B. ROLL CALL

C. STATEMENT Compliance with the Open Public Meetings Act

Gary Quinn, Director, read the following statement of compliance with the Open Public Meetings Act:

"In compliance with the provisions of the 'Open Public Meetings Act', adequate notice of this meeting of the Board of Commissioners has been advertised in the manner prescribed by law."

D. THE PLEDGE OF ALLEGIANCE AND PRAYER

E. PUBLIC HEARING

DIRECTOR QUINN: "The first item we have is a Public Hearing today on the Proposed Amendment to the District Solid Waste Management Program. Michelle do you have a statement you want to read for us?"

CLERK GUNTHER: "Yes."

1. Proposed Amendment to the District Solid Waste Management Plan.

CLERK GUNTHER: "Today is a public hearing for a District Solid Waste Management Plan Inclusion request. Today's public hearing is to be held, in accordance with the State Solid Waste Management Act, on a proposed amendment to the Ocean County District Solid Waste Management Plan. The purpose of this hearing is to accept public comment on the inclusion of a Type 10 solid waste transfer station, to be owned and operated by Lakewood Township, and located at their existing Department of Public Works Complex at 1 America Avenue in Lakewood.

The Ocean County Solid Waste Advisory Council reviewed this application at its September 2021 meeting, as required by the New Jersey Solid Waste Management Act, and passed a Resolution recommending the Board of Commissioners consider the proposal.

In accordance with the Solid Waste Management Act, adequate notice of this public hearing has been provided in the manner required by law and the County has distributed copies of the proposed amendment to each Mayor and Municipal Clerk in Ocean County."

DIRECTOR QUINN: "Thank you Michelle. Before I open up to the floor for any comments that anyone would like to make I just have some brief comments I'd like to put on the record.

Today's Public Hearing is for the proposed transfer station in Lakewood Township. The transfer station will be designed to collect residential and commercial 'type 10' waste generated within Lakewood Township, at a maximum of 300 tons per day.

The proposed facility will operate from 6 AM to 9 PM Sunday through Saturday, and all waste will be transferred directly to the Ocean County Landfill in Manchester Township. An Agreement is being executed between Lakewood Township and the County regarding the specific operations of this facility.

Approval by this Board is the first step in an extensive application process. The County will determine if this application is consistent with the goals of Ocean County's District Solid Waste Management Plan.

If approved by this Board, Lakewood Township's application must then be forwarded to the NJ Department of Environmental Protection. DEP will have final approval authority on this matter subject to all required State and Local permits, approvals, and agreements.

We have representatives from Lakewood Township and Ocean County Solid Waste Management in the audience today should there be any questions on technical aspects of this application.

At this point, Tony Agliata is here who is representing the County. I'm going to open the floor to public comment. If anyone would like to make a comment I would ask you to please come up to the microphone, give us your name and address, and make your comment. The majority of comments will be responded to by written comments coming back to you but please put your comments on the record today. Could I see a show of hands of anyone that would like to speak? One more time, anyone else? Okay, seeing none, I will now close the floor on public comment.

This will be put to a vote sometime early 2022 by the Board, but as of today there will still be two more Public Hearings I guess up in Lakewood. One today took place, Tony, and one tomorrow?"

PLANNING DIRECTOR AGLIATA: "Two more virtual public hearings tomorrow."

DIRECTOR QUINN: "Okay. Anyone that came for this Public Hearing today from Lakewood Township or anybody else feel free to leave if you would like to leave before we get into our agenda, but you are certainly welcome to stay if you want to spend some time with us. Thank you very much for coming. We appreciate it. Thank you Tony."

J. RESOLUTIONS

DIRECTOR QUINN: "Before we do the Resolutions, I just want to make a comment with regards to Item number 41 which is the resolution dealing with the Township of Berkeley. This resolution itself deals with the property that the Natural Lands Trust had purchased previously and is the owner of right now. But the property itself has two homes on it which Berkeley Township has come before us and made a request to take and see if they could have the homes themselves donated to Berkeley Township in order for the township to take and reuse these homes and transfer them to a different location in Berkeley to provide more affordable housing for residents in their community. So I'm just going to read a little bit into the record so we have it on there.

The County acquired 15 properties through FEMA's Hazard Mitigation Grant program and is seeking reimbursement for those acquisitions in 2022.

In addition to those properties the County has sought to expand the Good Luck Point project area through direct acquisition of properties using the County open space tax.

Two of these properties acquired using 100% Natural Lands Trust Funds are 12 Beach Avenue and 23 Dorrance Drive. These properties include structures that require removal or demolition.

12 Beach Avenue is a 0.50 acre property. It was acquired on December 10, 2020 for \$239,000.00. The property includes an elevated ranch home, garage, and in-ground pool. It is surrounded by existing County Natural Lands Trust property.

23 Dorrance Drive is a 0.15 acre waterfront property acquired on December 23, 2020 for \$350,000. The property includes a ranch house, shed, and over 57 feet of bulkheaded frontage on Lake Dorrance. The property is adjacent to a vacant lot acquired by the County under the FEMA Hazard Mitigation Grant.

Working with Berkeley Township, the County identified these two structures are both in fair condition and could be repurposed for affordable housing.

The resolution on the December 15th agenda authorizes the execution of an agreement for the donation of these structures from the County to Berkeley Township. The Township will then have the structures removed from the property at no cost to the County and they will be repurposed for affordable housing.

Supporting affordable housing in Berkeley Township will also reduce the cost to the County for demolition and reduce the waste being sent to the Ocean County landfill.

Upon removal of the homes, any remaining improvements will be demolished and the sites will be returned to its natural state. Bulkheading will be maintained at the 23 Dorrance Drive property until it can be safely restored to a natural shoreline.

