D. THE PLEDGE OF ALLEGIANCE AND PRAYER

F. ORDINANCE - PUBLIC HEARING

CLERK GUNTHER: "Next on the agenda we have seven Ordinances for Public Hearing. These Ordinances were introduced at the last Board Meeting on July 20th. The vote on these Ordinances will be held until the next Board Meeting on August 17th when we have the required quorum."

DIRECTOR KELLY: "Before we do the Ordinances and you just briefly mentioned it but we're going to have the Public Hearing today, but because two Commissioners are absent today we can't vote on this because the law requires us to have two-thirds of the entire membership and of course we have three-fifths instead of two-thirds. So we will actually hold the vote in two weeks. But because we've already advertised this, we're going to have the Public Hearing on all of these Ordinances today. But I wanted to explain why we're not going to be voting at the end of this. So Michelle if you'll take it from there."

DIRECTOR KELLY: "I thank you very much. And we thank you for being here today with us and you've already been introduced. Bettyjean Pace is the Ms. New Jersey Senior America for 2022. She was crowned on June 2nd during the pageant in Harrah's Resort and Casino in Atlantic City... Did you make any money that night by the way?"

BETTYJEAN PACE: "No, I'm not a gambler."

DIRECTOR KELLY: "No. ...where she beat out nine other contestants from around New Jersey. During the contest, she performed the interpretive dance that she's going to do here today... (laughter) ...hoping to bring awareness to the dangers of drug addiction and that's such a great cause and I thank you for that."

BETTYJEAN PACE: "Thank you."

DIRECTOR KELLY: "As Ms. New Jersey Senior America she will travel throughout the state performing at various locations including veterans facilities, hospitals and assisted living facilities. She will next compete, and it was already said in the resolution, in the National Ms. Senior America pageant next month in Hershey, Pennsylvania.

I ask all of you to join me in congratulating Bettyjean Pace from Toms River, the Ms. New Jersey Senior America for 2022 and we all wish you good luck in the National Ms. Senior America pageant. (applause)

So if you will come up. Guys if you will join me."

DIRECTOR KELLY: "I want you to do everybody here a favor and introduce some of the people that you brought here with you today."

BETTYJEAN PACE: "Sure. Okay. This is Debra. She was also in the pageant for 2022. We have Carolyn Slade Harden who is one of our national queens from New Jersey."

DIRECTOR KELLY: "Very nice."

BETTYJEAN PACE: "So I have a lot of pressure."

DIRECTOR KELLY: "You were here a couple years ago, right?"

CAROLYN SLADE HARDEN: "Yes I was."

DIRECTOR KELLY: "Yes you were. I recognize you."

BETTYJEAN PACE: "And we have Denise who is...Denise, what is your exact title? She does everything in our association."

DENISE MECHAN: "I am on the Board of Directors, but I am also Showcase Coordinator so I book the venues that you were discussing."

DIRECTOR KELLY: "Very nice."

BETTYJEAN PACE: "And we have beautiful Sherri (McGhie) that works in this building."

DIRECTOR KELLY: "And we can see that she is a former Ms. New Jersey also."

BETTYJEAN PACE: "And her mom too. So they're a mom and daughter. So we have a lot of great women in our organization. And it's not about all the glamor. We do a lot of good things for people. We try."

DIRECTOR KELLY: "Yes you do. And the cause of fighting drug addiction is among the best things that you do."

BETTYJEAN PACE: "Well, my...if I could say now, I'm going to be a CFC right down the block on Hooper Avenue. I volunteer to do my dance and my song because that's a great place. And if I win the essay which is 500 words or less, it doesn't count anything for winning the nationals but that money that I win will go to CFC for Toms River and it helps a lot of people getting back their lives. And if the pain that people go through...it touches everybody in this town and all over the world, but Toms River really has a lot of problems and we need to do something about it and it takes a village. Right?"

DIRECTOR KELLY: "Yup. Toms River, Ocean County, New Jersey and the country and the world have problems with that."

BETTYJEAN PACE: "Yes. But my heart's in Toms River because I've met so many people that I've talked to."

