Dear Mr. Avery:

On April 8, 2004, the Department received an administrative action request with an Ocean County Board of Chosen Freeholders Resolution authorizing the Ocean County District Solid Waste Management Plan (County Plan) inclusion of the Ecoglas Recycling, Inc. Class D recycling center.

On August 4, 1992, the Ocean County Board of Chosen Freeholders adopted an amendment to the County Plan, which was certified by the Department on January 14, 1993, that would allow the inclusion of recycling facilities in the County Plan through a "blanket inclusion policy". Such a resolution can be made without a public hearing provided that there is no substantive written objection submitted during the comment period and provided that the applicant meets all other provisions of the blanket inclusion policy.

The April 8, 2004 administrative action proposes County Plan inclusion of the Ecoglas Recycling, Inc. Class D recycling center, located on Block 1605, Lot 5, 175 North Oberlin Avenue, Unit 3, in Lakewood Township, to accept cathode ray tubes for recycling. The administrative action did not include a capacity limitation; therefore, it will be determined during the engineering review phase of the Class D Recycling Center General Approval Application review, which is required for this facility prior to operation.

Therefore, pursuant to N.J.A.C. 7:26-6.11(b)14, the inclusion of recycling facilities in the County Plan through a "blanket inclusion policy" may be considered for approval through the administrative action process. Therefore, this amendment is hereby approved as an administrative action pursuant to N.J.A.C. 7:26-6.11(f).

The approval of this administrative action should not be construed as an approval by the Department to begin the proposed recycling activities at the facility. This activity shall be preceded by the acquisition of all necessary permits and approvals pursuant to N.J.S.A. 13:1E-1 et seq., and all other applicable laws.

If you have any questions relative to this action, please contact me at (609) 984-3438.

Sincerely,

A handwritten signature in cursive script that reads "Guy J. Watson".

Bureau of Recycling and Planning
