Board Meeting Agenda

Date: September 6, 2017 - 4:00 PM
Location: Administration Building
Room 119
101 Hooper Avenue
Toms River, NJ 08754

A. Call to Order

The Regular Meeting of the Board of Chosen Freeholders of the County of Ocean was called to order on September 6, 2017 at 4:00 PM, Room 119, County Administration Building, 101 Hooper Avenue, Toms River, Ocean County, New Jersey, with Freeholder Director Vicari presiding. Members Kelly, Bartlett, Haines and Little were present at the call of the roll.

B. Roll Call

C. **STATEMENT** Compliance with the Open Public Meetings Act

Joseph H. Vicari, Freeholder Director, read the following statement of compliance with the Open Public Meetings Act:

"In compliance with the 'Open Public Meetings Act' of the State of New Jersey, adequate notice of this Meeting has been provided in the manner prescribed by law."

D. The Pledge of Allegiance and Prayer

DIRECTOR VICARI: "Before we begin the meeting I'd like to acknowledge the former Attorney for the Board of Chosen Freeholders, Franklin Berry, who served for 29 years. He is here today to observe. If anyone has any questions or comments after this, it's non-billable hours. It's all free. It's all gratis. He has a lot of history of Ocean County himself and, of course, his family. So Franklin Berry we appreciate you coming here today and being so generous with your time. And remember, it's non-billable. No bills allowed. (laughter)

At this time, I will turn the meeting over to Mrs. Vasil to begin with Item E."

CLERK VASIL: "Thank you Freeholder."

2. Division of Local Government Services approval of four (4) Items of Revenue.

R. CORRESPONDENCE

1. PSE&G Notice of Public Hearing concerning rate increases.
2. State Department of Human Services annual programmatic and fiscal assessment of the OC Office of Senior Services.

DIRECTOR VICARI: "I just want to make one comment on R-2, Correspondence, from the State Department of Human Services, the Annual Report. The good news is there is no correction action and no adverse findings in this assessment. This is from one of my departments - from the Office of Senior Services - that oversees a budget of \$5.4 million. It also oversees the highest population of pharmaceutical assistance - over 13,000 senior gold prescriptions. It's also the largest number of State Health Insurance Programs that we monitor. Also over 279,000 home-delivered meals for congregate programs and the list goes on and on.

So I want to thank all those who work there. Sue Kaiser is here today. There are no comments. There are no suggestions and it's a model for the State of New Jersey. We get many calls and sometimes they come to our Office of Senior Services. We have one of the highest percentages in the State of New Jersey and also perhaps, I would say, in the United States and it's a job well done. As our population gets older there is more and more that they ask for with our departments. So I commend you and the Department of Senior Services for doing a great job for the Board of Chosen Freeholders and the people of Ocean County.

That concludes the business portion of the meeting."

S. FREEHOLDER COMMENTS

At 4:06 PM, Freeholder Director Vicari received the following comments from members of the Board:

DIRECTOR VICARI: "I would just like to say that as you see the inclement weather I just want to let the people of Ocean County know that I had a staff meeting today with Mr. Meyers and administrative staff and we are prepared for anything may occur. It is a very difficult time with the storm because of the trees pulling down the electrical wires. All the generators are checked for diesel fuel and natural gas. The County never closes, 24/7. It is the law enforcement, the jail, communications and all of the services that we do have so it's always open and more so during times of need for the people of Ocean County which is proven many, many times, especially when we had, of course, the hurricane, Superstorm Sandy. So we are prepared.

And Mr. Meyers assures me that the people are not only ready and willing to show up, but again, we have about 135 buildings. We maintain the courts and we maintain many other buildings. So whatever happens, we'll be here to serve the people of Ocean County.

I will turn it over now, to my left, Freeholder Gerry Little."

FREEHOLDER LITTLE: "Well, thank you Mr. Director. I wasn't expecting that this time. Not only is the County open 24/7, but our Freeholder Director is open and available 24/7, right?"

DIRECTOR VICARI: "All the time."

FREEHOLDER LITTLE: "All the time. That's right. Well, only in Ocean County. It's good. Just to follow up on your comments about storm preparedness, our Health Department, Road Department, Vehicle Services Department, and our Recycling Department, all of those departments are actively involved in prepping for any potential storm or impact of Hurricane Irma, I guess is the name, should it eventually come up along the coast. They're topping off their vehicles with fuel and making sure everything is in place in the, hopefully remote chance, that we are impacted by this storm.

And our Health Department, specifically, they have a mobile morgue which hopefully we don't need. They checked all that out. A mobile medical needs shelter. That's in place if that should need to be set up. And administrative preparedness measures with the Department of Health to make sure that we have the necessary health officials and staff available if necessary.

So we thank all of our departments. I'm sure the other ones too under Freeholder Kelly with the Department of Law and Public Safety. And probably Freeholder Haines with Human Services, they are all onboard and prepping up as well.

And with that, I'd also like to mention that I'm sure all of you have heard news reports that because of the Hurricane in Texas there are a number of displaced pets and animals who have accumulated because of loss of property and so forth, so our Health Department has as a contacted the folks in Texas and we are available to assist if it's necessary. We haven't received any of those animals or pets yet, but we are available to assist. And I would also mention that if we do receive any of those animals they will be processed in the normal fashion. They'll be given all their shots and so forth, necessarily, before we try to adopt them. And there will be no cost if we do receive any of these pets or animals. There will be no cost to our taxpayers because we have a trust fund with our Health Department, through our Animal Shelter people, of money that's donated from annuities and from people who pass away and leave some of their assets for the care of abandoned pets. So we have a fund available for that and there will be no cost to our Ocean County taxpayers if we do receive these pets.