But the County wants to certainly thank Carmen Amato, the Mayor down in Berkeley as well as the Council for working with the County and taking these properties which would be a shame to have demolished and repurposing them and creating affordable housing. So I just wanted that to be on the record so everyone knows that there always is a plan to hopefully take and utilize whatever we have to help out some of the folks living here in Ocean County. Thank you."

U. COMMISSIONER COMMENTS

At 4:13 PM, Director Quinn received the following comments from members of the Board:

DIRECTOR QUINN: "Moving on to Commissioner Comments. Commissioner Vicari."

COMMISSIONER VICARI: "Yes, thank you Mr. Director. The first item is a sad one. I just want to send my condolences to Ginny Haines and her family. As the Director mentioned before, unfortunately her sister did pass away. Joan Kaplan, who was a good friend of mine and my family's, as she worked for 25 years for the County of Ocean at the Ocean County Election Board. A great person. A good sense of humor. Besides that, I served many years when I was not only on the Board of Social Services, but Chairman of that. She cared about people – very, very sensitive, very religious. And a special place in my heart and my family will always remember Joanie Kaplan. And one thing I will always remember is a sensitivity to St. Jude's Hospital which she always supported. So again, on behalf of not only this Board of Commissioners but everyone who served with her, we wish the entire family the best in this very difficult time with grieving.

The next item I would like talk about is number 16 was the Director and I put together a resolution on opposing the toll increases for the New Jersey Turnpike, the Parkway and the Atlantic City Expressway. This is not the time to have another toll increase, the second year straight, over 30%. It hurts hard-working people going to work every single day. With COVID-19, this is not the time to do it. High gas prices – we all know it. Besides that, food is going way up. And the average working guy, man and woman, is having a very difficult time to begin with. And we worked with, of course, Assemblyman Brian Rumpf who is here and his delegation to say enough is enough with raising tolls right now in high inflation times.

The next issue is something that I thought about because I've been here for some time. In 1987 they had something called a 'Coastal Commission'. Now let me tell you what this would do. It would have an impact only on five counties in the State of New Jersey. It would basically end 'home rule'. It would basically put our right to self-determination in the hands of the State of New Jersey. Very, very bad – we oppose it. And fortunately for us a great guy was here, a former Freeholder at that time, Len Connors, stopped it. It goes to show what a person could do who is a State Senator – very knowledgeable – and it's the interpretation sometimes when it goes to court.

Now let me give you an idea of what we spoke about at that time. It was a total game changer. It's bad for all of us in Ocean County. And it has to do with the roads, the bridges, the traffic signals, the sidewalks, the bulkheads, the marinas, the drains in road, if you want to do it, the Coastal Commission, not Ocean County people. Parks, playgrounds, parking lots, maintenance, dredging lagoons and pipelines – so you get my drift of how bad it is. This usurps the Constitution of the State of New Jersey. That's the problem. When the state wants to do something, they do it because they have the votes. And again, it doesn't make any difference if its Democrat or Republican, it's bad for Ocean County. We don't want to see it. We want to see 'home rule' where the people in their towns determine the zoning and the direction they are going to go with.

So again, the legislation will die that's in there now on January 10th. I'm not worried about this year. I'm worrying about next year and the year after that. Next year is an off-year with the elections – Governor, Assembly, and the State Senate. We know where our people stand in Ocean County. It's probably not written right now. I feel speaking to a lot of people, the people that I hear of the Assembly Bill will not go anyplace. The last time was going to create, and even now, a 19 member board of commissioners. We're elected by the people. We are Commissioners. The other ones are appointed. Appointed people will control the destiny of Atlantic County, Cape May County, Monmouth County, Middlesex County and Ocean County – five counties. Do they have the power to do it? The State of New Jersey can do anything they want to if they have the votes. It goes through the Assembly, the Senate, and of course signed by the Governor of the State of New Jersey.

So again, it is my opinion at this time, what am I asking for now? Nothing. We have to be vigilant about what is taking place. It will be carefully monitored by us and our three Senate and Assembly delegations to see what is going to happen. But remember, we want local control. We want the power for our own determination as far as zoning, planning boards, boards of adjustment, all zoning boards should stay with the people of Ocean County with the elected officials. So again, I feel very strongly about this. And again, it brings back a lot of memories. We remember at times when certain things were done. And what I am doing right now, I'm going to be the facilitator to make sure that I give you the information. You will determine what has to be done. I want to give the people a choice.

I remember that time when I looked at my notes from 1987, 1986, it was 'Stand up for Ocean County'. That was the time, people that were here from the news media and all the networks, they wanted to bring radon into Ocean County to start. We were given the promise that we would have a rail service going down to Atlantic City – didn't happen. We were given another promise that they would do Route 9. All that time, same administration, and we received nothing for Ocean County except to take away our self-governing, except to take away our 'home rule'. So again, I just want to alert you to the fact and I will be a purveyor of giving information to make sure everyone is up to date.

But on a brighter note, Merry Christmas and Happy New Year. I wish everyone here the best of health for the next year as we look to 2022. Everyone is going to be very optimistic. And as I've said before, each year we hope it's a little bit better. We hope we can control COVID-19. I appreciate the leadership of our outgoing Director of the Board of Commissioners, Gary Quinn - a great guy, a lot of experience, as we change over to our new Director, another great guy with a lot of experience, Jack Kelly. And again, just good health and we wish everyone the best for today and for the future and a better tomorrow. Thank you very much. God bless you."

DIRECTOR QUINN: "Thank you Commissioner. Commissioner Kelly."

COMMISSIONER KELLY: "Thank you. I also want to pass on my condolences for the entire County family and especially to our own colleague Ginny Haines on the loss of her sister.

I would like to ask Brian Gabriel to stand up. Today we voted for Brian to be the new Director of the Fire and First Aid Training Center for a period of three years commencing on January 1, 2022. I can tell you that Brian is going to let nothing go under his feet because he's already been in my office today with new ideas and some new programs that he wants to initiate at the academy including working closely with the Vo-Tech School under Commissioner Vicari. Thank you Brian."

