

A BEACH NOTE

Through the kind co-operation of the merchants and business men on the Island, this booklet is born. It has been printed with the thought in mind of its sponsors—The Long Beach Board of Trade and the six governing bodies on the Island—of aiding you and your family in enjoying the benefits this Vacationland is privileged to offer you.

The following pages contain the names with brief descriptions of the many attractive resorts "Six Miles at Sea". The main part of this booklet consists of a classified directory of many reliable merchants, all of whom will value highly your patronage. It is their hope that they may adequately service you with all your needs and wants within their power to provide.

Interspersed throughout are interesting and helpful facts concerning the various Municipalities, the Island in general, churches, tide schedules, emergency instructions and so on. With this information, together with the business directory you should know and better understand the Island of Long Beach.

Whether you may be the most recent or one of the most frequent visitors to this shore, we delight in the opportunity of welcoming you. The Beach is "Yours" to reap those pleasures best afforded you.

The LONG BEACH BOARD OF TRADE.
