### Executive Summary

#### AP-05 Executive Summary - 91.200(c), 91.220(b)

##### 1. Introduction

The U.S. Department of Housing and Urban Development (HUD), Office of Community Planning and Development (OCPD) requires the Township of Brick as a recipient of federal entitlement grant funds to develop an Action Plan annually that describes the Township's community development priorities and goals, based on an assessment of housing and community development needs, an analysis of housing and economic market conditions, and other available resources.

The Brick Township Community Development Block Grant (CDBG) program assists low-to-moderate income persons and families through its local housing rehabilitation program, local charity, other non-profits and public service groups sub recipient grants. The program has also assisted in the development of public facilities and infrastructure and in qualified neighborhoods, provided funds to create or retain affordable housing and eliminated barriers for people with disabilities. The program has been active in Brick Township since the early 1990's and has helped many residents of the jurisdiction in their housing, social services and community needs. This plan provides a framework for low-moderate income assistance to individuals and families that follows the regular eligible projects and activities permitted in accordance with HUD regulations for Entitlement Communities. Coronavirus specific activities are not included in this plan and are continuing through the FY 2020 Action Plan Amendment.

##### 2. Summarize the objectives and outcomes identified in the Plan

The Township of Brick's 2024 One-Year Action Plan coordinates all elements of community development including rehabilitation of housing, creation and retention of affordable housing, public facility reconstruction and development, public services, activity delivery costs and administration of these programs into a single plan utilizing Block Grant (CDBG) funds. The Ocean County Housing Consortium is the point of contact regarding the HOME Investment Partnerships Program and the Homeless Needs Assessment as the County has the resources and

programs to address those needs. Brick and its residents in need are the beneficiaries of the County program and a regular participant of the Consortium.

The Action Plan sets forth the Township's plan to pursue the overall goals of the community development and planning programs of the Department of Housing and Urban Development (HUD). Those goals are:

- To provide decent affordable housing; and
- To establish and maintain a suitable living environment; and
- To expand economic development opportunities primarily for persons of low- to moderate income; and
- To facilitate the maintenance and improvement of dwellings occupied by low- to moderate income households; and
- To provide critical services to the homeless, disabled and those in the community unable to sustain themselves; and
- To improve and repair public infrastructure and public facilities that serve low-to-moderate income individuals

The Annual Action Plan serves the following functions:

- A planning document for the Township, based on a participatory process; and
- An application for federal funds to improve accessibility, affordability and suitability to decent housing, living environments and economic opportunities.

### **3. Evaluation of past performance**

The evaluation of past performance helps lead the grantee to choose its goals or projects. In addition, the Township has a procedure for the monitoring of project activities and sub recipient awards. The following is a description of the types of monitoring performed by staff:

- Performance monitoring
- Financial monitoring
- Compliance with the Davis-Bacon Act
- Environmental Review Compliance utilizing the HUD HEROS system
- Federal and State program reporting
- Federal Stimulus Job creation reporting
- Minority Business Enterprise reporting
- HUD IDIS Reporting

Sub recipients Grants – Public Services:

The past performance of the Sub recipients in the public service group has shown large numbers of individuals and families benefitting from the programs in contrast to the limited funding

available to those nonprofits. We will continue to fund as many public service organizations as possible as the practice provides the most favorable cost benefit ratio of any program. A list of the Sub recipients that were funded in the FY 2022 Annual Action Plan are listed herein:

ARC, Ocean County Chapter	Community Services Meals on Wheels
Homes Now, Inc.	Ocean’s Harbor House
Caregiver Volunteers of Central Jersey	Interfaith Hospitality Network
Church of Epiphany – St. Vincent de Paul Society	Providence House
Church of Visitation	Preferred Behavioral Health
True Vines	Jersey Shore Council of Scouts
Contact of Ocean/Monmouth Counties	Big Brothers Big Sisters
Dottie’s House	Rotary Club Brick Morning, Inc.

**Housing Rehabilitation Program:**

The need for housing rehabilitation remains consistent in Brick and is growing more prevalent as the Township contains a significant amount of senior housing most of which is between 50 and 60 years old and in need of repairs. Many of the residents in these communities have aged in place, are on a fixed income and can no longer afford critical maintenance on their homes. Forty-five (51) homes have been rehabilitated by the Township since the inception of the CDBG Entitlement Program in 1991. During the 2021 & 2022 Annual Action Plan Years, six homes were completed and more are anticipated to be completed in the 2024 project year.