And lastly, our Health Department on the 14th of this month, as we always do every year, will be beginning our annual Flu Immunization Program. We have 60 sites set up as we always do - many of them in senior citizen communities where we go in and hold a Flu Clinic. And, especially this year, we are actually advancing some of the services that will be provided at 16 sites. We will also conduct blood pressure, stroke risk assessment, glucose screening, cholesterol screening, and pulse-ox monitoring which is monitoring the oxygen content in your blood. So

those additional services we will be providing at no cost to any of our residents or citizens. Again, many of those will be in the retirement communities here in Ocean County to support Freeholder Vicari's Senior Citizen Programs and how we all work together. So there's a brochure up front. So if you want a list of the Flu Clinics that we have here, we have our annual brochure up front. And, of course, all of this is also on our Ocean County Health Department website which is very easy to remember - ocmd.org. So again, we are working to make sure that in the distant and hopefully remote chance of any impact of a storm that we will be ready record as the Director indicated. Thank you."

DIRECTOR VICARI: "Thank you Freeholder Little. And again, the Ocean County Board of Health is largest service provider in the entire State of New Jersey. It's quality service. And we thank Dan Regenye for being here. You always come to all of our meetings to listen firsthand about the needs of Ocean County and you are doing a fantastic job. Freeholder Ginny Haines."

FREEHOLDER HAINES: "Thank you Mr. Director. Very briefly, I want to welcome Franklin back. It's good to see him. It's so different seeing you on that side of the table when for so many years he was up here. But it's really good to see you again Franklin."

I just want to say my prayers, along with all the other Freeholders, go out to everyone with Hurricane Harvey. I know they are now recovering, but we all understand what happened with Sandy and the effects that it had here in Ocean County. So I know all of our prayers are being sent to those individuals. And, of course, today they are evacuating people in lower Florida. So anyone with family there, our prayers go out to them. Hopefully it'll just slow down and maybe go out to sea and they won't have the problems that Harvey impounded upon those in Texas and part of Louisiana.

And last, but not least, is HOPE Sheds Light. I want to thank the Ocean County employees. Joe and I are the Co-Chairs of the Ocean County employees for the HOPE Sheds Light Walk which is on Saturday in Seaside Heights. We've raised several thousand dollars for that and I want to thank the County employees for that. I'm looking forward to Saturday. I think the weather is going to be nice. And if you have not joined for our walk, there is still time for you to join. We are looking forward to seeing you there on the walk. Everybody will get their shirt that has signed up and it will be a great walk and it is for a great cause - HOPE Sheds Light, for addiction which we are trying to combat all the time, not just in Ocean County, but definitely all over New Jersey and the United States. But we really want to do all we can to help those that have been afflicted with addiction and their families to give support. That's what HOPE Sheds Light does. I just want to thank everyone and especially the County employees for being so supportive this year. Last year when I started it we had some, but this year we have a lot more that have signed up. So I know it is going to be successful. Thank you."

DIRECTOR VICARI: "Thank you Freeholder Haines. Freeholder Kelly."

FREEHOLDER KELLY: "Thank you Mr. Director. It's been alluded to the Sheriff's Department, the Emergency Management Department, the Security Department and all those from Emergency Management are ready in case we do have impact from Irma. So we're ready to go and hopefully, as everyone here has already stated, it doesn't hit us. Right now it's not projected to, but you've all been watching what I've been watching and there are so many different projections of where this storm could go. So we're not going to wait to see if that happens, we're ready and prepared as we speak. Thank you."

DIRECTOR VICARI: "Thank you Freeholder Kelly. Freeholder John Bartlett."

FREEHOLDER BARTLETT: "Thank you Mr. Director. I just want to also welcome Franklin Berry back to this room where he spent so many years and so much time. Franklin is my former neighbor in Pine Beach and I've known him probably forever. And it's always great to see you, Franklin. And again, to thank you and the expertise and professionalism of your law firm. I will never forget a lesson that he attempted and successfully attempted to share with all of us and that is the importance of teamwork, of working together to get things done. And I think we have all done that, but I certainly always remember Franklin Berry preached that at any time that it needed to be preached and part of the success of this Board of Freeholders is from that. So, Franklin, this is a public opportunity for me to say thank you to you personally for all that you have done for us over all these years. Thank you."

DIRECTOR VICARI: "Any other comments from the members of the Board or professional staff? Seeing none, members of the public please come forward and state your full name and mailing address before I close the meeting."

T. PUBLIC COMMENTS - Comments from members of the audience are invited at this time with a limit of **five (5) minutes** per speaker.

At 4:17 PM, Freeholder Director Vicari opened the meeting to receive comments from members of the public. No comments were received, therefore, the Director closed the public portion.

U. **ADJOURNMENT**

There being no additional comments received, Freeholder Director Vicari called for a motion to adjourn the meeting at 4:17 PM.