DIRECTOR KELLY: "Well you're Ms. New Jersey. You've got to expand your horizons. See? You're not just Toms River anymore." (laughter)

BETTYJEAN PACE: "I know."

DIRECTOR KELLY: "You're the whole state now."

BETTYJEAN PACE: "Wait til I get the national!" (laughter)

DIRECTOR KELLY: "Okay, is there anything else that you want to say?"

BETTYJEAN PACE: "No. I just want anybody who is 60 and over, if you have a talent or we can help you and train you in having a talent and we have a wonderful organization called the Cameo Club and it's a sisterhood and we would love for you to talk to one of our ladies and we'll tell you all about it. And it's a great thing we feel. So just reach out to us. If you know someone that's not here right now and you think that would be good, just go to Sherri.

She’s always here. Thank you.”

DIRECTOR KELLY: "Okay. Do you want to add anything Commissioner?"

COMMISSIONER VICARI: "All I can say is that we have the happiest, healthiest senior citizens not only in New Jersey but in the United States. That’s why they come here. We appreciate your contributions. But this is a perfect reason for everyone to see why Ocean County is number one because everyone reaches their full potential. And we appreciate you not only coming today, but you make it look good for us in Ocean County.”

BETTYJEAN PACE: “Aw, thank you. Thank you for having us.”

COMMISSIONER VICARI: "And we have some excellent programs that come to Ocean County. We have the best that’s recognized not only by Congress, but throughout the United States. And you’re one of the reasons why they come here.”

BETTYJEAN PACE: “Thank you. I wanted to do this when I grew up because I worked at a senior...I was a director for seniors with memory loss and I used to see all the ladies come and I would think one day, and I used to ask, can I do it this year? And they’re like, who wants to be 60 so bad? (laughter) But I wanted to be in it so I did it I guess. You have to have a dream. Always dream.”

COMMISSIONER VICARI: "And reach high.”

DIRECTOR KELLY: "Commissioner?"

COMMISSIONER CREA: "Yes, I just want to say this. I’m very proud of what you’re doing.”

BETTYJEAN PACE: “Aw, thank you.”

COMMISSIONER CREA: "This is amazing. I see a lot of seniors around throughout the towns, throughout the county and everything, and they’re going to put this...I don’t want to say on my tombstone, but you could probably put it that way...I plan to wear out, not rust out'. So that’s just exactly what you are and I’m very proud of what you’re doing. And thank you for what you’re doing for the people.”

BETTYJEAN PACE: “Thank you so much. Thank you everyone for having me. I appreciate it.”

DIRECTOR KELLY: "Now do you want anybody else in the picture?"

BETTYJEAN PACE: “I think they should all come up.”

DIRECTOR KELLY: "Okay. First we’ll do one with this year’s winner.” picture taken “Okay, now if all of you will come up and join.” pictures taken

“Now ladies you are welcome to stay for the whole meeting and you’re also welcome to leave if you would like to.”

BETTYJEAN PACE: “Thank you. Bye.”

U. COMMISSIONER COMMENTS

At 4:20 PM, Director Kelly received the following comments from members of the Board:

DIRECTOR KELLY: "Starting with Commissioner Crea."

COMMISSIONER CREA: "I have none. Thank you, Director."

DIRECTOR KELLY: "Commissioner Vicari."

COMMISSIONER VICARI: "Yes, several comments if I may, some good things. Our good friend and Director, Superintendent of Consumer Affairs, Steve Scaturro, was honored last week by the State of New Jersey – our Attorney General and many others. They gave him a certificate for years of service. Unfortunately his term is coming to an end. He decided to retire early. We tried to talk him into staying a little bit longer, but his lovely wife said you know it's time to stay home and take care of your grandchildren and great-grandchildren. So Steve, you did us well. You are not only a great person, but you are the leader of not only Ocean County but the State of New Jersey in doing many reforms. When they need something, the Attorney General calls up you and your office and we want to thank you for 16 years of service that you have given us and the 50 years in law enforcement.

