D. THE PLEDGE OF ALLEGIANCE AND PRAYER

DIRECTOR VICARI: "Thank you very much. Please be seated. We will begin the official meeting. And it is with great honor today to have an official guest to discuss a few of his legislation bills that are before the U.S. Congress, Congressman Chris Smith. We thank you for coming today. And when we come across some legislation that you introduced, if you can give us a few words why you did it.

Also, we have a veteran in the back, Jim Byrnes, who, I think it should be public as far as what you're doing for the veterans and veteran clinics. As you know, we have 40,000 veterans in Ocean County. And if there is anyone else...there were some emails that went back and forth as far as the homeless. So again, when it's time for you to speak, if you can enlighten us, I'd appreciate you doing it. Thank you.

Continue... I'll turn it over to the Clerk of the Board. The first item of business is Authorizing of the Bills, paying the bills."

G. RESOLUTIONS

CLERK CILENTO: “And Freeholder, under Resolutions, did you want to discuss...?”

DIRECTOR VICARI: “Okay. On Resolutions, number 1 to number 29...what I’m going to do is to remove number two. Fortunately, we have with us Congressman Chris Smith, who proposed this legislation to require the Social Security Administration to provide a two year emergency, 3% cost of living adjustment. And again, when this came out, as I mentioned at the last meeting of last week, that I notified, and I sent letters to the White House to the President of the United States, our two United States Senators, and all three Congressmen in the area. It was Congressman Chris Smith, Congressman Van Drew, and of course, Congressman Andy Kim.

And what I would like to now ask our Congressman, who gave us a call today in the afternoon that he would come to this meeting to explain to us the situation as far as what he’s doing. He’s very sensitive to the needs of our 200,000 senior citizens in Ocean County - the most, not only in New Jersey, but in the United States. And this could be a landmark legislative move that’s being made here. I hope it carries on. So, again, Congressman, not only do I thank you from the members of the Board of Freeholders, but also for our senior citizens and their family members that are so concerned. And as you know, we had a serious concern about the 1.3% in the cost of living adjustment. We made suggestions and they had a better suggestion. When you came back several days later... I appreciate you calling me at my home and you gave me your home telephone number, and now this is a sum total of...a collective meeting of our minds and what we can do to improve the quality of life of our senior citizens, not only in Ocean County, but in the State of New Jersey. Very, very important. So I’ll turn the meeting over to you Congressman.”

CONGRESSMAN CHRISTOPHER H. SMITH: “Thank you very much Freeholder Director Vicari with the rest of the Board. Thank you for having me here. Joe Vicari is being a little bit too modest. He called me last Wednesday morning and said, ‘It’s outrageous that it’s a 1.3% increase particularly during the COVID crisis and our seniors need a significant more of a CPI (Consumer Price Index) increase in their Social Security benefits.’ And I said, ‘Joe, you’re right.’ I spent the next two hours looking into it, calling SSA, finding out. You know, they do it based on the formula, the CPI-W...it’s been in effect since 1972. It’s the basket of what it costs to live. It has no differential for different parts of the country. And it really is based on a working person’s cost of living as it has almost nothing to do with the elderly who have a separate type of concern when it comes to cost. Most of it is driven by higher out-of-pocket healthcare. Matter of fact, for healthcare it is double the average, this is out-of-pocket, for those who are 65 and older. It’s triple for those who are 75 and older. So, you know, it’s a disproportionate tithe if you just use the CPI-W, the standard.

So, after Joe’s call, I got working on it and I figured out that a 3% emergency would be more than a doubling. It would go from...we got the number... the average is \$236 for someone who gets it right now. Our 3% would put it up to \$545. So it would be a boost of available cash in the pocket for our seniors to spend.

And then I also put language in this bill, HR 8600, that says we need to go to the CPI-E for the elderly. Amazingly, back in 1987, the Bureau of Statistics came up with this idea of, ‘What does it cost to live as an elderly person?’ And they came back and came up with this CPI-E. But it doesn’t apply to the cost of living for Social Security beneficiaries. So, my bill, HR 8600, would now apply that. So it would be two years at 3%. The second year would be not less than 3 (percent) because we want to make sure that if, God forbid, we get a spike in inflation, we’re not holding artificially down the amount of money our seniors would get. And as Joe knows, as he’s got the stats, in 2015 the Social Security increase for our elderly was zero. They got nothing. But now we’re in a very, very, very peculiar time with the pandemic. And it is harder to make ends meet, especially with the healthcare costs.

So, Joe, I want to thank you for inspiring this. You know, your call prompted me to take a look at it because, you know, we got a lot of calls in the air and right away I said, ‘Wow, we’ve got to fix this.’ So I’m going to work on this until it becomes law. Maybe I offer it as an amendment. I’m looking for venue to there or as a free standard - whatever it takes we’re going to get it passed.

You also asked me to mention about the homelessness among veterans. Oddly enough, not oddly enough, I actually wrote the Landmark Law in 2001. It’s called the Homeless Veteran’s Comprehensive Assistance Act of 2001. I held a whole series of hearings on homelessness and veterans from New Jersey who come down who were formally homeless. And I’ll never forget one veteran who said, ‘I knew I hit rock bottom, rock bottom, when I lost my house.’ And everybody at the committee hearing, I was chairing it, said, ‘Oh, that’s really bad, you know, you lost your house.’ He goes, ‘They towed away the abandoned vehicle I was living in.’ So he was out in the forest – out in the woods living and he was with the 81st Airborne. I mean... so a lot of men and women, you know, whether it be PTSD or chemical dependency of some form or a combination, found themselves homeless. At the time, the average number of homeless persons on any given night, according to the VA, and there are all kinds of statistics, but this was a general acceptable number in terms of good at guestimate, was 295,000, which is a disgrace, that we would allow our men in uniform, the men and women in uniform to be out on the streets like that suffering the way they were suffering.