RESOLUTION**September 6, 2017**

WHEREAS, the Ocean County Board of Chosen Freeholders is the Designated Planning Agency for water quality management; and

WHEREAS, pursuant to federal and state statutes, the Board of Chosen Freeholders has prepared and adopted the Ocean County Water Quality Management Plan which includes a wastewater management element; and

WHEREAS, the Ocean County Water Quality Management Plan is effectual for all of Ocean County as well as those parts of Monmouth County which are served by the Ocean County Utilities Authority (OCUA); and

WHEREAS, the New Jersey Department of Environmental Protection requires that proposed wastewater treatment and conveyance facilities, and wastewater service areas, as well as related subjects be in conformance with an approved wastewater management plan; and

WHEREAS, the New Jersey Department of Environmental Protection has established the Wastewater Management Plan Amendment Procedure as the method of incorporating unplanned facilities into a water quality management plan; and

WHEREAS, property owner Alan Krupnick has proposed an amendment to the Ocean County Water Quality Management Plan to include portions of Block 105, Lots 1, 2, and 3, Toms River Township, Ocean County, also identified as Norma Place, which were previously excluded from the sewer service area; and

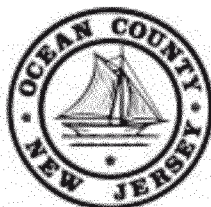

WHEREAS, the New Jersey Department of Environmental Protection has reviewed and approved the proposed amendment; and

WHEREAS, the proposed amendment has been noticed in the DEP Bulletin for the purpose of its incorporation into the Ocean County Water Quality Management Plan and no public comments were received.

NOW, THEREFORE, BE IT RESOLVED, by the Board of Chosen Freeholders of the County of Ocean, State of New Jersey that:

1. The Ocean County Board of Chosen Freeholders hereby consents to the amendment for the Norma Place property, prepared by Morgan Engineering and Surveying, which was publicly noticed in the New Jersey Register on June 19, 2017 for the purpose of its incorporation into the Ocean County Water Quality Management Plan.
2. This consent shall be submitted to the New Jersey Department of Environmental Protection, Office of Water Resource Management Coordination in accordance with NJAC 7:15-3.4.

BE IT FURTHER RESOLVED, that certified copies of this Resolution are forwarded to the Planning Director, the Director of the OCUA, and Morgan Engineering and Surveying.

RESOLUTION #2017-145

RESOLUTION OF THE TOWNSHIP OF LACEY, COUNTY OF OCEAN, STATE OF NEW JERSEY, AUTHORIZING THE DONATION OF A FIRE TRUCK TO THE OCEAN COUNTY SHERIFF'S DEPARTMENT FOR USE BY THE OCEAN COUNTY FIRE MARSHAL AT THE OCEAN COUNTY FIRE TRAINING ACADEMY

WHEREAS, the Township of Lacey has certain personal property no longer needed for public use; and

WHEREAS, the Ocean County Sheriff's Department, an entity of the State of New Jersey, requested that the Township donate equipment on Schedule A, attached hereto and made a part hereof to the Ocean County Sheriff's Department for use by the Ocean County Fire Marshal at the Ocean County Fire Training Academy for their use; and

WHEREAS, the Township Administrator determined that the personal property requested by the Ocean County Sheriff's Department has little or no value; and

WHEREAS, the Mayor and Township Committee wish to authorize the donation of equipment on Schedule A, attached hereto and made a part hereof to the Ocean County Sheriff's Department for use by the Ocean County Marshal at the Ocean County Fire Training Academy.

NOW, THEREFORE, BE IT RESOLVED by the Mayor and Township Committee of the Township of Lacey, County of Ocean, State of New Jersey, as follows:

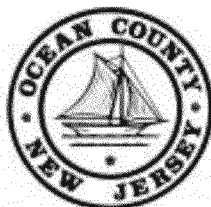

1. That the Mayor and Township Committee do hereby authorize the donation of equipment on Schedule A, attached hereto and made a part hereof to the Ocean County Sheriff's Department for use by the Ocean County Fire Marshal at the Ocean County Fire Training Academy. Said donation is being made based upon the determination that said personal property is no longer needed for public use, and the determination of the Township Administrator that said personal property has little or no value.
2. That a certified copy of this resolution shall be forwarded to the Ocean County Sheriff's Department and the Administrators Office.

CERTIFICATION

I hereby certify that I, the undersigned, am the Township Clerk of the Township of Lacey and am duly authorized to certify resolutions adopted by the Township Committee at a regular meeting held on the 11th day of May, 2017.

RESOLUTION

September 6, 2017

WHEREAS, the National Flood Insurance Program's (NFIP) Community Rating System (CRS) is a voluntary incentive program that recognizes and encourages floodplain management activities that exceed the minimum NFIP requirements; and

WHEREAS, the CRS provides NFIP premium discounts for policy holders based on a municipalities participation and level of credit based on activities; and

WHEREAS, municipalities engaged in the NFIP CRS program are entirely accountable for the management and implementation of credited activities to keep their CRS classification status as defined by the program requirements presented in the CRS Coordinator's Manual; and

WHEREAS, some municipalities face certain hardships that may impede their ability to meet the strenuous requirements necessary to participate in the CRS program; and

WHEREAS, Ocean County seeks to encourage municipal participation and advancement in the NFIP CRS program as a means to offset some of the insurance premium costs for residents and businesses alike; and

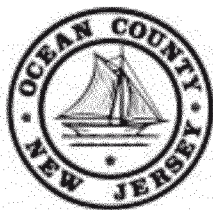

WHEREAS, Ocean County seeks to promote awareness and knowledge of the NFIP CRS program among the municipal officials and residents who are ultimately responsible for the implementation of local flood hazard mitigation activities.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF CHOSEN FREEHOLDERS OF THE COUNTY OF OCEAN, STATE OF NEW JERSEY, authorizes the Ocean County Planning Department to encourage municipal participation in the NFIP CRS program by providing certain professional and technical assistance to municipalities that are in need of such assistance.