**Public Facilities and Infrastructure Projects:**

In addition, infrastructure projects in qualified areas or improvements to public facilities have also benefitted the low-to-moderate income residents by improving living conditions and services. A large roadway repaving, rehabilitation and ADA improvement project was completed in 2018 in a qualified designated target area in the Township. In addition, a public facility that houses the Disabled American Veterans received ADA upgrades to the entrance and parking lot. In the FY 2019, FY 2020, FY 2021 and FY 2022 Action Plans, funding was provided for a phased American’s With Disabilities Act (ADA) Improvement Project at Windward Beach Park. This project provided design, engineering, construction and construction inspection funds to make improvements to remove architectural barriers to mobility and make the park more accessible. Sidewalks, ADA compliant parking stalls, curb aprons, railing, parking facilities and signage as well as other upgrades will be included at this regional park facility. Activity delivery costs were also processed through this activity.

**4. Summary of Citizen Participation Process and consultation process**

Brick Township is a member of the Ocean County Consortium and participates in their Public Hearings and the sharing of public comments. In addition, Brick holds two of its own public hearings to solicit comments, one during the 30 day public comment period on the draft plan and

one at the end of the 30 day comment period. The Ocean County Housing Consortium held a predevelopment Action Plan public hearing on December 6, 2022 in which Brick participated. On April 4, 2024 the Ocean County Consortium will hold a public hearing to solicit comments on the Draft Action Plan. Brick will participate in the County's Hearing. During the 30-day comment period on the Action Plans, the Plans were available for review on the Township's and County's website as of March 10, 2024 and a hard copy of Brick's Draft Action Plan was available in the Municipal Building, in the Township Clerk's Office. Brick held two public hearings in the municipal building to solicit comments on the Draft Action Plan, one was held on January 26, 2024 as the Pre-Development Hearing and the second was held on February 23, 2024 as a public meeting to solicit comments on the draft plan. A third public hearing will be held by the County Consortium on May 4, 2024 at the Freeholders Meeting prior to the Plan's adoption by the governing body. The Township will be in attendance at the meeting and the County will forward public comments to the Township that are relevant to Brick's Program. Please note due to the public health emergency, (COVID-19) all meetings may be held via a virtual online format and will provide login information on the website if needed.

It is also important to note that the consultation process includes an application phase where interested Public Service organizations are given an opportunity to apply for Public Service funds. The Township made an announcement on its website and provided advertisement on January 20, 2024 and sent out flyers and application packets to over 20 Public Service Entities soliciting applications for programs that provide Public Services. The deadline for submission for applications is February 24, 2024. Once received and reviewed by the Mayor's Community Development Committee, these organizations and the services they provide will be included as projects in the FY 2024 AAP.

## **5. Summary of public comments**

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

*No Comments were received from the public at the County or Township Hearings.*

## **6. Summary of comments or views not accepted and the reasons for not accepting them**

*There were no comments from the public that were not accepted.*

## **7. Summary**

The Annual Action Plan is a comprehensive process which sets forth the reasons for and the levels of support for each project. In coordination with staff, Township administration, the Mayor's office, the Mayor's Committee on Community Development, the Ocean County Consortium and

the general public, the planning process endeavors to identify feasible objectives and match resources accordingly. True success can be achieved through the program when realistic planning objectives are matched with available funding to accomplish stated goals. The work involved in the development of the Annual Action Plan is that process.

## AP-10 Consultation - 91.100, 91.200(b), 91.215(l)

### 1. Introduction

The County of Ocean, on behalf of the Consortium and participating municipalities conducted significant consultations with citizens, municipal officials, non-profit agencies, public housing agencies, governmental agencies, and the Continuum of Care (CoC) in preparing their Action Plans. The County held many public input meetings attended by Brick representatives to facilitate development of the 2024 Action Plan and previous Action Plans. In addition, as previously noted, Brick has sought additional public input individually, holding its own public hearings. The County, the Township of Brick and key stakeholders recognize that strong collaboration is vital to ensuring community needs, and in particular, the needs of low-income communities, are addressed. The Township has also developed a comprehensive web page on the Township of Brick website that promotes the public input and consultation. The website address is <http://www.bricktownship.net/index.php/community-block-development-cdbg-grant-program/>