BRIAN GABRIEL: "Thanks Commissioner."

COMMISSIONER KELLY: "I wanted everybody to meet Brian. He's going to do a good job for us. We also reappointed Dan Mulligan to the position of the Ocean County Fire Marshal and all of his assistants for reappointment beginning in January. Thank you Director."

DIRECTOR QUINN: "Thank you very much Commissioner Kelly. And as my fellow Commissioners said, please keep Ginny and the Kaplan family in your thoughts and prayers. It was certainly very sudden that Joan got sick and ended up passing. But it's a very difficult time for the family. I know it took a little time because a lot of the family is spread out throughout the country and they all were able to get in for the services which are actually going on right now up in Lakewood. So I spoke to Ginny last night and she's very thankful for everyone's support – all the calls she's gotten, all the cards she's gotten. And I think that if we all know Ginny, she'll be back in the office probably sometime Friday or Monday because she wants to jump right back into things and take care of all the personal stuff in the next few days. So we truly appreciate that.

Being that Commissioner Little is not here, I am going to give the COVID report which Gerry has done a fantastic job on over the last two years. It's certainly going to be hard to fill his shoes but I think it's important that we continue to get the numbers out there to make people aware of the fact that where we are today it's kind of like an up and down

situation over the months. I can't thank enough Assemblyman Rumpf who is here and Peter Curatolo is here from the Board of Health. I know Dan is recovering himself. Dan Regenye and our leaders over there have done a great job in kind of guiding us through all the ups and downs that we've dealt with over the last two years and made sure that everybody in this county has had every possible way to go get a test, get a shot and the process is continuing and will probably continue for quite a few months ahead of us. Hopefully by next spring we'll start seeing a little bit of a turn. But knowing that we're going into the cold winter months, you know we're going to be dealing with a lot of illnesses not only with COVID, but with the flu and everything else that we deal with on an annual basis. But guys please thank Dan for us when you go back to the office and let him know we truly appreciate it.

But the numbers as they stand today. Today we have a total of 204 total new cases which really is down probably about 100 from what we had yesterday. It's been going up and down. But seeing it come down 100 is a good thing. We're optimistic that we're going to see light at the end of the tunnel, but more difficult times ahead of that. We've had 91,139 cases total to date. We've had in Ocean County 2,264 total deaths. That was an increase of five since we had the report yesterday. The three municipalities with the most cases are Brick Township with 38 new cases totaling 12,578 cases in total, Toms River at 29 new cases for a total of 14,816 cases in total, and Lakewood Township had a total of 28 new cases which brings their total up to 17,811. And out of our 33 municipalities, at least 20 of the municipalities had at least one new case since yesterday.

Long term care facilities – 25 facilities had an increase of one from yesterday. There's been a total of 5,664 cases and that was an increase of four new cases since yesterday. And the amount of deaths we've had at long term care facilities is up to 738 which amounts to 32.5% of the total deaths we've had here in the county.

COVID testing sites are continuing to operate. We've given out, the county itself has given out a total of 122,071 doses as of the 10th of December. And this year our flu shots have gone up a little bit. We gave out a total of 2,365 flu shots which last year we really didn't see that much demand for the flu shots because everybody was really going for the COVID shots. The clinics are going to continue – the vaccination clinics are going to continue. Schedules are set up now if you want to go to the website and check them or call the office upstairs and we'll be happy to give you the dates and the locations where you can go and get your shot. The Board of Health is offering all three shots – you can get your Moderna, you can get your Pfizer, you can get your J&J – whatever you choose to have. All three are available at the different locations. We're still doing the site down in the Southern Regional Middle School. We're doing the site up in Barnabas Arena. Manchester Garage out in Manchester is being done as well as a lot of other pop-up sites that the Board of Health has put in place. So there are plenty of places to get the shot. We've all said all along it is not our job as government to tell somebody you have to get the shot, but we certainly would ask people that if you are able to get the shot please go and get it because it's only going to help you out and give you a little bit more of a level of protection as well as your family and your friends, everybody that you're around, on a daily basis. But the fight is going to continue. There's no question about it that it's not over. But I think as we move forward we've seen over the last eighteen months that at least now there are medicines out there that are available and there are different procedures that the hospitals are doing. So we are not anywhere in the situation that we were eighteen months ago, twenty-four months ago. But it is still something that's very important that we consider. Protect yourself if you feel you're in any kind of situation where you are vulnerable, wear your mask. If you go to a store or anyplace you go where there are a lot of people just try to protect yourself. I hope that as we get through the winter months and get into the spring, next spring when the weather gets a little bit better we'll start seeing it turn the other way. But between now and then, do everything you can to try and do as much as you can to not only protect yourself but to protect your family and friends.

The only other comment I want to make is, as Commissioner Vicari said, today is actually the last meeting of our year. We're finishing up tonight and we won't reorganize now until the 5th of January when we have our Reorganization Meeting and Commissioner Kelly is going to be taking over as our Director. I, on a personal note, want to thank everybody and I want to thank the Board – everybody sitting up here on the dais – our staff, some of you are in the audience here today, for all of the support that you have given me over the last year. It was certainly an honor to represent this Board. I truly enjoyed it. It's a hell of a lot more time than I put in as a regular Commissioner. So I'm kind of sad that it's going to be over, but at the same time it gives me the opportunity to really dedicate a lot of my time to different departments that I oversee and I can put more effort into things that I just haven't neglected but I put a lot more burden on my assistant to take and do a lot of the stuff that I would normally do myself. But it has truly been an honor representing everybody, representing this county. I truly love Ocean County and I am so thankful for the opportunities that I have been given to serve as a public elected official, serve with these great gentlemen as well as Gerry Little and Ginny Haines. And Bobbi Jo Crea coming onboard with us I think is going to be a good fit. We're going to have a good year in 2022 and keep this county moving forward and continue to make it the greatest county here in the State of New Jersey. So thanks to everybody for all your support and all your help.”