And also under Correspondence Received, we received two letters congratulating your assistant, Ed McBride for doing an outstanding job. So Steve, good health to you and your family and thank you for your service to the County of Ocean and the State of New Jersey.

Some good news which we like to say, the Sensory Room which we were one of the first in the United States to do, was acknowledged by our library in national magazines as being not only one of the best, but showing sensitivity to those that have disabilities and that need some help.

When we build the new library in Stafford Township we will also have a Sensory Room and eventually we are going to phase it into all of our buildings in Ocean County.

The next thing, some more good news! Toms River Little League, my area of Toms River, won the State Championship and we're very optimistic they're going to go on to win the Nationals. So again, a lot of good news.

Tourism is doing great! Doing outstanding this year. One of the best years ever! Over \$6 billion just in Ocean County. 98% of all the tourist industry of course is small businesses. They had not only an outstanding year, most of the schools we're working with will not open until after Labor Day so it gives the students in our high schools and it gives the teachers an extra week's pay to keep it going. The J-1 visas expire on September 1st. So we thank the cooperation of the County Superintendent of Schools in Ocean County for really doing a great job.

The next thing that we're working on as an initiative with Senior Services is the Medication Temperature Program. We found over the last several years that as there are more mail deliveries with people getting prescription drugs in their homes because it's cheaper and some companies they say that it's more convenient for them, it's a 30 degree difference in temperature. For an example, today it will be close to 130 degrees in your regular mailbox due to the fact of the sun hitting it. A lot of prescription drugs are put in the mailbox outside the house or left on the steps and it definitely, positively, there is no question about it, according to government surveys it has an impact on the efficacy of the medications. So that's something that we're working with. I've been in contact with our two United States Senators and our twelve Congressman to say you know something? We need some guidelines. Please take a look into it. And if someone has medicine that is sensitive, if they can't pack it in certain packaging please take a look at it and make those modifications which is extremely very, very important.

And the last one is that as the tax bills go out for this quarter, the County has always taken a position that the SALT tax which is a state and local tax deduction should be adjusted, should be changed. So we're going to be very forceful with that. Both Democrats and Republicans agree that it hurts New Jersey more than any other state including New York and of course California. It's just totally not fair. And a lot are saying 'No SALT tax, no deal'. But it should not be part of any other legislation. They should raise the \$10,000.00 deduction on your Federal Income Tax and make it more reasonable to us not only in Ocean County, but throughout the State of New Jersey because of the high taxes that we do have.

So that concludes my report for today. We thank everyone for coming. So therefore we have three Commissioners and we're not going to keep it like this all time Mr. Director. We will go back to five, but we will not have seven. Thank you."

V. PUBLIC COMMENTS - "Comments from members of the audience are invited at this time with a limit of five (5) minutes per speaker."

At 4:25 PM, Director Kelly opened the meeting to receive comments from members of the public:

DIRECTOR KELLY: "Okay, we will now open to public comment. Public comment is open to any subject you might want to broach. There's a five minute time limit and we ask you to identify yourself by name and address. Madam Vice Chair."

RUTHANNE SCATURRO, BRICK: "Thank you Director and thank you Commissioners for having the time to listen to what I have to say today.

I know we've just discussed some of the Consumer Affairs things and in the interest of full disclosure, my husband is Stephen Scaturro, so I do have a vested interest in his retirement. And he's going to be my driver. He's not going to be taking care of the kids.

But for those of you in the room that may not be aware of all the things that Consumer Affairs does, I'd like to share with you some of the complexities. The department operates under the Consumer Fraud Act. And I know that until Stephen got involved I had no idea how far-reaching everything was. They're charged with the protection of the public and ensuring that businesses comply with the Consumer Protection Laws of New Jersey. And I might add, they are the silent heroes. Most of us never think about consumer fraud until we have something occur to us, whatever it may be, especially a parent during Superstorm Sandy when Ocean County was just deluged with so many contractors that came from Texas and Arizona and places where they didn't have the proper licensing.