BE IT FURTHER RESOLVED THAT, Ocean County municipalities are invited and encouraged to participate in the Ocean County CRS Users Group as a means of advancing knowledge and understanding of the NFIP CRS program.

BE IT FURTHER RESOLVED THAT, the municipalities receiving assistance from Ocean County to advance their participation in the NFIP CRS program must follow the established Ocean County Community Rating System Assistance Program Guidelines attached hereto.

BE IT FURTHER RESOLVED THAT, a copy of this resolution and attached guidelines shall be sent to each Mayor, municipal Administrator, and local OEM official in Ocean County for their thoughtful review and consideration.

Freeholder Vicari introduced Sue Quinn, the Library Director, who stated that Ocean County has 21 branches of the library and is the largest in the state. Sue mentioned that the virtual online library is open 24 hours a day, making 1.3 million books available to its members every day. Our library system has a state of the art website with national recognition for ranking first in the state for its technological capabilities.

Sue introduced David Evans and Tim Mailley from the technology department who designed the new website. The new site was created with input from the technology department, library staff, and county residents as well. David and Tim

performed a demo for the meeting attendants. They demonstrated the ease of use, and many of the features that make the website as successful as it has been. Each branch is linked to google maps for live directions. A detailed history about each of the library branches is also on the site. There is an interactive live feature that David exhibited. A question can be typed into the search bar during open library hours and a live library employee will answer the question immediately. The KIDS tab allows you to check books out right on the website. LEARNING EXPRESS is a tab that offers online classes 24/7 for job seekers and individuals wanting to further their business skills. ACCESS VIDEO is a tab that allows teachers to access information regarding books and magazines right in the classroom. HOOPLA offers free access to movies and music. Sue Quinn thanked the Freeholders for their continued support.

David McKeon discusses a proposed open space acquisition, the Stavola Tract, located in Jackson/Manchester. It consists of 188 acres of land that the County is interested in purchasing for \$2.4 million with up to 50% eligible for reimbursement by the Department of Defense. Another 2.4-acre property the county is looking to purchase for \$51,000 is in Bamber Lake in Lacey Township. The property is owned by two family members and is comprised of four separate lots.

Freeholder Bartlett stated some facts about prior Open Space properties that have been acquired over the last 20 years.

Freeholder Kelly stated facts on the ZIKA virus and issues with the dangers of having standing water in our yards. The free tire recycling program the county offers would allow residents to drop off tires in an attempt to minimize free standing yard water which can be a breeding ground for mosquitos. Mike Romanowski, the Mosquito Commissioner, notifies the Freeholders that more than 3,000 tires have been collected from around the county each year totaling more than 11,000 collected tires to date.

Freeholder Little added that recycled tires can be used for sports fields and playgrounds around the county. Although the 9 Ocean County cases of Zika were acquired during travel abroad, the Board of Health monitors, controls, and tracks individuals with Zika.

Mr. Ernst reviewed the items listed on the attached Engineering Department agenda, which included the Reconstruction and Resurfacing of certain portions of County Roads, Contract 2017B. This contract, which is state funded spans five roadways in Lavallette, Brick, Point Pleasant and Lakewood encompassing 4.64 total miles. There were no questions or comments, and all items will be listed on the agenda for the July 19, 2017 Board meeting.

Ms. Vasil reviewed the Clerk of the Board's agenda for the Board meeting of July 19, 2017. Ms. Vasil read the names of two NJAC Scholarships recipients. There were no questions or comments.

Director Vicari asked the Board members for comments. Director Vicari proposed that the Board issue a Proclamation for Mr. Gumper, a long time county resident and advocate for Ocean County.

There were no additional comments.

Director Vicari asked the Administrator for comments during Open Session. The Administrator had no comments for Open Session.

Ms. Vasil read the resolution to move to closed session.

Director Vicari stated at the conclusion of the Closed Session, the Board will return to Open Session to close the meeting and noted that no action will be taken when the meeting returns to Open Session.

On a motion by Freeholder Little, seconded by Freeholder Kelly, the meeting moved to Closed Session at 4:54 PM for personnel discussion, appointments, reappointments, property acquisition and possible litigation. The motion was unanimously carried.

The meeting returned to Open Session at 5:10 PM. There being no further business, on a motion by Freeholder Bartlett, seconded by Freeholder Vicari, the meeting adjourned at 5:10pm PM.

 CLERK OF THE BOARD
 OF FREEHOLDERS

Director Vicari stated that there is good news about the Toms River Farmers' Market – it is now located along Hadley Avenue, behind the County's Parking Garage. The Director noted that a problem occurred due to parking downtown where the market was located and the market had to find a new location. The Director also noted that the County thought there would be problems with the grass area where the market is located; however, there have been no issues and everyone is happy. The Director introduced Nick Zorojew from the Toms River Business Improvement District (BID).

Mr. Zorojew stated that he appreciated being at the meeting and would like to attend a meeting in the fall to provide a "wrap up" of the Farmers' Market. Mr. Zorojew gave a brief overview of the market advising that it opened on May 4, 2017 at

the new location. The Toms River Police approved them to be on Hadley Avenue and the Toms River Parking Authority approved the move from Irons Street to Hadley Avenue due to parking issues on Irons Street. Mr. Zorojew stated that there were difficulties for patrons to cross the street at Irons Street to get to the Farmers' Market.