My bill, just put everything we could possibly do – job training, domiciliary care, all the rest to make sure...chemical dependency...I even when I had people from the Dental Association testify they said, ‘You know what Congressman?’ because I was chairing that hearing too. He goes, ‘When you have broken teeth - one - how do you go get a job then?’ Your self-image becomes marred when you look in the mirror. But most importantly, you don’t digest well. You can’t chew because your teeth are all...and it affects your heart as well. So I said, ‘We put a provision in my bill, The Homeless Veterans Comprehensive Assistance Act, that says if you get into a VA program, we will do a full mouth rehab for you to get you back on your feet.’

Now the crux of it is, 19 years later the number dropped from 195,000, on any given night, to about 37,000 - still unconscionably high. But we have made real progress in combatting chronic homelessness. Invented in the bill was a part that called for a national strategy. And that has helped to work with all the states like the Delmarva and others to make sure we’re all on the same page – making sure we go out and bring these great individuals back into society – hopefully back with their families and all the rest and then to get a job.

As you know, Freeholder Vicari, we broke ground in Tinton Falls for a NGO (Non-Governmental Organization) called “Soldier On.” We’ve been working with them for several years and we finally had the money and it will help Ocean County Veterans, Monmouth, Mercer, who have been homeless. It’s a 70-bed facility...homes...nice little, beautiful little apartment buildings with all the services for the VA – transportation so that those individuals can get back on their feet. We broke ground about a month and half ago in Tinton Falls. And again, as you know because

we've been working with you on it, it will help the veterans who are homeless here in Ocean County.

Finally, you asked me about the VA clinic."

DIRECTOR VICARI: "The reason I did that...we asked Jim Byrnes here a Councilman from Berkeley Township, a disabled veteran and he goes often to the Brick clinic. And for many years my dad was also 100% disabled so I know first-hand what it was like. And Jim Byrnes has been one of the leaders in his community in Berkeley Township, not only as a Councilman, but working with the veterans. And one of the questions he was talking about even before the meeting today was what's being done to expedite building a Veteran's Clinic anywhere in Ocean County. And we had many discussions... I think for the public record if you could just elaborate on that, I would appreciate it Congressman."

CONGRESSMAN CHRISTOPHER H. SMITH: "Thank you Freeholder Director. You know, just a little bit of history about the clinic in Brick. In 1982 a law was passed, I was a co-sponsor, not the prime sponsor, called the VA/DOD Sharing Agreement. I got the bright idea that we needed an outpatient clinic here in Central/South New Jersey for our veterans because we all saw that acute care was being increasingly displaced by outpatient care...we see it all across the board but in the VA itself. So I went, and we had, we actually had an agreement that put it at Walson Hospital at Fort Dix. The commanding officer, at the last hour, we had everybody on board, pulled the plug, and I said, 'That's it. We're going to get a clinic if it takes moving mountains because we know the need is there.' There was a 1984 study called the (inaudible) study. It found that there was an overwhelming need, unmet, in our area for our veterans for an outpatient clinic. So I introduced three pieces of legislation that passed the House. Never got through the Senate, like so many bills. But it did pass the House and I badgered in a very polite and civil way the VA to build the clinic based on need. At the end of the decade they said, 'Yes.' Jim Howard was one of the co-sponsors of my bill. He died right when that happened and we named it after him. Peter Rodino introduced that bill for naming and it went into Brick.

The Brick clinic now has exceeded all expectations. It doesn't have capacity so the VA is looking to relocate. They have received a number of recommendations, you know, bids, that they're now studying, and by 2021, they didn't give an exact date, there will be a replacement for the 'bulging at the seams' Brick clinic. We also got a new one in Tinton Falls. And I asked the Secretary at the time, when he was visiting Fort Monmouth, because some people from here have gone to that one as well. And he just announced it after I asked him, and that was Tony Principi. So we have done a clinic that takes some of the load off but the Brick clinic is showing it. So that will be built, or leased, I should say, the sooner the better. They did get a number of recommendations, bids that came in. They thought they had somebody and then they began renegeing, saying that, 'Oh, we have to have change orders. We have to do something to get more money.' And they said, 'That's it. You bid this.' So they went out with another solicitation for bids. But that's going to be built - ten years to get that clinic originally. And it's a matter of when and not if we're going to have the replacement."

DIRECTOR VICARI: "Good. Good. Very good. Very good. If you don't mind I would like to go and if the Freeholders have any questions. Freeholder Gerry Little?"

FREEHOLDER LITTLE: "Thank you Director. And Congressman, I really appreciate the legislation to correct the Social Security problems for the elderly on a long-term basis, not just the emergency that we had during the pandemic, but using that formula you discussed, which will help the elderly. I happen to be over 70 something myself, so you know. It's good and I think that's a good proposal.