Also during COVID, I bet a lot of you don't know that – I know you do, Commissioner Vicari because that's your area – but during COVID, the men and women in the Department of Consumer Affairs were still going out and checking to make sure that things like price gouging wasn't occurring. Even though most of us were huddled in our homes, they were out making sure we all got the right pricing for those items.

And the staff is comprised of investigators who mediate and enforce the complaints between the consumer and their goal is to satisfactorily mediate these things so that you don't have to go to court. But sometimes you do. Sometimes the investigators have to go to court and testify.

But they also have the Division of Weights and Measures that is also part of Consumer Affairs. People probably don't realize that almost everything we touch and buy in the stores is somehow controlled by Weights and Measures. A dozen eggs – making sure the unit pricing is right. The scales where you buy your cold cuts – they have to go in and test the scales. A yard of cloth – maybe they're short-changing you when you go to Joann's Fabric. Buying of gold – making sure the weighting system and the process is proper. A cord of firewood and especially the gas pumps. I don't know how many there are, but I know there are a lot of gas pumps in Ocean County that they go out and they have to test on a regular basis.

Ocean County has one of the most vulnerable populations. A third of our citizens are over the age of 65. So the Director and staff conduct many speaking engagements where they talk about identity theft, lottery scams, lemon laws, elder law. Mostly they do it for seniors in the senior communities, but they do it for so many whether it's schools, nonprofits – they go out and speak on a regular basis to educate everybody on what's going on in the county and how they can protect themselves.

The Ocean County Department of Consumer Affairs is thought to be the best in the state as Commissioner Vicari said. They have received many accolades not only from local people like the Prosecutor's Office, but also from the State Commissioner, the Attorney General's Office and actually I know sometimes they even call Ocean County to find out how they should handle certain things because they have set the standard in New Jersey. And in those compliments they don't only compliment Stephen Scaturro, the Director. As Commissioner Vicari said, they also compliment Director Ed McBride because he works hand in hand with all of them.

So this brings us to the vacancy of Director of Consumer Affairs. Like every organization you have to do your due diligence. You have to look into who would be the best replacement when someone leaves or retires. However, in today's day and age you would think especially because of the population Ocean County serves that we would try to make a seamless transition from Stephen leaving on August 31st – today is August 3rd. And it seems though as soon as he announced, which was several months ago, that he was going to retire, mice were coming out of the woodwork to claim the job for their own. Unfortunately, many of these people that I heard names of and I think Commissioner Crea mentioned this one time, that you never know who you're going to get until somebody decides to retire. So you get all kinds of names thrown out there."

DIRECTOR KELLY: "I have to ask you to wrap up your five minutes."

RUTHANNE SCATURRO: "Okay. I am. So on this I would hope you don't do on-the-job-training. Ed McBride who runs the office now when the Director is out, if the Director has to go to a meeting, the Deputy Director is the person who handles the cases. The reason that you need somebody and that you have somebody as a Deputy is because they can step in immediately and handle everything.

Ed has been a loyal, excellent employee for 20 years – even helping out as an Interim Director in Veterans (Services) and I'm sorry Commissioner Quinn isn't here because he was part of that. Ed is the right person for the job so I hope you guys do the right thing and think very seriously about who the next Director of Consumer Affairs is because I really think it should be Ed McBride who is the Deputy Director. Thank you."

DIRECTOR KELLY: "I will tell you this, we discussed it at a meeting. I said at that meeting I will vote for no one but Ed McBride. I've known him for many, many years. I've known the great job that he does. And I am satisfied that no matter who else that we may interview, the one person that knows that job inside and out and came there under Ken Leake. He didn't come there under your husband. He came there under Ken Leake years and years ago and I know him that many years ago. And I will tell you that there were some that wanted us to post the position so we did. I did not feel it was necessary. It's a department head job and we generally don't post those because it's a top level job and we know how to go and find the proper people. But we have posted it. Joe will lead the committee and I'm not even going to be on this one to interview whatever candidates want to be interviewed and then Commissioner Vicari

who oversees that department will make the recommendation to the Board and the Board will then take its action in the coming weeks ahead.”