Mr. Zorojew advised that he wrote to the fifty closest residential properties to let them know that the Farmers' Market was coming to the neighborhood. The market directs people to park in the County's Parking Garage; however, Mr. Zorojew stated that patrons are parking on Hadley Avenue. He did note that there have been no complaints. This was also posted on social media and was well received by the public.

Mr. Zorojew provided a power point for the Board showing the location of the market on Hadley Avenue. He advised that no vehicles park on the County's lawn. The Historical Society is putting brochures and information in the informational booth at the market and has received new visitors to the museum. Mr. Zorojew stated that the vendors are reporting better sales than ever and they are very happy with the new location; they are sensitive to the lawn area and are moving their cashiers around to prevent any issues to the grass areas, again they are very happy with the new location.

Director Vicari thanked Mr. Zorojew for attending the meeting today. The Director noted that the Farmers' Market has been a success for County employees who visit the market on their lunch on Wednesdays.

Freeholder Bartlett stated that he was concerned about the landscaping and he appreciates that the vendors are moving things around to not disturb the grounds. The Freeholder was also appreciative that the Farmers' Market discussed the new location with the neighbors. Freeholder Bartlett stated that he thought all of his concerns were considered and addressed in the planning of the market's new location. Mr. Zorojew noted that the area is beautiful and very well maintained by the County and everyone benefits by having locally grown produce available in town.

Administrator Block asked if there are any new vendors at the new location and suggested that perhaps the Agriculture Board would do well to have an information booth as well as a booth for the Master Gardeners Program. Mr. Zorojew stated that additional vendors are attending the market and they have space for public outreach if there was interest. Director Vicari suggested that the Health Department also have a space to provide information.

Mr. Ernst reviewed the items listed on the attached Engineering Department agenda. There were no questions or comments, and all items will be listed on the agenda for the August 2, 2017 Board meeting.

Ms. Vasil reviewed the Clerk of the Board's agenda for the Board meeting of

Director Vicari stated tourism is important and that Ocean County's beaches have the water tested regularly and in Ocean County, the water is not in jeopardy. The Director stated that news agencies have reported several beach closings that are not in Ocean County they are in other areas of the State; Ocean County needs to prepare a comprehensive press release stating Ocean County beaches are not closed and the water is safe. Director Vicari noted that Ocean County has done its part with stormwater runoff and water testing. The news media must be made aware that we have a very comprehensive program. The Director noted that a great deal of money is spent to protect our waterways along with the Ocean County Utilities Authority and the Ocean County Health Department. Director Vicari stated that Ocean County does these things to protect our waterways because it is the right thing to do. Freeholder Bartlett noted that he did not believe any of our beaches were closed because of stormwater. Tom Curcio, Road Supervisor, noted that the ocean outfall has been recently tested and it has been clean every time it is tested. Administrator Block noted that water is pumped out on the beach, creates a little scouring and it stays there. An alternate is that the State will extend the pipeline out into the ocean. Mr. Curcio stated that the cost is approximately \$3 million, which will be paid by the State. The Administrator noted that the County contribute approximately 25 percent or \$750,000.

Director Vicari asked the Board members for other comments.

There were no other comments.

Director Vicari asked the Administrator for comments during Open Session. The Administrator had no comments for Open Session.

Ms. Vasil read the resolution to move to closed session.

Director Vicari stated at the conclusion of the Closed Session, the Board will return to Open Session to close the meeting and noted that no action will be taken when the meeting returns to Open Session.

On a motion by Freeholder Haines, seconded by Freeholder Bartlett, the meeting moved to Closed Session at 4:32 PM for personnel discussion, appointments, reappointments, property acquisition and possible litigation. The motion was unanimously carried.

The meeting returned to Open Session at 5:36 PM. There being no further business, on a motion by Freeholder Bartlett, seconded by Freeholder Kelly, the meeting adjourned at 5:37 PM.

RESOLUTION**September 6, 2017**

WHEREAS, the Ocean County Board of Chosen Freeholders has authorized construction along County Road #17 (Whitesville Road), in the Township of Jackson; and

WHEREAS, the Ocean County Board of Chosen Freeholders, in order to expedite this project, needs to authorize a reduction of the speed limit for the term of the construction; and

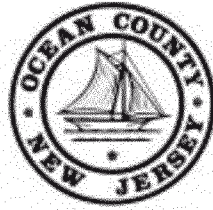

WHEREAS, it is in the best interest of the motorists to reduce such speed limit.

NOW, THEREFORE, BE IT RESOLVED, pursuant to the provisions of N.J.S.A. Title 39:4-8b(2), that the construction speed limit for both directions of traffic along County Road #17 (Whitesville Road) in the Township of Jackson between a point 500' South of Calendula Court to County Road 528, the limits of the project, shall be and is hereby established at 30 MPH for a period of eight months or until construction is completed. Temporary signs are to be posted accordingly only when one or more of the following conditions exist:

1. Where hazards or obstructions are present and construction barriers are in use
2. When workers are on or adjacent to the traveled way
3. When other conditions exist which are deemed potential hazards to the traveling public

When none of the above conditions exists, the temporary construction zone signs R2-1 and M3-5 shall be covered with an opaque material in a manner and at such time as approved by the engineer, during which period permanent speed limit signs shall be visible.