And also, thank you so much for the work that you've done with homeless veterans. It is really an important issue. As a veteran myself, and of course my son is in the military as well, so we thank you very much."

CONGRESSMAN CHRISTOPHER H. SMITH: "Thank you Freeholder."

DIRECTOR VICARI: "Thank you Freeholder Little. Freeholder Quinn?"

DEPUTY DIRECTOR QUINN: "Congressman, I'll echo what Freeholder Little said. Thank you for your hard work and your dedication. As Director Vicari says all the time we have 200,000 plus seniors living in this County and it's certainly a tremendous responsibility for this Freeholder Board, as well as all the other local governments, to try and make sure that we provide as many services and help that we can to these individuals. And you have always been at the forefront of that and then all the years that you've been serving people throughout the County. And we can't thank you enough. Because, you know, taking the ball from Joe and running with it down moving forward to Washington...hopefully, I know at some point you're going to have success. We hope to see it sooner rather than later so that our senior residents here in the County can really benefit from it. The homelessness, the veterans, you're always in the forefront on every issue and we can't thank you enough for your dedication to the people down here and keep it up. We appreciate it."

DIRECTOR VICARI: "Thank you Freeholder Quinn. Freeholder Kelly?"

FREEHOLDER KELLY: "Thank you Mr. Director and thank you Mr. Congressman. You're here in Ocean County for everything that we need - whether it was the closure of the military base, now looking at this with Social Security that Freeholder Vicari talked to us and then very quickly to you. And you're a man of action, unlike many of your protégés in Congress who like to talk. You like to get things done. And we recognized that for a long time. And we're proud to call you a Congressman of Ocean County and the Dean of the New Jersey's Delegation of Congressional Senate and House. Thank you for your service."

DIRECTOR VICARI: "Freeholder Haines?"

FREEHOLDER HAINES: "Thank you Mr. Director. I just echo all of the sentiments of my fellow Freeholders but a lot of people don't realize the ranking that you are, not just in New Jersey, but the ranking that you are with legislation that has been signed into law within the United States. I think you are number two within the country and it's not easy, having talked with other Congressmen, what it takes to get a bill just into one House and then out of there and then into the next House to get it signed. It's a very difficult journey. Nothing like the Legislature which I was familiar with having been in New Jersey Legislature. But, I mean, for the legislation, you just don't do little menial types of legislation, what you have done with regard to Human Rights, which you have done with Autism, which you have done with many, many other areas that affect human beings in this world. And everyone should be thanking you, every day, for what you've done because you have always put your heart and soul into what you're doing, and for the people of the United States, you really have. Because it doesn't just affect your 4th Legislative Congressional District, it affects everybody. And I feel very proud to know you and very proud that you represent the people of the 4th Congressional District and just very happy to call you my friend.

Thank you very much for all that you do."

DIRECTOR VICARI: "And again, I'd just like to echo everyone else's words. As Freeholder Haines mentioned before, you were the leader in the United States for Autism especially starting in Brick when we first worked together. And just so you know, yesterday the Ocean County Library system, the largest library system in the State of New Jersey, has one of the few, the first in the United States of America, a sensory room. Which means you go to the library, especially designed, and we had a little presentation yesterday at the library at 4 o'clock and we have the formal one next month after the COVID-19. I would like to invite you because you're one of the leaders in bringing us, not only attention, but millions and millions of dollars in funding for Autism for the United States because it is a serious problem.

So its things like this that are very, very important – meeting the needs of all of us in Ocean County. So, again, on behalf of all of us I would like to thank you. Maria LaFace, who is here today, is Director of Senior Services, has doubled the number of calls coming into her office. We now have a special mobile unit that we are working on right now for our senior citizens. But the main issue right now is one thing – the \$3 billion a year that comes to Ocean County to our senior citizens, the frail, the elderly and disabled - the most vulnerable people have to be tended to - have to be given the proper attention and enough money needed. And this is the most powerful nation in the world. And I think while you're showing compassion today...in our several discussions and showing empathy for our senior citizens and for our veterans really show what kind, not only a person you are, but what you do to represent Ocean County and Washington D.C.

So, I thank you personally on behalf of all of us that were here today."

CONGRESSMAN CHRISTOPHER H. SMITH: "If I could just say one last word. There would be no HR 8600 if you didn't call me last Wednesday."

DIRECTOR VICARI: "Thank you."

CONGRESSMAN CHRISTOPHER H. SMITH: "So thank you. And you know, I do listen...I mean Ginny and Jack what they've done on saving the Base and then growing the Base – largest employer. It would have been gone. Lakehurst was gone. And you, Jack, especially at the time, rose and led that effort and we worked together, of course as teamwork. So thank you for that.

And just one last thing, since you mentioned Autism and I'll finish real quick. That all came from Bobbie and Billy Gallagher of Brick Township..."

DIRECTOR VICARI: "That's right."

CONGRESSMAN CHRISTOPHER H. SMITH: "...who came to my office in Whiting. We spent three hours looking of what we thought was a prevalent spike in Brick. I read it all. I said, 'My God, there really is.' We brought it to CDC. They didn't want to come up. They came up. It took a lot of badgering to get them to look into it. They found out that there were prevalent spikes in other municipalities where they did, you know, controls, they had asked what was going on there. And I wrote a major law – three of them. And one amendment. The last one was called "Autism Cares Act." I'm the prime author of it. It provides \$1.8 billion, or a little lower that, for research, best practices, CDC, NIH, and it is making a huge difference. It all came...it was inspired by the Gallagher's and we worked with you, Joe, on that...Freeholder Vicari, on that as well. And I want to thank you for that. It's all about team effort and you guys are the best."