V. **PUBLIC COMMENTS** - "Comments from members of the audience are invited at this time with a limit of five (5) minutes per speaker."

At 4:28 PM, Director Quinn opened the meeting to receive comments from members of the public.

DIRECTOR QUINN: "Having said that, I will now open the floor to public comments. If anyone would like to come up to the microphone and speak, come on up and just give your name and address. Hello Colin.”

COLIN LEWIS, LAUREL AVENUE, LAKEWOOD: “Merry Christmas Ocean County Freeholders! It's really good to see you all. It's good to see you Freeholder Kelly. I miss our conversations, hanging out, our real conversations.

I really wanted to just stop by and I was hoping two things, to see Gerry before he left. I remember when he first got

here and we did a few things together. I remember him sitting alone at Macedonia Baptist Church and I thought let me go sit next to Gerry Little. And we got close then. But then also he used to send my brother some cards and 'The Daily Bread' and it really encouraged him. And he used to show me that. And you know I told Freeholder Little what that meant to us. So I sent him an email but I still kind of wanted to stop by and just give my regards. I'll still send him an email.

While I am here I will just mention just two quick fast topics. The first topic has to do with I work for an organization, Toms River (inaudible). So I'm on the Shabbos team which means we go around on Shabbos and we help people that can't do things in the Jewish Community. So I walk into a house one Shabbos and a fellow says, 'Hey my son is in the hospital. (inaudible) Say hi to (inaudible).' So he's in the hospital with the family and they have a special program, it's called 'Well Tabs'. It's a tablet that you get to be able to talk to your loved ones in the hospital. I went nuts! And it's administered through (inaudible) So I contacted them and I sent the program to Dan and Lauren because I am doing a lot of work with Lauren (inaudible), OHI, doing the back scenes, especially you know black. You know OHI really focuses on low-income – black, white, latino – so we get them in churches. And I sent it to Dan. And I have to say while I'm here that we are blessed in Ocean County to have Dan Regenye. He is the one in charge of COVID. Dan has been exceptional. He's always been wonderful to me. But every time you reach out to him he tries to make something happen, especially if it's in regard to vaccines and getting people life-saving. And he's just been amazing. He made Brian send me all the information so that we can keep up-to-date and you know I have that faith-based newsletter. So people don't realize how blessed we are to have Dan in charge at this critical time.

So I sent it to Dan and I said, 'Wouldn't this be amazing because we know during COVID people couldn't talk to their loved ones.' It was brutal. And here maybe we can create a tablet program where families can just sign up and be able to talk to a loved one just for an hour. I thought of my aunt who is sitting in the hospital and wouldn't it be cool to just sign on for an hour and have the whole family get on there and say hi. So I want to tell you Dan already planted the seed. He mentioned it to a bunch of hospital administrators. So I know Freeholder Little had that department, so whoever has it next year I'm hoping that we can continue this conversation and bless the residents of Ocean County with something that I don't know if anybody else has or has started it besides that Orthodox group and be able to have people communicate with their loved ones that are in the hospital.

And then just one other final issue, just real fast while I'm here. So you know that we as Ocean County are dealing with something that no one else in all the state is and it is the expansion of the Orthodox community. So you know I worked as P.R. Director for Lakewood. I watched BMG grow and none of us expected this. And as they are moving into the community the level of anti-Semitism is pretty nasty. So I was happy to see the Menorah lighting that you folks had with CRJCC. When they first got into town, Rabbi Rothberg asked me to introduce him to some pastors. So I said first the pastors you meet like the Jewish people in Israel. So I brought him to Pastor Walt and Lou and those people. And then in the second group I said were just a little apprehensive about you coming here. And that was the Toms River clergy. At that time it was Reverend Jones from Christ Episcopal. And we introduced him to B'Nai Israel. So there are several different initiatives going on to try to squash this anti-Semitism. You already know the AG's office and the Division of Civil Rights is suing Jackson. And so at some point, whoever is interested in talking about that next year, working with the Division of Civil Rights on what I think is an incredible program to be able to bring different facets of that community together to have dialogue and discussion. I'll let you decide who wants to have that particular conversation for next year.

So once again I don't get a chance to be here often. Grandpa, good to see you. It's always a pleasure. Joe, I can always turn to you and you are always supporting and encouraging and I love sharing your kind words with my family. So the very best to you all and have a very Merry Christmas.”

DIRECTOR QUINN: "Thanks Colin.”

COMMISSIONER VICARI: "If I just may for a second add one more thing to it. As you know, the Sheriff and I attended the Menorah lighting fifteen years ago. This will be the sixteenth year at the Ocean County Mall. So we were there to lend our support and let the people know where we're going.

But I just want to mention something else a little bit different. You mentioned Freeholder, now Commissioner, Gerry Little that when Senator Len Connors and Freeholder Jim Mancini the person who was the prime architect and did all the writing on the position paper was Gerry Little. He worked in the Legislative Office at that time. What they were concerned with is eventually what it would do and Gerry knows substantially more than me. For an example, after the Superstorm we would not be able to rebuild anything. You couldn't put a roof on your house. You couldn't put a deck on your house. You probably couldn't even put up a traffic signal. But Gerry Little was really the mastermind behind it. But when Len Connors went, he had the stature at that time that the State of New Jersey and the Governor backed off on that. It was 1987 I believe, if I remember right.

So again, just imagine what Gerry has done in the past. He was extremely not only knowledgeable, but he was part of the process to stop when the state wanted to take away 'home rule', our self-determination. And again, I wish Gerry was here today to go more into detail. And it's a possibility and we know where it's going and what brought it to light and several people here know and were at the Mayors' Meeting when the new Commissioner of the DEP spoke, Shawn LaTourette spoke, it took me a day or two to realize where they were going with the new direction as far as controlling development which is good to a certain extent, but not when it stifles our growth of Ocean County.

