

October 1, 1978

Dear Mr. Koenig,

Every few weeks a friend of mine
and I take rides through unbranded
trails in the Pinos-are very favorite
place in this country, around 2001st. 2002
from ground some of the most beautiful spots
on these journeys - but in the early
Spring of 1977 we felt as if we
were in another country when your home
came into view - I was breathless and
it's beauty, it's location and I could see
at a glance I had been said for with being

March. We had no idea at the
time what is was - or who owned
it, but we returned to view it many
times - even showing the reel with other
friends who were as fascinated as we were.
Then in May of that year I opened the
Press - and there it was - the picture
and the story of your home - and we were
delighted that someone else had recognized a
Treasure!

After the legend of '78 we drove
up to see how it looked in the snow and
the snowed pictures show how we found it.
You may show them - and if one day you'd
like to show the movie - please let us know.

Sincerely

Sheila M. Boyle