DIRECTOR VICARI: "Yeah, I don't know if you remember this was at the Crystal Point. I was the Principal at Veteran's Elementary School. And the Gallagher's were very close to what we were doing. And Brick Township was one of the leaders in the entire State of New Jersey when we contacted you. And I was amazed at the number of people from Ocean County that were supporting the Autism movement there. And that's what got me really involved especially with students and you did a great job."

CONGRESSMAN CHRISTOPHER H. SMITH: "And again, teamwork. I'll never forget we brought the CDC up for...we went at Brick..."

DIRECTOR VICARI: "That's true."

CONGRESSMAN CHRISTOPHER H. SMITH: "...High School. All these wonderful parents started asking the CDC all these questions. And I love CDC but they don't have any answers. And by the fifth or sixth time they said, 'Oh, we don't know about that study.' I said, 'Houston, we've got a problem.' That's when I wrote the law. And it became law. And now we've had three more since then. Thank you."

DIRECTOR VICARI: "And I know you have a tight schedule. I thank you for coming. I know you have to be at some place at 4:30. So thank you very much. If you want to stay it's up to you. Or if you want to leave. And Jeff, I thank you for getting here on time. Thank you very much."

Oh, before you leave we're going to have the formal vote. Okay, now what I want to do just so you know, the way it votes for the turnout, before you leave, just read it by title and then we'll have the formal vote. Just on that one item."

FREEHOLDER KELLY: "G-2."

DIRECTOR VICARI: "Number 2."

Clerk Cilento reads Resolution, G-2.

DIRECTOR VICARI: "Okay, is there a motion?"

DEPUTY DIRECTOR QUINN: "It's my honor to make a motion, Congressman, and thank you again for all your service that is being done."

DIRECTOR VICARI: "A motion by Freeholder Quinn. Is there a second?"

FREEHOLDER LITTLE: "And I will second that and thank you Congressman."

DIRECTOR VICARI: "Second by Freeholder Little. Roll call please?"

On motion duly made by Freeholder Quinn, seconded by Freeholder Little, Resolution G-2 supporting Congressman Christopher H. Smith and Jeff Van Drew's proposed legislation to require the Social Security Administration to provide a 2 year emergency 3 percent Cost of Living Adjustment during the COVID-19 emergency was adopted on final reading.

DIRECTOR VICARI: "Thank you very much Congressman. Thank you. We will continue with the next of the agenda. Some people that are here today, it may look like we're going quickly with this, but just so you know, this was discussed in detail last week at our workshop meeting. And just to make you feel comfortable, before we had this meeting today, the entire room was sanitized with state-of-the-art equipment. Also, we have social distancing and some of us take off our masks - everyone has a mask in a discussion but it would be put on when I'm not talking later on."

So I now turn the meeting back over to the Clerk of the Board, Mary Ann Cilento, for the rest of the agenda. Thank you."

CLERK CILENTO: "Thank you Director. Under Resolutions, we have G-1 and then G-3 through 29."

Roll Call vote was taken.

CLERK CILENTO: "Freeholder Director, I believe you had some abstentions?"

DIRECTOR VICARI: "I have two abstentions and I'm just going to let you know it's G-21 and G-22."

CLERK CILENTO: "And we'll note those."

DIRECTOR VICARI: "Note those, for the record, those two. Thank you."

Q. FREEHOLDER COMMENTS

At 4:28 PM, Freeholder Director Vicari received the following comments from members of the Board:

FREEHOLDER LITTLE: "Thank you Mr. Director and I'll give a quick update on our COVID response here in Ocean County. Today we have 50 new cases. That brings us to a total of 16,238. Sadly, we have 993 deaths and that is an increase of three from yesterday. Long-term care facilities, as we have been reporting now recently, they're doing a very good job in improving the situation there. At one point we had 50 long-term care facilities that had at least one case, we are now down to 11. So we're very pleased with the progress there. At our County testing site, in cooperation with the Health Department, we administered 100 tests today and that brings us to a grand total, at the County facility, of 10,564 tests. And I would remind everyone that there are many private facilities and so forth that are also conducting tests – thousands and thousands of tests. But we've done all 10,564. And every week we talk about the age categories and as we have been reporting folks that are 85 years of age and older represent 6% of the cases but 37% of the deaths. So again, the impact on the elderly is the most severe. And on a brighter note we are very happy to report that throughout this pandemic we do not have anyone under the age of 18 who has succumbed to this virus. So that's a very, very positive note especially because our kids, some of our schools are back, so that's a very positive thing.

And lastly, Freeholder Haines and members of the Board we had a flip-flop again and the gentlemen are now leading in the cases, 49.9 to 49.5. So it's flipped again. So that's just a little inside baseball talk. We're always talking to Freeholder Haines about that.

So that is my report, Mr. Director, if anyone has any questions."

DIRECTOR VICARI: "Good. Thank you very much. Freeholder Quinn?"

DEPUTY DIRECTOR QUINN: "Thank you Mr. Director. First I want to certainly thank you, Joe, on behalf of the Board, on taking that first step to reach out to the Congressman and doing what has to be done to try and get some help and relief for the people who live in this County, the senior citizens. It was a smart idea. And certainly, hopefully will come to fruition as Congressman Smith moves forward.