And it's not just the ocean. It's not just the bay. It's the backwaters and all water throughout Ocean County and the

State of New Jersey which will, in my opinion, be a problem and we want more information. So again, we're going to watch very carefully. Gerry was the master of that. He knew more than I do to be honest with you. And some of the notes I took were some of the things he said going back then in mid 1987, 1988, in that particular time. But I want to bring it to the Board and the public to be vigilant. Let's watch it. Let's monitor it. The state does some strange things. And we don't even know the layer of bureaucracy and if they're dealing with us, elected officials, and dealing with the State of New Jersey. Thank you."

COLIN LEWIS: "So I just have to say, you know who you reminded me of because we go back, Sam Christopher – just a wealth of information."

COMMISSIONER VICARI: "Sam was a great guy. We miss him all the time. Thanks Colin."

DIRECTOR QUINN: "Thank you. Yes sir, just your name and address please."

RICHARD O'MEARA, VETWORK, FORKED RIVER: "I am a Retired Army General Officer and a Veteran and a Trial Attorney here in New Jersey, or was, I'm retired and currently the recently elected Board President for Vetwork. I am here to speak a little bit with regard to the award which was just made with regard to a contract which we applied for and apparently didn't get and I promise I'll be short."

I'm not sure whether you are too familiar with the Vetwork organization. It's been in existence here since 1988 and essentially what it does since I've gotten into the game is you know there are a lot of services out there for veterans, they're everywhere. They're all over the place. The problem is getting veterans to use those services – outreach consultation – usually important. I was talking to somebody yesterday who tells me there are five vets sleeping someplace in Waretown in the woods. We're going to look for them. That's the kind of thing we do. We have hooked up people who are seriously in emergent need and hooked them up with all of those services that are available. That's the particular niche, if you will, that Vetwork applies. So we worked real hard this year to get an application together that we thought was more than appropriate. I see that we underbid the contract that, in fact, may be awarded. I don't understand why and I'm really not going to be able to go back to my board and explain to them what we did wrong with regard to why we didn't get the contract. So I'm kind of interested in that. And I would ask, if at all possible, that the award be put on hold until such time as we can look at those applications and see whether or not we didn't provide the best application for your consideration. Short and sweet, thank you."

DIRECTOR QUINN: "Just a comment so you have something to go back with. I just became aware of that this afternoon. I think it was Preferred was the one that came in and was awarded the bid. What I would say is I'll put you in touch with our Assistant Administrator, Mike Fiure, because your applications were both very, very close when it came to the final decision but we have an open bid process that we have to follow and this Board only takes the advice after the process is completed and takes and votes on the recommendation that we have based on the chosen bid that really met all the qualifications. So if you want to just stick around after the meeting I'll have Mike, I'll introduce you. He's in the back row there. He's the very last guy in the back row. Mike's the guy you want to talk to because we already talked about the fact that maybe there is some way we can get Vetworks to work with Preferred to try to... maybe it's not going to happen this year where you guys get the award because of the fact that it was an open bid and we had to follow the procedure. But maybe it can be worked with together because you, all your organizations work great and do a phenomenal job when it comes to the vets to try and show you where it came up short and maybe be able to try and direct it in the direction where the success (inaudible)."

I live in Lacey. I've been involved with Vetworks with Bernie Snyder a lot over the years when I was the Mayor in Lacey and you have a fantastic organization. And I hate to see it go and in any way get hurt, but we certainly have to abide by the restrictions that we have when it comes to bid openings."

RICHARD O'MEARA: "Sir, just one more quick comment."

DIRECTOR QUINN: "Certainly."

RICHARD O'MEARA: "I get the procedure completely. And the more we find out the better we can do."

DIRECTOR QUINN: "No doubt about it."

RICHARD O'MEARA: "But just an interesting consideration is that a lot of these organizations, Vetwork included, live 'tooth to jowl' in terms of money and the ability to provide the services. Something like losing a contract like this can put them out of business which of course you don't want. The mission is to get these kids out of the woods. So I will talk to them."

DIRECTOR QUINN: "What I would suggest is as soon as the meeting is over, and we have a small conference room over here, Mike and the gentleman you brought with you can use the conference room and maybe Mike can answer some of your questions and try to give you some direction."

RICHARD O'MEARA: "Thank you very much. Happy holiday."

DIRECTOR QUINN: "Thank you very much sir. You too. Would anyone else like to say anything? Mayor, just your name and address for the record."

MAYOR PETE CURATOLO, 421 BRANDYWINE AVENUE, LACEY TOWNSHIP: "I am speaking to you today as Mayor of Lacey Township. I wanted to thank your Board, Commissioner Director Quinn, Commissioner Vicari, Commissioner Kelly and the whole Board, for your advocacy in opposition of this toll hike. I would like to extend our thanks in Lacey Township too to the 9th Legislative District. What this amounts to is a tax increase on the people not only of our town here in Lacey Township, but all of Ocean, Monmouth and Middlesex Counties. We don't have a say in it. It happens with a fair amount of frequency. But for your advocacy at your level, we have a voice and I made sure that our residents last week at our televised Township Committee meeting knew what our Board of Commissioners did for us. I named you by name. I did the same with our 9th Legislative District. And it's something where we appreciate the added voice that you give us. Without it we become limited.

We have over 220,000 seniors. We have two robust senior communities in my town in Lacey Township. These folks are on fixed incomes. And this does just clearly amount to a tax. And again, I hope that the Commissioner of the New Jersey Highway Authority answers you. We will, in addition, be the first municipality to pass a resolution in support of your opposition next Tuesday when we meet publicly at our televised meeting. So again, I just wanted to say thank you. I want the people to know what you do and what the 9th Legislative District has done for us. And thank you very much."