RUTHANNE SCATURRO: “Thank you Director.”

DIRECTOR KELLY: "So that's how we're going to proceed, just so you know. Joe, if you will.”

COMMISSIONER VICARI: "Yes, if I can add to it. I've been in charge of that department as the liaison for over 41 years and one of the reasons is, of course, my family was always into small business and we understand the importance of working not only with the small businesses but also protecting the consumer which is extremely very, very important.

Not all counties have a Department of Consumer Affairs. They have Weights and Measures. It was decided before I came that we want to protect our consumers – very, very important – and be an advocate for businesses. And as I've said before, he has done an outstanding job.

When this came up in Executive Session I supported, of course, Ed McBride. I did not know that we were going to have a committee. I believe experience is very important. I believe the work record of Ed McBride has been outstanding – a retired police officer, veteran of the Marine Corps, a disabled veteran who received accolades from the Attorney General and everyone that works with him throughout the State of New Jersey. But it was decided at that time and there was a comment made, and perhaps you would want to add to it Carl Block, that several members of the Board of Commissioners did not want to go and promote from within. I have never heard of a situation since I've been here, and the professional staff has told me the same thing, we have not only promoted from within but the next in charge. Ed McBride has waited 21 years and more to take this position. And he was offered by other Commissioners to be Director of Veterans Affairs when he was doing both when there was a vacancy. He decided not to take that. He decided that someday what he wanted to do was to end his career as the person in charge of Consumer Affairs and lead Consumer Affairs and do an outstanding job. So I did say that and I was supported, of course, by Commissioner Kelly. But in order to get anything done you need three votes of the five. As you know, you were here at the Reorganization and experience did not count when I had certain departments and seniority did not count. I think to really give everyone a good picture of what's taking place, that Carl Block who made those comments at Executive Session should give you not only what took place but also the process. I will not be on a committee to do any screening. I want to be fair and above board. There will be several members, four members, that will screen the applicants. I believe there's five right now at the present time. I believe it's over – that application process – on Sunday, so which will probably make it on Friday. So if the Administrator wants to give an update I would appreciate it.”

DIRECTOR KELLY: "Okay, the only thing I just want to say is one thing that Joe said several didn't want to appoint from within. No one said they didn't want to vote for anybody from within. They just suggested that we post it to see what else is out there. Even though I disagreed with that. There's nothing bad about looking at who else is available, but no one indicated that we should not move up from within. I just don't want to be unfair to other people.”

RUTHANNE SCATURRO: “Well promoting from within is very important for morale too when you have, you know...”

DIRECTOR KELLY: "I see a lot of reasons for it.”

RUTHANNE SCATURRO: “But you have to work...”

DIRECTOR KELLY: "But I just wanted to make it clear that nobody said they wouldn't vote for that. They just said they would like to post it and see who else is available.”

COMMISSIONER VICARI: "But if we do it for this one position then I think that's going to set precedent.”

DIRECTOR KELLY: "Yes. Me and you agree on that.”

COMMISSIONER VICARI: "Then we do it all the time. So you just can't do it for one in Consumer Affairs without doing it for the next thing.”

RUTHANNE SCATURRO: “Not a bad thing.”

COMMISSIONER VICARI: "So if that's the policy of the Board of Commissioners to do it for every single position, if that's what they want to do, again if they have three votes then that's the way it's going to be. That's the policy. So if our Administrator could give us an overview I would appreciate it. Thank you.”

DIRECTOR KELLY: "He wants you to give an overview, but I don't know of what. Tell Carl what you want him to give an overview of.”

COMMISSIONER VICARI: "Okay, unfortunately sometimes it's difficult. Can you hear me?”

ADMINISTRATOR BLOCK: "I've been listening through this thing.” (head phone)

COMMISSIONER VICARI: "Okay, what's happening is that when we were ready to appoint, at the last workshop meeting, caucus meeting, Ed McBride, there was a Commissioner who had some questions. So we spoke about that. And I want you to speak briefly about the process, for the record, of how we set it up, who is going to do the evaluation and make the recommendation to the Board of Commissioners by the next meeting."