The only other thing I want to do...I want to recognize a couple people in the audience. Our Director of Senior Services, Maria LaFace, who is in the back there. And Maria you have come to us a number of times over the last couple of months and given us reports and we haven't really had the opportunity to thank you for what you've done to

make sure that you're working as hard for all the seniors. I know throughout the COVID you've been there every step of the way because unfortunately, the needs have been there every step of the way so you've done a great job. We thank you for that.

I also want to thank Tracy (Maksel) from our Human Services Department and Linda (Murtagh) in the back, both of our Directors of Human Services and Social Services. Because what people don't realize is even though we've gone through eight or nine months of COVID and things have kind of come to a standstill, both of your departments have never come to a standstill. They've been running 24/7. You've made it work whether it be remotely working or whether it be for bringing people into the office to provide people with all the services they need. Both of you with homelessness in the County and I know you're getting into your season coming up with Code Blue and all the things that you're going to be facing as you move into the next couple months. But I just want to thank you on behalf of the Board because you both have done a tremendous job and the residents of this County are very lucky to have you in both areas. Thank you very much."

DIRECTOR VICARI: "Thank you Freeholder Quinn. Freeholder Haines?"

FREEHOLDER HAINES: "Thank you Mr. Director. The only thing I want to mention, last Sunday in Lakewood, this is sort of a historical type thing, there is a piece of land that faces Lake Manetta, if anybody is familiar with...you have Lake Manetta, Central Avenue Bridge and then Lake Carasaljo. There is a piece of land there that you wouldn't have known it but it was a cemetery. And it was a cemetery that was from circa 1858 to 1872 and it happened to have about five or six of my relatives that were buried there – 27 people are buried there and it was named the Bergen Iron Works Cemetery. And we had a ceremony, and I have to say it didn't cost the County anything. Lakewood Township donated the base and my brother, very fortunately, he went and he donated the monument itself. It lists all 27 names that were there because we don't want to forget the people that were people of Ocean County that were...you know, the place got buried over, you know, it got covered over so you didn't see any cemetery markings whatsoever. So all the names are there and it was just very nice to have some of the members of the township committee plus people from Lakewood Historical Society and Ocean County Historical Society as well as other people that were just interested in it. Of course it was a very nice day. But it's something that these people will always be remembered because their names are listed. And it wasn't just adults. There were about 16 children that were buried in this piece of land in Lakewood and I just wanted to make mention that it was something that we did and I was just very grateful to Lakewood for donating what they did. And of course, very grateful to my brother for paying for the monument itself to be put there with the listing of everybody's names. So these people will never be forgotten. Thank you."

DIRECTOR VICARI: "Thank you Freeholder Haines. It was a very important statement you made as far as preserving the past and just mentioning your family history. I know it goes way back."

FREEHOLDER HAINES: "Yes. It goes back several hundred years."

DIRECTOR VICARI: "And the generosity of your brother. Thank you. Freeholder Kelly?"

FREEHOLDER KELLY: "No comment."

DIRECTOR VICARI: "I just want to mention briefly that we want to thank everyone for participating with what's taking place with our seniors. But I think I just want to mention it briefly that we started this in January of 2020 as far as Ocean Works Program. And we had a plan in place that, we just met recently again to push it where it's full employment for all of our people. Maintaining not only jobs that we have, but training for the jobs of the future that don't exist today. We have the largest apprentice program in the Northeast United States. Our training programs are at full capacity. They're making tremendous efforts working with our Labor Unions. We're also working with the very comprehensive programs, with grants to all the businesses, whether it be small businesses, boardwalk...that you could see, even with the fishing industry, that's noticed, so it's a very comprehensive program. And again, what we're looking for because, is to not only restart our economy, but to make it better than ever before. There is a major shift in the State of New Jersey and New York with people moving into different areas. We have a talented workforce. I believe we attract a clean industry, new industry, high-tech industries.

So again, we have a great task force that we've been working with and meeting with and it's sustaining areas like the Joint Base, making sure for the last several years - 400 new jobs - working with our hospitals so we have new technology so we can train technicians and put people in different areas.

So again, we'll report on that later on during the year. At this time I would close the session for the Board of Freeholders – open it up to members of the public. If you would like to speak just come forward to the microphone, state your full name and mailing address and please come forward. The first hand that went up, of course, is Mr. Blavat, who's been here several times. Just so I know, anyone else? It's one... two... three. Anyone else from this side? Okay, three speakers. One...two and three, in that order. Please come forward, give your full name for the record please."

R. PUBLIC COMMENTS - "Comments from members of the audience are invited at this time with a limit of five (5) minutes per speaker."

At 4:36 PM, Freeholder Director Vicari opened the meeting to receive comments from members of the public.

JIM BLAVAT, 83 WINDJAMMER CT., BAYVILLE: "Ms. Haines, I saw your article in the health magazine today. We both have our heart issues. I'm glad they brought up about the vets. Once in a while I go on, maybe God put it

here today. But our original 150 vets that were...December 16th, 1773 in Boston, the start of the Boston Tea Party...we wouldn't be here if it wasn't for them.

Next thing...You want the good or the bad?"

DIRECTOR VICARI: "I'm sorry?"