DIRECTOR QUINN: "Thank you very much."

COMMISSIONER VICARI: "Mayor, I just want to thank you. You were at the Mayors' Meeting and you know it was supported by the Mayors. You will be the first town to support the county resolution. It's extremely important to us. And instead it hurts the working men and women that go to work using those three highways. But it's an automatic increase. What happened was what they did towards the end of the year in 2019 and I don't think any other county in the state or any other town has opposed that increase. And that's the problem when it's automatic, just like the gasoline tax. You do it the first time, but you can't do it continuously and they don't take any ownership of that.

I'll just now say for an example, we are using the new numbers and you were there when the Commissioner of the DEP spoke – they're not going to use the old FEMA numbers anymore. They said it's obsolete. They're using the new numbers of 2020, 2021. What we are doing now in the county for example, Maria LaFace, we're using the current the numbers and I think we're going to get more money. I think it's going to be a better picture with the data. For an example, we don't have 91 senior communities, we have 93. So we're changing that because it's since the last census. We are now over 200,000 senior citizens in Ocean County. But we have the greatest need not only in New Jersey, probably in the United States, of the 'super-seniors' over 85. So all those numbers are changing. So what we used, even last year in the literature, is going to change. The same thing with the dynamics of the working person and everything else. It was 90,000 people in the old numbers, but it's going to be more than 90,000 people using those toll roads to get to work every single day. So it's a hardship. We have the total support of the mayors which is good. But now we have to get the word out so we don't get any increases again for a long time. I appreciate Senator Holzapfel and Senator Connors for not only trying to stop it but to roll it back which is going to be difficult. Let's be realistic. But no more toll increases and I think that's fair."

MAYOR PETER CURATOLO: "Thank you for your advocacy and Merry Christmas, Happy Holidays."

COMMISSIONER VICARI: "Thank you Mayor."

DIRECTOR QUINN: "Thank you. I think the one thing we all spoke about last week at PreBoard which is when this whole thing got off the ground is the fact that it's hurting South Jersey much, much more than anybody else in the state. I mean between Ocean, Monmouth, Atlantic, Cape May Counties – those are the folks that are paying the majority of the tolls because those are the communities we have going back and forth. And what we really have an objection to – not only the increase itself overall, but the fact that as Commissioner Kelly brought up last week is the money does not come back to Ocean County. We get very little money returned to Ocean County for infrastructure programs to take and improve our roadways and to take and continue what we need to do down here. The majority of the money is going to North Jersey and it's an imbalance. And our Legislators have certainly done a great job trying to fight the fight, but being in the minority out in Trenton is very difficult. But we appreciate your support and we can't thank you enough for coming today as well as to pass a resolution. That really helps us a lot Mayor."

MAYOR PETER CURATOLO: "The Board of Commissioners did the heavy lifting and we are following suit. And thank you Commissioner Director, we very much appreciate it and this Board and our Township of Lacey. Thank you."

COMMISSIONER VICARI: "And the residents of Ocean County have to realize it supports mass transportation. When was the last time you took a public transportation bus? When was the last time you took a train? They don't exist in Ocean County which is 10% of the state. But if you live in Hudson County or Bergen County it's a different story. It depends on where you live. But the money is money and we don't have the economic standard of the money coming in as they do up in North Jersey."

DIRECTOR QUINN: "But we do live in a county where we have the best in-house transportation system in the entire State of New Jersey, Dave Fitzgerald."

COMMISSIONER VICARI: "And Dave, if we had more money could we do a better job? Like \$20 million more?"

DAVE FITZGERALD: "Absolutely."

MAYOR PETER CURATOLO: "Agreed. Dave and Ocean County Transportation are an integral part of our community health improvement plan at Ocean County Health Department. They are wonderful as is Senior Services, Tourism – great partners. I am very grateful."

DIRECTOR QUINN: "Thank you very much Pete."

MAYOR PETER CURATOLO: "Thank you."

DIRECTOR QUINN: "Anyone else like to speak? Yes sir, just your name and address."

SAMUEL CAMMARATO, TEAKWOOD DRIVE, BAYVILLE: "I want to thank you, Commissioners, for allowing me to speak to you today. But before I explain to you why I am here, I just want to offer my deepest condolences to Ginny Haines' family and I wish them the very best."

I would also like to thank you Director Quinn for your past year and for the hard work that you've done. And you're passing off the torch to someone who is just as capable, Commissioner Kelly."

DIRECTOR QUINN: "Thank you very much."

SAMUEL CAMMARATO: "I come to speak to you today about two things, two bills that are in the Senate and in the Assembly. The first one is the Senior Property Tax Bill. I had contacted Senator Connor's office back in September and I made him aware...let me rephrase that, he was already aware. I brought up the subject about seniors and the difficult time that they are having during this pandemic coupled with the fact that we have such high inflation and as Commissioner Vicari had pointed out food prices, gasoline prices, everything is going up. And to make matters worse, so many of these seniors have found themselves in a position where their family members or maybe their children are moving back into their homes because they can't afford to stay on their own or they are lending money to family members. And this is causing them a serious problem. What problem? Well the Senior Property Tax Freeze has an income limit and when they are taking money out of their IRAs they are increasing their income and they will find themselves next year not eligible to continue with the Senior Property Tax Freeze benefit of that check that they get every year. But even worse is the fact that they will now be excluded from the Senior Property Tax Freeze Program for, I believe, two years. It gets worse. When they do finally get back in, they get back in not at their protected assessment that they enjoyed for all these years that protected them against our New Jersey high property taxes. They're going to start all over again with the highest assessment."

So I contacted Senator Connors as I said...of course Senator Connors, DiAnne Gove, Assemblyman Brian Rumpf, they already knew about this and they had already assured me that they were on top of the situation and they had sponsored or co-sponsored a bill that will increase the income limits – double the income limits – so that seniors will be protected from not receiving that check that they desperately need and also protect them against their being thrown out of the Senior Property Tax Freeze Program for two years and restarting higher. Before I leave, I would like to give you some information about that."