BE IT FURTHER RESOLVED that this resolution shall be forwarded the Ocean County Engineer and to the Clerk of the Township of Jackson.

<u>GENERAL</u>	<u>COMPLIANCE</u>	
	<u>YES</u>	<u>NO</u>
Model year 2017 or newer, Rogers model # CY50GR98/51/24/102/3XAR	✓	
50 ton capacity, three-axle, drop deck, lowbed semi-trailer to transport construction machinery	✓	
Shall be equipped with a self-lifting (non-ground bearing) detachable gooseneck so that equipment can be loaded over the front of the deck	✓	
Shall be capable of being towed over both improved and unimproved roads with a full capacity load	✓	
Shall be rated for full capacity at 60 MPH, concentrated in two-thirds the combined length of the deck and the riser	✓	

DIMENSIONS

Gooseneck Length: 12'1"	✓	
Swing Clearance: 98"	✓	
Kingpin Setting: 15"	✓	
Gooseneck Height (light): 51"	✓

GOOSENECK (Cont'd)

COMPLIANCE

YES

NO

Materials and Construction (Cont'd)

It shall be equipped with two (2) 8.5" x 8" double acting hydraulic cylinders with 3" rods, anchored in a vertical position in the gooseneck. These cylinders shall push off of the deck of the trailer. The cylinders shall require a maximum of 2,300 PSI to operate the gooseneck. The lifting mechanism shall not carry the load in the normal transport of the trailer.

✓ _____

The gooseneck must also be equipped with a 2" kingpin (conforming to SAEJ700a) properly boxed to prevent cracking and dishing of the fifth wheel plate. The upper fifth wheel plate shall be adequate in size for coupling to a 36" fifth wheel or a full oscillation fifth wheel.

✓ _____

The gooseneck shall connect to the main frame of the trailer using two interlocking gooseneck hooks. Each hook shall be no less than 6" thick and flame cut from A5720-GR42 plate stock, no exceptions. The use of multiple plates welded together to form hooks shall not be acceptable.

✓ _____

The gooseneck shall be equipped with a hydraulic gooseneck support and transverse frame shoe to support the gooseneck on the frame of the tractor when the gooseneck is detached from the trailer.

✓ _____

Range of Movement

Cylinders shall be able to lower the trailer's main deck to the ground so that the gooseneck can be detached, and shall be able to raise a fully loaded trailer without shifting the load in order to reattach the gooseneck.

✓ _____

The design of the detachable gooseneck shall also be capable of lifting the loaded platform above the normal travel position to assist in avoiding highway obstructions and to lower the loaded platform below the normal travel position to assist in avoiding overhead obstructions, when using deck height adjustment blocks. This will be done without the gooseneck or the deck making contact with the ground.

✓ _____

Power Source

Power shall be supplied from the Power Take-Off (PTO) system mounted on the tractor developing a maximum of 2,300 PSI pressure.

✓ _____

MAIN FRAME

Main Frame to Gooseneck Connection

COMPLIANCE
YES **NO**

The main deck of the trailer shall connect to the gooseneck by means of two interlocking beam hooks. Each hook shall be no less than 6” thick and flame cut from A572-GR42 plate stock, no exceptions. The use of multiple plates welded together to form hooks shall not be acceptable.

✓

The front of the trailer shall be designed to allow the beam hooks to self-align for easy reconnection. Use of eye and pin connection for deck to gooseneck shall not be permitted.

✓

Longitudinal Members

All longitudinal carrying members shall be fabricated, using high strength low alloy steels. The main frame shall consist of two (2) 16” deep I-beams for the main beams. The webs shall be ASTM A572-GR50, 50,000 PSI minimum yield steel and the flanges shall be ASTM A514, 100,000 PSI minimum yield steel. All welding of these main beams will be accomplished by use of a submerged arc machine.

✓

The side beams for this 50 ton capacity lowbed trailer shall be 13” deep I-beam. The webs shall be ASTM A572-GR50, 50,000 PSI minimum yield steel and the flanges shall be ASTM A514, 100,000 PSI minimum yield steel. All welding of these side beams will be accomplished by use of a submerged arc machine.

✓

Vertical gussets shall be installed in the front slope area of the deck to support the top flange of the side beams, three (3) each side.

✓

Reinforcing shall support the top of the side beam flange, full length of the deck and riser on both sides of the trailer.

✓

Cross Members

Construction of the main frame shall include two (2) anchor channels (one at each end of deck). These channels shall be 10” deep.

✓

The full width cross members for this trailer shall consist of eleven (11) 10” deep and spaced on 24” centers, pierced through the web of the main beams. Multiple piece cross members shall be unacceptable.

✓

All cross members shall be welded to the main beams and side beams.

Access to Main Deck

YES

NO

Two (2) 33 ½” long by 23 ½” wide laterally adjustable front fold-down loading ramps with oak inserts shall be provided to form a 9-degree approach to the main deck area.

✓

The front of the main beams, side beams, and beam hooks shall be tapered on the top to permit easy loading of low ground clearance equipment. The bottom of the main beams and side beams must facilitate the deck resting evenly on the ground for safe loading.

✓

Side Brackets

This platform deck trailer shall be equipped with a set of twenty-six (26) cast ductile iron side brackets (13 brackets per side) to increase the width of the deck to 10’6”, if desired. Fabricated side brackets shall be deemed unacceptable.

✓

When the side brackets are not in use they shall be secured against the side beam with spring loaded clips.