JIM BLAVAT: "The good or the bad? Which? Alright, I'm going to give you the good. I thank your office. I thank our election office for helping several of our people out here. They called me. They had problems with the mail-in ballots. They jumped on it Friday afternoon and took care of it. The people called me back. They called me back. Congratulations to your helpers, your workers.

The other thing is... I was running around doing my little sign projects. A lot of people on Route 9 stopped me about the traffic flow there. Also, Western Boulevard...up there people stopped and were asking me about that. Do you guys have anything on the Western Boulevard Extension they talked about recently?"

DIRECTOR VICARI: "First of all I want to thank you for bringing it to our attention as far as the problems with the mail-in ballots. Our office appreciated it and gave excellent direction and they did a great job."

JIM BLAVAT: "Oh, fabulous."

DIRECTOR VICARI: "The extension of Western Boulevard, from what I remember when I was Superintendent of Schools, as you know, we were talking about it. And this goes back to when, the Mayor of Berkeley, was I think Mayor Varano. They worked with Congressman Jim Saxton, and I believe there was a pilot program or a study that was done - the feasibility study. From memory it started from Central Regional High School - it was parallel with Route 9 because it was obvious the State of New Jersey was not going to do anything to improve Route 9 and ended down by the beginning of Pine Beach. I believe it was in that area. So I know the study was done. I know it was over a mile and a half. And from what I understand they were looking for a partnership. When the County decided to buy the "Fisher's Pit" at that time, I made sure that the land in there, we could put a road in there. So I know we have the right-of-way. So, therefore, I believe, most of the land, it's about, a little bit over a mile, has been dedicated to a road. In order to do it, again, it would have to be a partnership. We didn't talk about it yet as far as the Board but it was with the township putting money into it, the County, the State of New Jersey, the Federal Government, Congress. And also, there's a development there, a developer. So again, I believe the partnership that we're talking about over the last 15 or 20 years was a partnership because it is very, very expensive. But the state should put a lion's share of the money because they're not doing Route 9. You drive on Route 9 you know what it's like. It's just terrible. So as of now, it's called the Extension of Western Boulevard. And the reason I know about it is as Superintendent of Schools we helped with the bus transportation during an emergency. But for the economic development of the town, the town council supported it. When Congressman Saxton approved the money I believe the study was done, Mr. Blavat, but I'm not sure, maybe our Administrator or maybe Freeholder Kelly knows a little bit more about it but that's all I know. If Freeholder Kelly or if our Administrator would like to talk about it..."

FREEHOLDER KELLY: "I'll tell you that we couldn't get the permits to open the road."

JIM BLAVAT: "As I said, people were just stopping and lingering and I said, 'Look, if I go to a meeting I'll throw it out there.'"

FREEHOLDER KELLY: "Yeah, we tried to get the permits to build it. What we did get a permit for was to put in a non-paved road that would only be open in the case of emergencies and have them be blocked off. Am I correct on that John? (Ernst) Is that the same project that I'm talking about? Where we couldn't get the permits to actually pave the road?"

ENGINEER ERNST: "That is, I believe that is the Mule Road Extension."

FREEHOLDER KELLY: "Oh okay. I'm on the wrong one. Okay, I'm sorry. I'll tell you what I would ask you to do. Put together a report on the Western Boulevard Extension."

ENGINEER ERNST: "Okay."

FREEHOLDER KELLY: "And Jim we'll get it to you and we'll also be prepared to talk about it at a Board Meeting. I did get a different road in my head but I was just talking so we'll get this report and give you accurate information. Thank you."

DIRECTOR VICARI: "Thank you Freeholder. And thank you Mr. Blavat. You know, Mule Road, I know it's in your town, there was an extension where the State of New Jersey decided, with the DEP and all, we could extend it, with gravel, for an emergency, in case there's an evacuation, but we could not use it for residential or commercial travel, which we did everything possible because it was a tremendous amount of money at that time to do the study... we complied with everything from the state but it was held up - this is totally different. I want to thank Freeholder Kelly. We're going to revisit it. I thank Mr. Byrnes for being here so he could hear it himself. So we will look at it again. Thank you.

Anyone else? Mr. Valentine? Thank you very much for coming Mr. Valentine. He's a neighbor. We are very fortunate to have a candidate running for Freeholder on the Libertarian ticket which gives us a different perspective of what's taking place. So again, we thank you and we thank you when you come...as far as talking about different suggestions and ideas and that's what democracy is all about."

DAN VALENTINE, 660 HUCKLEBERRY LANE, TOMS RIVER: “Thank you. Absolutely.”

DIRECTOR VICARI: “Just give your mailing address for the record. That’s all.”

DAN VALENTINE: “Absolutely. Yes, I am Dan Valentine of 660 Huckleberry Lane in Toms River and I am running for Ocean County Freeholder as well. So I would like us to be having a conversation about what the situation is for our homeless. Veterans are important, but also, most people are not veterans, that are homeless. Specifically for the 2020-2021 winter season that is coming up. So I get to talk to a lot of the people that are in this situation – people that are homeless. I get to talk to them firsthand both on the street, at the WaWa, at Walmart. I’m also a volunteer at our shelter here in Toms River. One person just got out of State Prison, can’t find a stable job - just talked to this person last night. So they went into prison for selling heroin and when they went into prison they were on suboxone, but then when they got out they became addicted to heroin again and had no access to suboxone. Now that person is back dealing heroin, doesn’t have a regular place to stay and tries to get a regular job and has been unsuccessful yet because of his record.