ADMINISTRATOR BLOCK: "Okay. So I apologize for that. After much discussion and the advertisement, the answers to the advertisement for those who want to be considered are going to send in a resume to Rob... where's Rob? Standing in the back over there. Rob Greitz. There is a committee that is set up that does not include Freeholders, but in fact just in the minutes today, and I believe it is Rob himself who is going to be on the committee. And who else do you have?"

ROB GREITZ, EMPLOYEE RELATIONS DIRECTOR: "Mike Fiure, Antoinette DiPaola and the outgoing Director, Steve Scaturro."

ADMINISTRATOR BLOCK: "With that, those interviews will be completed and the rankings given...or the opinions given to the Commissioner liaison of the department who will then make a recommendation to the entire Board."

RUTHANNE SCATURRO: "Thank you. I appreciate your time."

COMMISSIONER CREA: "Can I take a moment please?"

RUTHANNE SCATURRO: "Oh sure."

DIRECTOR KELLY: "Sure. Yes."

COMMISSIONER CREA: "Because I want to clarify something that was...can I be heard? I want to clarify something that was said because I too was at that meeting. And I was...I believe you just said that, and I thank you Director for clarifying the fact of saying that there was not to be...a comment was made to not promote from within. And that was not the comment that was made. The comment that was made and it was made by me and I will readily admit it. The comment that was made was I do not know Mr. McBride. I wouldn't know him if he was...I don't even know if he's in the room. And the comment that was made was whether or not other people would be interested. It is entirely possible that Mr. McBride will wind up with the position, but it has always been my experience that people should be allowed to know. And if that has not been the practice of this organization, that is fine. However, I was the one who made that recommendation. And to that point, I don't want it to be believed that I did not, and I did not say, that no one should be promoted from within because I am aware of the fact that...let's put it this way, I believe that there may have been in years past and correct me if I'm wrong, people that have come from the outside as positions and they were not promoted from within. So it's not something that has never been done in the past."

RUTHANNE SCATURRO: "Right. And some people that don't have the qualifications sometimes get taken from the outside when you have a perfectly good person who has those qualifications so..."

DIRECTOR KELLY: "Okay, let's not..."

COMMISSIONER CREA: "Okay."

RUTHANNE SCATURRO: "No I'm just saying that I think..."

COMMISSIONER CREA: "I understand."

RUTHANNE SCATURRO: "...it's important that you look at the qualifications whether it's, I think from inside is the best, but even if it's from the outside you need to make sure that you look at those qualifications and make sure especially in a position like this because to have it not be seamless would be a detriment to the citizens of Ocean County because they count on this."

COMMISSIONER CREA: "Absolutely. I don't disagree with you."

DIRECTOR KELLY: "People sometimes just see things differently."

RUTHANNE SCATURRO: "Right. And that's fine."

DIRECTOR KELLY: "We put in a new...our Warden retired in the beginning of this year and that happens to be my department. The name I put up was the Deputy Warden. We didn't interview anyone else. The Deputy Warden has been there for 30 years, has been doing a great job, and I know the Deputy Warden, know his work ethic, was satisfied that he would move that department ahead, and I moved it ahead. Others believe, and you know there's room for disagreement on these kinds of things, that we should always post every position. I don't believe that for Department Heads because almost, not every single time, but almost every time you have a second person ready to go. So I don't think it's a good thing to start as routine, but that's one man's opinion."

RUTHANNE SCATURRO: "Right."

DIRECTOR KELLY: "And there are five members. I said it last 2 weeks ago and I'll say it again. There's five

members of this Board of Commissioners and it's what the five members jointly agree on. That's the way we'll move ahead. I don't always get my way."

RUTHANNE SCATURRO: "Nor do I."

DIRECTOR KELLY: "And I don't think that's a bad thing because I know that my wife is not with us anymore, but she would tell you that sometimes I'm wrong. So..."

RUTHANNE SCATURRO: "Well I thank you all for your indulgence."