### **Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l)).**

The Ocean County Housing Consortium, together with the Ocean County Board of Freeholders, support many of the identical public service organizations that the Township of Brick endorses. These agencies benefit those in need, particularly those who are considered very low, low-to-moderate-income residents. Such groups include assistance to the frail elderly, youth services, domestic violence support organizations, persons with disabilities and veterans. The Township utilizes the Public Services Program to provide additional services to organizations that assist housing providers, government health, mental health and service agencies. These agencies provide services to senior citizens, individuals with disabilities, children and income qualified individuals including; nutrition, financial assistance for utility bills, housing costs, emergency repairs, domestic violence assistance, homelessness prevention, crisis counseling and intervention, transportation, children's services, counseling and mental health support. The website also provides links to sub recipients to coordinate collaboration to ensure services to provide opportunity for collaboration and continuation of services to those in need. These public service groups include:

ARC, Ocean County Chapter	Dottie's House
Big Brother/Big Sisters	Ocean's Harbor House
Caregiver Volunteers of Central Jersey	Interfaith Hospitality Network
Church of Epiphany – St. Vincent DePaul Society	Providence House
Church of Visitation – Hot Lunch Program	STEPS
Community Services Meals on Wheels	Jersey Shore Council of Scouts
Contact of Ocean/Monmouth Counties	Faith Fellowship Outreach Ministries
Northern Ocean Habitat For Humanity	Homes For All – Hands For All
True Vine Community Services	Homes Now, Inc.
Rotary	Preferred Behavioral Health

Through a collaborative relationship, Brick Township has worked with Ocean County Housing Consortium and its stated HUD programs and activities and has worked with the County to develop its long-term Consolidated Plan strategy and each of the One Year Action Plans with the advice and input of various concerned citizens and groups.

Brick has a Public Housing Authority that provides affordable housing to the elderly and those with disabilities. The Township does not support the Housing Authority with CDBG Funds. It should be noted that there are more than 300 U.S. H.U.D. Section 8 units that are managed through either the Brick Housing Authority, Ocean County Division of Social Services and the New Jersey Department of Community Affairs that are located in the Township.

**Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.**

The County, on behalf of the Consortium and participating municipalities such as Brick, has significantly increased its efforts towards coordination and collaboration across systems of care in an effort to serve the most “at-risk” residents including the homeless, those at-risk of becoming homeless, veterans, and unaccompanied youth. As a part of 2024 Action Plan planning cycle, the County of Ocean will utilize the Analysis of Impediments to Fair Housing Choice (AI) to identify where underserved populations are located and concentrated.

The County has made progress in implementing the HUD mandate and national best practice of establishing a Regional Coordinated Assessment System. The stakeholders have adopted guiding principles and a common assessment tool that will allow a shared understanding of needs by service providers. Under the Action Plan, individuals and families will be referred to services based on the outcomes of a common assessment of needs, a mutual and comprehensive understanding of each program's requirements, the target population served by each program, and the number of available beds and services. Once a homeless individual or family has accessed the system, they receive a variety of services designed to help find permanent housing, education, employment, and/or additional public assistance as needed. A variety of housing options are provided including transitional living, emergency shelter for single women and families, rapid re-housing, and affordable housing (based on unit availability).

Individuals and families also receive employment training, job search assistance, and assistance preparing for and taking the GED. Homeless children and youth (under 24 years of age) are provided with medical services. The Veterans Service Bureau offers supportive services to veterans and their families that focus on identifying Veterans Affairs (VA) benefits and additional public benefits such as housing counseling services, health care services.

**Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS**

The Ocean County Homelessness Prevention and Assistance Coalition (HPAC) is a voluntary association that provides information, services, and advocacy for and on behalf of Ocean County's homeless population. HPAC works to ensure that people who experience homelessness or are at imminent risk of homelessness will have access to community resources to resolve their immediate housing crisis and facilitate transition from homelessness to stability in permanent housing as rapidly as possible.

The Township, along with a number of its funded Public Service Entities coordinate with the County HPAC and Board of Social Services to direct those in need to the services most convenient and suitable to their situation. The Township of Brick does not receive ESG Funds.

**2. Agencies, groups, organizations and others who participated in the process and consultations**

	<b>Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?</b>	Coordination with the Board of Social Services occurs directly through the Ocean County Planning Department, the Township of Brick and the majority of the twelve Public Service entities that are funded annually through Brick's CDBG Program.

**Identify any Agency Types not consulted and provide rationale for not consulting**

The County used all of its available resources to include all appropriate Agency Types. All contributing Agencies were consulted.

The County and Township used all of its available resources to include all appropriate Agency Types. All contributing Agencies were consulted. Through its annually monitoring process, the Township of Brick meets with each Public Service Entity and provides a copy of the draft Action Plan for review and comment and invites these agency representatives to attend the public meetings.