Another person is an undocumented immigrant with mental health issues who can’t attain an on-the-books job because of his status. So he’s been staying in the woods mostly here in Toms River for years. Another person, used to be a Chemistry teacher in Brick, got into an accident and now cannot work anymore because he is disabled. He’s staying in the woods and he fears, and this has happened, having his things stolen, having his tent vandalized. This person's been sexually assaulted and fears that that’s going to happen again. And these are stories that we hear all the time, all over Ocean County, especially Toms River, Lakewood and Seaside, from my experience.

So right now we do have the Code Blue Program which was mentioned before and which is excellent. We have in Riverwood Park in Toms River as well as the Greater Bethel Church of God in Lakewood. We have the Code Blue shelters open - I think that’s about 60 people. Right now Lakewood Community Center is closed. As far as I’m aware it’s not going to be open for now. I don’t know if that’s changing. So Code Blue is excellent. It’s not nearly enough. We definitely need more Code Blue sites to be open and that could be run by organizations like “Just Believe” or the Greater Bethel Church of God among others. Especially in Southern Ocean County which is not...there’s basically nothing going on for people that are homeless unless you have like a family, like an interfaith.

So that’s one thing – we need more Code Blue. We need the option of tiny homes as well. And this could be done on private land or on County land. Martin Weber in Barnegat is running for Congress and he has 36 acres of property there in the woods and his land is open. He’s onboard to let us use it for tiny homes. Our representative, Andy Kim, physically visited it and he didn’t say anything definite but he wants to be onboard with whatever we’re doing to get solutions for homelessness in Ocean County.

Thirdly, a permanent homeless shelter...and this is, I know, a long-term goal. It’s not going to happen this winter season. But we need a permanent homeless shelter. A 24/7 location where people can go, find help, find food, shelter, counseling. I would love there to be safe injection sites to save lives, get people help for long-term housing.

So, in conclusion, when it comes to the Freeholders, if we can start a conversation in these meetings, as well as if we can have the Freeholders get the churches, get the non-profits, the organizations that are on the ground working on this – get people together like we need solutions now because people will be freezing to death and people will be OD’ing. We will hear those reports as we’re going into the winter season, especially.

Let’s get people together and let’s get people talking. I would love to hear what you guys have to share. And I specifically requested to meet with Freeholder Quinn who I know oversees homelessness. And Colin Lewis sends his regards.”

DIRECTOR VICARI: “Thank you. Tell Colin Lewis that we miss him from coming today but I just want to thank you for coming. And as a candidate for Freeholder, I wish you the best on November 3rd. Thank you very much.”

DAN VALENTINE: “Absolutely.”

DIRECTOR VICARI: “And I would just like to, if you have time, it’s very important what you said today. We are very sensitive to what you said. It’s a very comprehensive program. There’s a lot of things taking place. I think there are two representatives today that you should speak with, Dr. Maksel who is here and Linda Murtagh. Before you leave they’ll explain some of the programs. There are many things so if you have some time after the meeting, if you stay, I think you’ll be more informed by what’s taking place.”

DAN VALENTINE: “Yes.”

DIRECTOR VICARI: “The next speaker please? Mr....Jim Byrnes is also a Councilman in Berkeley. If you’re talking as a Councilman or whatever, just to mention your name. Yes, Mr. Byrnes.”

JIM BYRNES, BAYVILLE NJ: “Excuse the attire. So eat your hearts out.”

DIRECTOR VICARI: “That’s okay.”

JIM BYRNES: “It’s summertime again. But first of all I’d like to thank the whole Board on what you guys have done during this COVID mess. You know, especially the Board of Elections what they’re going through now. I know Harris County in Texas they just spent \$30 million on this election. So I know you guys are working real hard. The Board of Health with the testing. I know out at the college they’re out there testing every day. They’re doing a great

job. And I know what Linda is going through with Social Services as far as, you know, 500 employees trying to accommodate everybody with the school closings and whatever. We really appreciate what the Board does, you know, with this COVID, behind the scenes.

Congressman Smith, from day one he's been on board with the veterans. He fights every day but he has no help down here. Congressman Kim, with the new facility, he kicked the ball into Brick from Toms River. So you know this ball's been kicked around so much that now it's a more or less do over. The Brick clinic, I know most of you've been over there, the parking is horrible. And I know they've been talking about it at the last few meetings. I think Meridian Health owns the property around there but some vets are parking in the Home Depot parking lot and walking across. But, you know, I don't know if the County can do some type of a land-leased area to put a gravel parking lot in, adjacent to that, especially with the winter coming. You know the veterans are getting old. And you know I know Congressman Smith, he spoke about the veterans. I was just appointed to the State Veteran's Board for Mental Health and the first meeting all the Directors all they were caring about was, 'I don't want a suicide in my building. You know, in my hospital in Lyons or East Orange.' That was the whole topic. And at the end I brought up, 'You know you guys don't address the cause – the anger management, the divorces, the drinking, the drugs.' And all they're worried about...they don't want them dying in 'my place.' You know they'll ship them around. So just today, 22 vets committed suicide. So we really need to get to the root and I think you guys are addressing it as much as you can. But to go for a job interview you got to get a shower, you got to get clothes, you got to be able to get there. So there's a lot of angles to this.

