorial Day Weekend until mid-October. In 2024, 7,100 boats participated, collecting a total of 152,640 gallons of effluent. Since 1998, a total of 2.73 million gallons of effluent have been removed from over 126,700 recreational boats. The County has intergovernmental agreements with three pumpout boat operators: Brick Township, Seaside Park Borough, and the Tuckerton Seaport. They are responsible for operation, boat maintenance, hiring captains, berthing costs, fuel, repairs, offloading costs, etc. The operational costs are shared by the County and the OCUA in the amount of up to \$20,000 per full-time boat. The total 2025 budget for 8 boats (2 of which were new in 2024) is \$140,000.00. This allows the service to be provided free of charge to boaters.

Commissioner Sadeghi, Commissioner Arace and Mr. Agliata presented a 0.57-acre open space parcel recommended by the Natural Lands Trust Fund Advisory Committee located in Little Egg Harbor on Lakeside Drive. This property is directly adjacent to Ocean County's Tip Seaman Park. The property owner accepted a negotiated offer of \$150,000.00.

Ms. Gunther reviewed the Clerk of the Board's agenda for the Board meeting of June 18, 2025. There were no questions or comments.