Earlier this afternoon I was fortunate enough...I got a call from Jason Smith, as you know who is the Chief of Senator Connors and Assemblyman Rumpf and DiAnne Gove, and he advised me about this and where this program is, I'm here to tell you that right now that particular one is just sitting there. What they are waiting for is, I guess, for the new Senate President whoever he or she might be and hopefully they'll be able to take up this mantra and move forward. And again, I'm asking for your support in this. I don't know if I can get it directly or even indirectly using whatever influence that you might have of...quickly, it says...this is what Jason had sent me earlier. It says, 'this Bill will double the income eligibility limits for the Homestead Property Tax Reimbursement Program, also commonly known as a Senior and Disabled Citizens Property Tax Freeze Program. And that begins in the year 2017.' I won't have to read it to you. I can just simply give it to you. So that's the first part that I'm asking for your support on."

The second one has to do with our veterans. We all always thank our veterans for their service that they have given us and helping us in their fight to protect our country and the enormous help that they've given us. Many of them, unfortunately, have become so disabled that they are one hundred percent disabled. And with that, what has happened is New Jersey as I hope that the rest of the country, but New Jersey offers our hundred percent disabled veterans property tax relief where they pay no property taxes. But you have to be one hundred percent disabled. Now if you're zero or up to 95% disabled, the State of New Jersey gives you \$250.00. This is not fair to our veterans. If you have a veteran that is 30%, 50%, 80% disabled and you're treating him the same way as you treat any veteran – not that there is anything wrong with giving them \$250.00 – first of all I don't think it's nearly enough, especially in New Jersey with the way our property taxes are. But you shouldn't be treating our veterans that are 50% or higher, 30%, whatever they are...whatever the Veterans Administration decides they are disabled at, they should get a proportional amount applied to their property taxes. So if they are 20% disabled they get 20% off, not \$250.00."

Again, Jason was kind enough to send me this. It says, 'as amended, this Bill revised the current veterans total property tax exemption provided to totally disabled, honorably discharged veterans who receive a 100% service-related disability during their active service in the United States Armed Forces. Under the current law, veterans who did not receive 100% service-related disability but who were partially disabled during their service are not eligible to receive a proportional property tax exemption. This Bill will allow all honorably discharged veterans who receive a service-related disability determination resulting from their active service in the United States and Armed Forces, including those that are also 100%'. So basically what it is if you're 50% disabled, you get 50% of your property

taxes. If you're 20%, you get 20%, whatever it is. If you're not disabled then you will continue at least with your \$250.00.

Again, I don't know how much influence our Commissioners can be, but what I've come to learn is that you people do wield a lot of influence even when you are not directly involved which I always have thanked you for. So with that, I'll just say I would appreciate whatever help. Our veterans would certainly appreciate whatever help that you can offer on both these bills, and the seniors. And I'd like to..."

DIRECTOR QUINN: "Why don't you give Danielle the paperwork and Danielle you can distribute it to all the Commissioners."

SAMUEL CAMMARATO: "There are some personal notes that are also included from Jason also to me, but ignore them. Just concentrate on the rest."

DIRECTOR QUINN: "What we will do Sam is I'm sure Commissioner Kelly will put it on our first PreBoard Meeting if it's okay with Jack and we will look towards doing resolutions supporting both of the Bills for our Legislators."

SAMUEL CAMMARATO: "Very good. Thank you so much for your attention. Thank you."

COMMISSIONER VICARI: "If I could just add something else before you leave. My father was in World War II and I know losing a lot. He passed away a number of years ago. But he was 100% disabled. He was in the Battle of the Bulge. The reason he wasn't 100% from the beginning was because he was severely frostbitten. They didn't recognize, the military, until like 12 years ago. So therefore, no matter what he had, if you were frostbitten in the service in combat for many months – even though he was hospitalized several times and everything else – they did not recognize frostbite.

Second thing, battle fatigue. If they didn't have anything else, they did not recognize at that time battle fatigue. So when he was hospitalized, when he came out he was a certain percentage. I don't know exactly because he never spoke about it. But it took my dad maybe 25 to 30 years whatever the case may be before the VA, Veterans Administration, changed the criteria of what it was. Same injury, same place, same time – even though he was in a combat area for many years they would not recognize it. Fortunately for us times have changed. I know at the meeting you had, I was there with Assemblyman Brian Rumpf and DiAnne Gove and the 9th District, that they're looking at it seriously. I think the temperament of the country is to be more sensitive now than ever before. But it's unfortunate that it takes this much time and progression. That's why it's so important for people like yourself, especially for two areas, most of our veterans are in Berkeley and Manchester, some in Toms River. And that's why, I mean look how long it took us to get a new Veterans Clinic which eventually is going to materialize over the next several years. Buildings are very important. We do listen. But we need more people like yourself coming to a public meeting and not only waking us, but the news media and letting the veterans know that we do care, that something is going to be done. And they all say, 'Well nothing is going to be done. It's a waste of time. The status quo is blasé faire.' I don't think that is going to happen over here. So thank you again on behalf of your organization."

SAMUEL CAMMARATO: "And also if I could just add this one part. One of the issues, I believe, that has kept this Bill for veterans to move forward was because of the fact that so many towns could not afford to pick up the tab for the benefit that the veterans were going to receive. This Bill, once passed, would have our state reimburse their towns the money, whatever money the veterans might receive. And in closing, no battle ever – World War II, Vietnam, whatever – is good, however, the Battle of the Bulge...how these people survived and how any of them came out of that...your father is truly a God blessed man."