ADMINISTRATOR BLOCK: "Mr. Director, could we also say in the posting it's not just that the job is available. It has qualifications and the expertise you should possess. That will be the measuring stick. And then the questioning would be uniform across requesters. We are going to standardize things."

RUTHANNE SCATURRO: "Which that is a very good thing. Having been in Human Resources, always have the same questions for everybody."

ADMINISTRATOR BLOCK: "I knew that."

DIRECTOR KELLY: "That's what I did last time. Anyone else like to address? Yes. Please come forward. And remember the little rule – your name and address. Well, you can just say Toms River."

CATHY LINDENBAUM, BRICK: "Hello everyone. Thank you for letting me speak. As a Municipal Chair I have heard many names bantered back and forth as to who would be the best person to replace Stephen Scaturro as Director of Consumer Affairs. But are these people qualified? That's the question."

I can tell you that if you, after listening to what Consumer Affairs does which I really didn't know and reading a job description of roles and responsibilities for that position, there is only one person that comes to mind and that person already works for the department. That would be Ed McBride. He's a veteran who served in the Marines protecting our country, 20 years with the North Plainfield Police Department where he was Sergeant protecting the public, and 20 years in the Consumer Affairs Department protecting our very citizens of Ocean County. He's an active member and leader in the American Legion. So tell me who is more qualified than Ed McBride who has shown leadership and dedication to protecting the citizens and should be the next Director of the Department of Consumer Affairs. Thank you."

DIRECTOR KELLY: "Okay. Thank you. Anyone else like to address the Board at this time? Gary, you remember the rules, right?"

GARY BLACK, ROUTE 9, BAYVILLE: "Yes. I've been up here once or twice. I'm still looking for another place. So if anybody is renting a place, please contact me. I've got to through that in."

What I am coming up for is I was actually disappointed when I heard Steve Scaturro was actually retiring. I saw it online the other day. He actually took the Board in a very good direction. I remember Kenny (Leake) even though Kenny and I had some differences. He did a great job with Consumer Affairs, though he had more of a negotiating method of doing things. Steve Scaturro actually put the law enforcement end into it which is necessary because let's face it, some businesses are scams. It's out there. Even some of your name companies, your big companies, pull scams. There's all new shoplifting scams. There's all that. In fact, Steve helped me out on that one time with one of my daughters. And basically he negotiated, but there was a growl behind the negotiation and that's what is needed. And businesses in Ocean County have got to know that there's a growl there. There's a lot of great people doing excellent work with their business, do it honestly and all that. And they don't need to be defamed by scum that's playing scams. Steve has definitely made Ocean County known that it's not a place to play. You do it right or else and that's the way unfortunately things have to be nowadays.

I don't know, for a while there years ago I used to call myself a scam magnet because everywhere I turned around I was getting hit with something. So I know the importance of this position. I don't shop outside of Ocean County because of it. And I'm not making this up. This is not political. You know me, I talk as I am. And our Ocean County Consumer Affairs is one of the best in the state, if not the best. And the only reason I said that, I don't shop outside of Ocean County, so I don't know what else is out there.

I have been out of state and I've seen some crazy stuff. Contractors – I used to be a plumbing contractor and I actually had to get out of the business because in the early '90s in my business – I'm going to give you an idea of how long ago it was – with insurances and all that because I did operate legitimately with a license and all that cool stuff, based on a 40-hour week it cost me \$35.00 an hour to exist which means my service charge was close to \$50.00. I kept it down as much as I could to compete. But what happened was the work slowed down, the building slowed down, so all the subcontractors all of the sudden became home improvement contractors and where I had a bunch of business expenses, they're biggest expense was a 6-pack in the morning. And I couldn't compete with that. And what a lot of people don't know, if you have somebody that's not qualified, doesn't know what they're doing, no licenses and many without insurance – if something goes wrong, your insurance is not going to cover it. Your homeowner's (insurance) is not going to cover it because it was done illegally. So you're screwed. And it's good to have it known that we have a department like this that has our people's backs and does everything they can. Like anything else, they can't be everywhere but I'm really glad Steve took it in a different direction, in more of an enforcement direction, and

I can't praise him enough for that. And I hope that continues. I heard the one guy brought up, McBride, has a law enforcement background and I think that's a good idea.