✓

Anchor Points (Lashing D’s)

Nineteen (19) drop forged lashing D’s of 1” diameter steel (C1030 steel construction) shall be provided. The lashing D’s shall have a working load limit of 15,586 lbs. Rotating lashing D’s are not acceptable.

✓

They shall be positioned as follows: three (3) standard D’s on the gooseneck, six (6) bent D’s on each side of the deck, and one (1) standard D on the end of each trunnion beam.

✓

Flooring

The platform deck shall have full-cut 1 ¾” air-dried oak laid longitudinally with the planking secured to the cross members with countersunk button head carriage bolts and floor clips. Centerboards shall also be installed.

✓

The hardwood decking shall be fitted to eliminate gaps. Drilling of the cross members or use of self-tapping screws to secure the deck is not acceptable.

✓

✓ **ITEM #1 – ROGERS GENTLE RISER 50 TON NON-GROUND ENGAGING DETACHABLE GOOSENECK LOWBOY TRAILER, AS SPECIFIED, OR EQUAL (CONT'D)**

REAR FRAME

Materials and Construction

The main carrying members of the rear frame shall be fabricated using high-strength, low alloy steel. The webs shall be ASTM A572-GR50, 50,000 PSI minimum yield steel and the flanges shall be ASTM A514, 100,000 PSI minimum yield steel.

¼” tread plate reinforced, flush wheel covers shall be installed over the tire area.

One (1) pair of flag holders shall be built into the rear channel.

A bumper stop shall be welded to the rear channel and serves as a guide to the rear edge of the trailer for loading equipment.

✓	_____
✓	_____
✓	_____
✓	_____

Access to Rear Frame

The rear riser section shall run at a 20-degree angle between the main deck and the rear frame area and have a 20” drop between these two parts of the trailer. The riser area shall be covered with wood decking. The length of the riser shall be 55”. Wood shall be installed in the center of the rear frame, between the wheel covers, making the rear frame fully covered. This shall facilitate the loading of equipment from the deck onto the rear frame.

The rear frame shall include trunnion beams between each set of wheels. The trunnions shall be capable of supporting appropriate equipment.

✓	_____
✓	_____

Suspension

Each of the three axles shall be equipped with an air ride suspension rated at 25,000 lbs. capacity by the suspension manufacturer. The suspension shall require no lubrication.

The suspension shall include a height control system to mechanically adjust the ride height of the suspension by 3” up or down. This system shall have five (5) positions: two (2) positions to increase the standard ride height, one (1) standard ride height, and two (2) positions to decrease the standard ride height.

✓ _____

An axle lift shall be installed on the 3rd axle. This lift shall be controlled by air furnished by the tractor, inflating an airbag causing the axle to lift off the ground. The activation switch shall be installed on the rear channel of the trailer.

✓ _____

Axles

Each of the three axles of the trailer shall be of a through-type design with a 5” round axle bar. The wheel bearings shall be an oil-bathed type.

✓ _____

Each axle shall be rated at 25,000 lbs. capacity by the axle manufacturer.

✓ _____

Hubs and Wheels

The hubs shall be ten-stud, hub-piloted type and made of cast ductile iron.

✓ _____

The wheels shall be 22.5” x 8.25” 10-hole hub piloted white steel disc.

✓ _____

Tires

The trailer shall be equipped with twelve (12) size 275/70R 22.5 (H) radial tubeless tires.

✓ _____

These tires shall be rated by the tire manufacturer at 24,700 lbs. per axle at highway speed.

✓ _____

Two (2) full size spare tires mounted on wheels shall be provided.

✓ _____

BRAKE SYSTEM

Air Delivery System

The air brakes shall conform to DOT specifications in effect at the time of delivery.

The six (6) wheel brakes shall be the two shoe internal expansion type with molded block lining, size 16 ½” x 7”, actuated by constant riser “S” type cam, connected to Type 30 spring brake air chambers through automatic slack adjusters on each drum.

✓	_____
---	-------

Lubrication points shall be provided for lubrication of the cam shaft and brake shoe bushings.

✓	_____
---	-------

The entire system shall be controlled by a 4-sensor, 2-module (4S/2M) anti-lock braking system.

; and

WHEREAS, after the receipt and examination of same, the County Purchasing Agent has now recommended to this Board that the lowest qualified bid, according to specifications, namely that of, COMPREHENSIVE LCMS SOLUTIONS, INC. be accepted.

NOW, THEREFORE, BE IT RESOLVED by the BOARD OF CHOSEN FREEHOLDERS of the COUNTY OF OCEAN, STATE OF NEW JERSEY, as follows:

1. The Director and Clerk of this Board are hereby authorized and directed to enter into a contract accepting the bid for the furnishing and delivery of Method Development, Optimization & Validation of Spectrometers for the Sheriff's Department for the County of Ocean, the contract shall be in effect from date of award through September 5, 2018, a period of one (1) year or until delivery is complete unless otherwise stated. The County reserves the right to extend the term of the contract pursuant to N.J.S.A. 40A:11-15 as follows:

COMPREHENSIVE LCMS SOLUTIONS, INC. for one (1) item, to wit:

ITEM NO. 1.

2. Payments for the equipment to be acquired by these contracts shall be made upon the approval of vouchers submitted by the successful bidders in accordance with the requirements of the Board of Chosen Freeholders and subject to the Board of Freeholders customary procedures. Delivery shall be made upon receipt of a Purchase Order issued by the Ocean County Department of Purchase, upon which delivery locations and needed quantities shall be indicated.