COMMISSIONER VICARI: "He never mentioned it for 35 years until the book came out about the 'Greatest Generation'. I never knew what he did in the service. I never knew his rank, what outfit he was in or anything else. But I heard some conversations sometimes with his friends or whatever the case may be and my father would always say, 'He was a Depression guy and we don't complain'. Tough guys. Never, never complained. Unbelievable. But thank you for those comments."

SAMUEL CAMMARATO: "Thank you for listening."

DIRECTOR QUINN: "Thank you. We appreciate it. Would anyone else like to say anything? Seeing none, I want to wish everyone a Merry Christmas and a Happy and Healthy New Year. I'll ask for a motion to close the public portion."

W. ADJOURNMENT

RESOLUTION

December 15, 2021

WHEREAS, Ocean County continues to see its population grow and along with that comes the need to move people to and from jobs, medical appointments, recreational activities just to name a few destinations; and

WHEREAS, our citizens heavily rely on the Garden State Parkway, the New Jersey Turnpike and the Atlantic City Expressway to move both locally and across the state; and

WHEREAS, with almost 40-miles of the Garden State Parkway running through Ocean County, our residents again will be among the hardest hit by another toll increase of 3 percent scheduled to go into effect on Jan. 1, 2022; and

WHEREAS, more than 90,000 people living in Ocean County commute outside of the area for employment; and

WHEREAS, this toll increase comes on the heels of a 27 percent toll increase put into place September 2020 in addition to an almost 7 percent increase in U.S. consumer prices; and

WHEREAS, the Garden State Parkway serves as the main artery for our motorists who need to access jobs, be it north or south and any toll hike would have a negative effect as it increases the cost of a daily commute; and

WHEREAS, the State of New Jersey has not given Ocean County's motorists any traveling options; and

WHEREAS, Route 9, the other north-south artery has not changed since it was first constructed in the 1920s, remaining one lane in each travel direction throughout the course of the County while in the meantime our population has grown to almost 630,000 people; and

WHEREAS, Ocean County has been continually informed by State transportation officials that dualization of Route 9 will probably never occur; and

WHEREAS, it is important to highlight that these routes are for more than just leisurely travel but are designated evacuation routes during times of emergencies; and

WHEREAS, in the last few decades, the state has made improvements to the Garden State Parkway, constructing new interchanges and upgrading existing ones but those improvements did not come to us simply because we needed them. It helped substantially to have representation on the former Highway Authority paired with Ocean County providing the initial funding to obtain the design and permitting of many of these projects; and

WHEREAS, the Jersey Shore area, based on the number of residents using the toll roads, should have representation on the New Jersey Turnpike Authority; and

WHEREAS, Ocean County continues its urging of the state to provide improved rail service to Monmouth and Ocean counties; and

WHEREAS, Ocean County motorists, based on volume, already pour millions of dollars into the parkway through the toll system; and

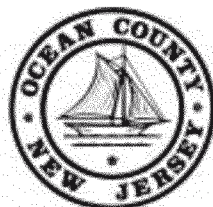

WHEREAS, Ocean County residents will feel the financial burden of this action over and over again, not just on the road but in our stores and as consumers as prices go up even more in order to meet the demands on a shipping industry that is also paying more to bring us goods and services; and

WHEREAS, the Turnpike Authority did not provide those paying the bill with even an opportunity to comment on this increase as it is being implemented automatically; and

WHEREAS, undoubtedly, North Jersey will see the benefits to this increase as funds are provided in those northern areas for road and bridge improvements, leaving Ocean County residents paying the bill.

NOW, THEREFORE, BE IT RESOLVED that the **BOARD OF COMMISSIONERS of the COUNTY OF OCEAN, STATE OF NEW JERSEY** urges Governor Murphy, New Jersey Turnpike Authority, and the South Jersey Turnpike Authority to reconsider the increase in tolls on the Garden State Parkway, the New Jersey Turnpike and the Atlantic City Expressway and encourage all of our elected officials to join the efforts to oppose this toll increase.

BE IT FURTHER RESOLVED that certified copies of this Resolution shall be made available to Governor Phil Murphy, all Ocean County Mayors, the 9th, 10th, 12th and 30th State Legislative Offices, the New Jersey Turnpike Authority, and the South Jersey Turnpike Authority.

Subject: Ocean County Training Center, Direct Procurement Justification

Dear Ms. Giaccio:

KFT Fire Trainer is pleased to provide information for your consideration with respect to a direct procurement from KFT Fire Trainer of maintenance support for the FireTrainer®T2000 and O100 live fire training system at the Ocean County Training Center.

As the designer, manufacturer, and installer of the FireTrainer®T2000 and O100, KFT Fire Trainer maintains the resources, materials, and equipment necessary to fully support the trainer. KFT Fire Trainer is the only company within the corporation qualified to offer a comprehensive maintenance support for your trainer. There are no outside organizations that have been authorized to conduct maintenance or repairs on our trainers.

As the original developer of computer-controlled propane fueled fire fighter trainers, KFT Fire Trainer has a vast intellectual property portfolio that includes numerous patents, evidencing our strong technical capability. KFT Fire Trainer developed proprietary software used with the trainer and will install any updates developed for similar trainers at no additional cost. KFT Fire Trainer does not release its source code to anyone for any purpose.

KFT Fire Trainer maintains an inventory of the most frequently replaced components, affording us the ability to respond quickly to system malfunctions. Our Customer Service Department maintains a staff of skilled technician's factory trained in 3 required disciplines, HVAC, mechanical and electrical. They are capable of providing knowledgeable, comprehensive and timely support.

KFT Fire Trainer delivers its trainer with an Operation and Maintenance Manual that provides the user with limited rights in the data. Release of our documentation outside of a user organization requires prior KFT Fire Trainer written approval except in cases of emergency.

Should you have any questions, or if I may be of further assistance, please do not hesitate to call me at 862-444-1423 or email me at mike.collins@kft.firetrainer.com