It is a good idea to post it because, of course, politics is...you know I deal in that a lot...for some reason I want to say 'the good 'ole boys club'. You know it as well as I do. And who knows, maybe you might have a former US Attorney General who may want the job and I don't mean Eric Holder. Even though it's unlikely, it could happen."

DIRECTOR KELLY: "Being from the federal government, I'd be sure to be against it. But go ahead." (laughter)

GARY BLACK: "No, we've had a couple good ones. The last one with Trump wasn't bad. I don't agree with him on everything, but he wasn't bad. So keep it open in case a miracle does come in...maybe Jesus will come down and want the job. Who knows? But otherwise you need somebody that knows Ocean County, knows the department, knows what to do and that would be obviously the best decision unless a miracle happens. So you've got to be open for that. So again, I'd like to thank Steve for the work he's done. He's taken this department in his direction and I think it was a great direction, a great change that he did, and he's made Ocean County a place for scam businesses to think twice about being here. Thank you."

DIRECTOR KELLY: "Thank you Gary. Okay, would anyone else like to be heard today? Seeing nobody raising their hand, I will close the public session and ask for a motion to close the meeting. Thank you all."

Proclamation

August 3, 2022

WHEREAS, Ferragosto is a public holiday celebrated on August 15th in all of Italy. It originates from Feriae Augusti, the festival of Emperor Augustus, who made the 1st of August a day of rest after weeks of hard work on the agricultural sector; and

WHEREAS, it became a custom for the workers to wish their employers "buon ferragosto" and receive a monetary bonus in return. This became law during the Renaissance throughout the papal states. As the festivity was created for political reasons, the Catholic Church decided to move the festivity to the 15th of August which is the Assumption of Mary, allowing them to include this festivity; and

WHEREAS, this festivity was also used by Mussolini to give the lower classes the possibility to visit cultural cities or go to the seaside for one to three days, from the 14th of August to the 16th, by creating "holiday trains" with extremely low cost tickets for this holiday period; and

WHEREAS, food and board was not included, this is why even today Italians associate packed lunches and barbecues with this day. By metonymy, it is also the summer vacation period around mid-August which may be a long weekend (ponte di ferragosto) or most of August; and

WHEREAS, up until 2010, ninety percent of companies, shops and industries closed, but with growing influence from other non-Catholic countries, and the fact that closing an entire country's industry for a whole month meant an incredible loss of money and backlog of work, most companies now close for about two weeks forcing all workers to take imposed vacation similar to the 25th of December.

NOW, THEREFORE, I, JOHN P. KELLY, DIRECTOR of the **BOARD OF COMMISSIONERS** of the **COUNTY OF OCEAN, STATE OF NEW JERSEY**, on behalf of this Board, do hereby proclaim August 15, 2022 as:

FERRAGOSTO DAY

in Ocean County and join with Italian American citizens of Ocean County in celebrating this event.

Subject: Request for Exemption: Scope of Work; PRICE QUOTES AND INVOICING; The vendor must show current manufacturer's list price, percentage (%) discount, and net price on quotes and invoices.

Reference: County of Ocean, Toms River, New Jersey Solicitation: **PARTS AND ACCESSORIES FOR VEHICLES AND EQUIPMENT WITH GVWR 15,000 LBS. OR GREATER** Scope of Work (SOW); PRICE QUOTES AND INVOICING

Johnson & Towers is requesting consideration to deviate from the Price Quotes and Invoicing requirement; The vendor must show current manufacturer's list price, percentage (%) discount, and net price on quotes and invoices.

If awarded, the discounts will be embedded into Ocean County's account, however the system Johnson & Towers uses (Procede) is not capable of creating Estimates and Invoices that displays the (%) Discount. However, included on the documents is the "List Price" and the "Customer Price." The end user would only have to apply a simple calculation to audit the % Discount.

Thank you in advance for considering this request.