3. The contract number must be placed on all papers, documents, invoices and vouchers pertaining to said contract, the number being B2017-114.

4. Be it further resolved that certified copies of this Resolution shall be made available to the County Auditor, County Department of Purchasing, Department of Finance, Sheriff's Office and Comprehensive LCMS Solutions, Inc., the successful bidder.

COMPLIANCE
YES **NO**

Scope of Work

Successful bidder shall support the transfer of two (2) assays to a Thermo Fisher Scientific Q-Exactive and TSQ Endura, support method development/optimization, validate both methods on both systems and train end users on the new hardware/software/workflow. All work shall be performed in accordance with the SWGTOX Standard Practices for Method Validation in Forensic Toxicology Laboratories. Further information can be obtained at <http://www.swgtox.org>

X _____

Qualifications

Successful bidder shall have at least five (5) year's experience with Thermo Endura and Exactive LC-MS systems and Tracefinder Software.

X _____

Successful bidder shall have at least ten (10) year's experience developing, optimizing and validating large assays of 40+ relevant compounds for LC-MS, including assays on the Thermo Endura and Exactive Systems and using Tracefinder Software.

X _____

Successful bidder shall have at least five (5) years of managerial experience in application development for LC-MS.

X _____

Submit, with bid, resume(s) demonstrating such experience as well as at least three (3) references of similar completed work.

X _____

Laboratory Support Roles

Successful bidder shall provide on-site support method transfer, optimization and validation.

X _____

Once the method transfer / optimization and validation have been completed, and systems and methods are available, the successful bidder shall train up to three (3) lab technical staff on the newly implemented workflow.

X _____

Training participation from the lab technical staff will be required to ensure that the method works equally well when performed by different operators.

X _____

The County will provide consumables for all validation testing.

X _____

Completion Criteria

The project shall be considered complete once all methods are transferred, validated and working, laboratory staff has been trained and proven proficient in the Liquid Chromatograph Mass Spectrometer workflow.

X _____

Work Product Guarantee

The development work described shall incorporate all compounds found in the various methods. Occasionally, compound incompatibility will prevent that ALL desired compounds can be assayed in a single panel. The following tests will be performed to insure method viability: Linearity, sensitivity (LOQ - Limit of Quantitation), carry over, QC - Quality Check (Quality Control Sample) accuracy and precision, matrix interference, benchtop stability.

X _____

COMPLIANCE
YES **NO**

Completion Criteria (Cont'd)

Comprehensive Drug Panel

The proposed Drug Panel to be developed and tested shall include drugs and metabolites. This method will be developed with input from the client, including but not limited to LOD (Limit of Detection), LLOQ (Lower Limit of Quantitation), ULOQ (Upper Limit of Quantitation), and all relevant assay parameters.

 X _____

See Appendix 1 for the comprehensive drug list.

Barbiturates Panel

A negative mode assay (Barbiturates) will be developed and tested. This method will be developed with input from the client, including but not limited to LOD (Limit of Detection), LLOQ (Lower Limit of Quantitation), ULOQ (Upper Limit of Quantitation), and all relevant assay parameters.

 X _____

Validation Protocol

Parameter:	Acceptance Criteria:	
Bias:	Not to exceed +/- 20%	
Calibration:	Linear range to be based upon limitations of MS/MS system.	
Carryover:	Not to exceed 20% of the LLOQ post ULOQ injection.	
Interference:	No interfering signal at retention time from matrix, internal standard, "common" medications.	
Limit of Detection:	Similar to or equal to in house or competitors LOD for Forensic Toxicology assays	
Limit of Quantification:	Similar to or equal to in house or competitors LOQ for Forensic Toxicology assays	
Precision:	% CV must not exceed 20%	
Stability:	Determine bench top stability of extracted sample.	
Correlation:	Determine the accuracy of the assay by performing split analysis of samples, 1 aliquot in house, 1 aliquot by third party.	<u> X </u> _____

COMPLIANCE
YES NO

Details

Linearity:	Five (5) Calibration curves, individually prepped and run on three (3) individual days. R squared values of 0.985+ are acceptable.			
Precision:	Inter and Intra-day variability was assessed. Six (6) point calibration curves and three (3) point QC's were prepared and analyzed with a single injection (Cal) and triplicate injection (QC) across five (5) discreet runs. Cals and QC's were used to determine inter and intra-day variability. Also a Grand mean (average) was determined for all of the QC runs as well as a Grand SD (Standard Deviation) and % CV (Percent Coefficient of variation).			
Carry over:	Carry over was assessed with injections of (10x ULOQ, 5x ULOQ and ULOQ) followed by four injections of a Neg, (Matrix + IS) in Surine.			
Matrix Effect:	Matrix Effect was analyzed using 10 human urine specimens that were negative from screening. These samples were spiked, along with an 11 th sample in Surine . Each spiked specimen was run and compared to the Surine sample.			
Stability:	Quality Control samples were prepared in Surine; samples were run on day 1 and kept at autosampler temp for 2-5 days (typically 10 C.). Sample were re-injected to determine bench top stability. Refrigerator and freezer stability study was run as needed.			
Correlation:	Twenty (20) Analyte specific specimens were fortified and analyzed via the assay. Duplicates were sent for third party analysis and the results compared to the in-house assay.	<table border="0"> <tr> <td style="text-align: center;"><u>X</u></td> <td style="text-align: center;">_____</td> </tr> </table>	<u>X</u>	_____