So I know you guys are doing as much as you can with the clinic. I don't know why you guys don't build it and lease it to the government but we've got to do something here.

Also, we got this new silly bill in Trenton with the police – the 20 year disciplinary records that I think came through the Appellate on Friday and what they'll be able to do is go through any police officers... go through their last 20 years. If they backed into a car at QuickChek or something it'll go on their disciplinary. You won't know what it is. I know as soon as I get a ticket I'd go onto that list and say, 'Hey, what's this guy been doing the last 20 years?' So I know the Freeholders are always first and always with law enforcement and I know you have a son...they don't want people going through their whole records. It's none of their business. But I know if you could support that, you know, Trenton... the Attorney General is just nuts.

Okay. And on the Western Boulevard I know Mr. Blavat mentioned it but you know the town does have the Beachwood Shopping Center and surrounding properties. And you know I always like to spend Carman's (Amato) money. So whatever you need through there you can call me after the meeting. I'll get a call.

But you know we have a lot of stuff on the drawing board there maybe an athletic complex in the back there at Johnsons. We've been talking about maybe a solar farm and maybe giving the power to OCUA. You know there's a lot of possibilities there. So Western Boulevard would be a great asset there. I know Freeholder Bartlett was on board with that but if we could get that going again.

And just to touch on that Mule Road...you guys built the best airport there in the state, and you can't pave a road to get to it? It's ridiculous."

DIRECTOR VICARI: "That's absolutely correct."

JIM BYRNES: "I've contacted like Rubbermaid for their corporate jets – where they could put them in different companies like that. And Teterboro is like a six year wait for a hangar. I said, 'I'm sure if you'd call Ocean County they'd build you a hangar.' But all their officials are in Morristown. They keep their planes in Atlanta. You can't get them up here. So, but there's not even a hotel there. There's nothing around there. You built the best airport and you can't do anything with it. So we need to go to the Pinelands and have that pushed to Route 70.

But we really appreciate what you guys do. You work hard and thank you. Be safe."

DIRECTOR VICARI: "Thank you Mr. Byrnes."

JIM BYRNES: "Thank you."

DIRECTOR VICARI: "Just to let you know in the next two weeks we will be breaking ground for new airplane hangars, for 12. We have the approval from the State of New Jersey. So that will be taking place shortly. Is there anyone else who would like to make a statement or comment before I close the public portion? The public portion is closed. For those who spoke, we appreciate what you said. We have listened to what you had to say, to hear what you said, and we respect your comments. Thank you very much. Is there a motion to adjourn?"

S. ADJOURNMENT

There being no additional comments received, Freeholder Director Vicari called for a motion to adjourn the meeting at 4:54 PM.

RESOLUTION**October 21, 2020**

WHEREAS, Ocean County is home to the largest senior population in the state of New Jersey, with many of the 173,000 seniors living solely on Social Security receiving about \$1,500 per month to cover housing, food, medications and utilities; and

WHEREAS, the Social Security Administration recently announced the Cost of Living Adjustment (COLA) for Social Security recipients was a mere 1.3 percent for 2021; and

WHEREAS, the current increase of 1.3 percent falls far short of recent cost of living increases especially as it relates to the coronavirus pandemic; and

WHEREAS, U.S. Representative Christopher H. Smith, 4th District, and U. S. Representative Jeff Van Drew, 2nd District, in concert with the Ocean County Board of Chosen Freeholders has voiced their frustration over the low increase in benefits; and

WHEREAS, Congressman Smith along with Congressman Van Drew have introduced legislation in an effort to help all seniors relying on Social Security as their sole monthly income, that would provide an immediate, 2-year emergency 3 percent COLA, including 2020 and 2021, during the national COVID-19 emergency; and

WHEREAS, HR 8600, the COVID-19 Emergency Social Security Cost of Living Increase Act, is aimed at helping seniors and other Social Security recipients keep up with rising costs they experience in their daily lives, especially in health care, and

WHEREAS, Congressmen Smith and Van Drew's proposed legislation will also require the Social Security Administration to determine the annual COLA by using a senior consumer price index beginning in 2021; and

WHEREAS, the proposed measure would change the formula so that it gives appropriate weight to the types of expenses which recipients of Social Security and Supplemental Security Income (SSI) regularly face including rising medical and pharmaceutical expenses.

NOW, THEREFORE, BE IT RESOLVED that the **BOARD OF CHOSEN FREEHOLDERS** of the **COUNTY OF OCEAN, STATE OF NEW JERSEY**, soundly supports the efforts of Congressmen Smith and Van Drew to correct the inaccuracies of the SSA COLA formula while also implementing a 2-year emergency 3 percent COLA to help protect our seniors from financial hardships and allow them to continue to live independently without the fear and anxiety that comes from financial concerns.

BE IT FURTHER RESOLVED that this Board encourages all of the Congressional leadership to support and expedite this legislation in order to protect the elderly population that is the most vulnerable and frail.

BE IT FURTHER RESOLVED that certified copies of this resolution shall be made available to Congressman Chris Smith, Congressman Jeff Van Drew, Congressman Andy Kim, the 9th, 10th, 12th and 30th Legislative Districts and all Ocean County municipalities.

The landowner accepted a negotiated offer of \$330,000.00. The next open space acquisition recommended by the NLTF is an 11.98-acre property in the Kettle Creek Watershed Area in Toms River.