Table 3 - Other local / regional / federal planning efforts

#### Narrative

The purposes of HPAC are:

- To provide information and engage with the homeless population of Ocean County to enhance their knowledge of available services and service providers.
- To serve as a forum to analyze and discuss emerging housing needs of the homeless population and those at imminent risk of homelessness in Ocean County.
- To support planning and development of services to meet prioritized needs of homeless individuals and those at-risk of homelessness in Ocean County.
- To develop and implement a coordinated community-based strategy for preventing homelessness when possible and rapidly rehousing those who become homeless in Ocean County through permanent supportive housing solutions, stabilization of at-risk households, education and economic opportunities to promote self-sufficiency, and other mainstream and social services.
- To coordinate Ocean County's resources, including those of individual municipalities such as those offered in Brick, to effectively identify and address the needs of the county's homeless population.
- To create and maintain systemic approaches to addressing homelessness through collaboration with community and government organizations and liaison relations with statutorily created and other administrative or advisory boards, which are concerned with homeless services.
- To create and use data and performance measurement tools to evaluate and improve the county's and township's response to homelessness, particularly projects funding through the US Department of Housing and Urban Development (HUD) Continuum of Care (CoC) Program.
- To apply for funding from the US Department of Housing and Urban Development (HUD) under the Continuum of Care (CoC) Program and other programs.

## AP-12 Participation - 91.401, 91.105, 91.200(c)

### **1. Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal-setting**

HUD requires entitlement jurisdictions to provide for citizen participation in developing the Action Plan. The County's Citizen Participation Plan largely centers on public hearings, public comment periods, and the County Housing Advisory Committee (CHAC) public meetings. To encourage citizen participation in the Action Plan planning process, the County holds two public hearings each year, in which Brick Township participates. In addition, Brick Township held two of its own public hearings at the municipal building via virtual software, Zoom.

The public hearings provide an opportunity for all Ocean County residents and community groups to communicate their views and needs to the County. The first public hearing was held on December 7, 2021 at 129 Hooper Avenue, Engineering Conference Room, Toms River, NJ 08754. This hearing solicited public comment on the pre-development of the County's 2024 Action Plan. A public notice was published in the local newspaper, the Asbury Park Press, and the Latino Unidos, a Spanish language newspaper. Announcements are also placed on the County's website that hosted the schedule for all the public hearing (s) and the other scheduled meeting (s) that are a part of the Annual Action Plan. Brick participated in the pre-development meeting.

The Brick's draft Action Plan was posted on the County's website on March 11, 2024. Brick held a pre-development plan public hearing on December 20, 2023 at the Municipal Building, 401 Chambers Bridge Road, Brick, NJ. Brick also participated in a public hearing on April 2, 2024 at 129 Hooper Avenue, 2nd Floor Cafeteria, Toms River, NJ 08754. In addition to participating in the County's Public Hearings, and the Count's CHAC meeting, the Township advertised and held a Public Hearing at the Municipal Building on 401 Chambers Bridge Road, Brick, NJ on February 5, 2024, prior to the end of the 30-day comment period to further explain the draft Plan and receive comments. The Township will post the 2024 Action Plan Draft on the Township's CDBG webpage after March 11, 2024 and has noticed the availability of the 2024 Action Plan public hearing in the Asbury Park Press, The Ocean Star and Latinos Unidos, a Spanish language newspaper.

## Expected Resources

### AP-15 Expected Resources - 91.420(b), 91.220(c)(1,2)

#### Introduction

The following table outlines the resources the Township anticipates to include when CDBG funds are received and the Township expects to have available during the 2024 Action Plan year. The US Department of Housing and Urban Development, released the Township of Brick allocation amount on Friday February 26<sup>th</sup>, 2024 for the community's 2024 Fiscal Year Community Development Block Grant allocation of \$309,179 (estimated).

This Action Plan is not intended to confer any legal rights or entitlements on any persons, groups, or entities. The terms of this annual Action Plan are subject to amendment and to the effect of applicable laws, regulations and ordinances. Statements of numerical goals or outcomes are for the purpose of measuring the success of programs and policies and do not impose a legal obligation on the Township to achieve the intended results. Actual funding of particular programs and projects identified in this Action Plan are subject to completion of various further actions, some of which involve discretionary determinations by the Township or others. These include HUD approval of this Action Plan and appropriations by the United States Congress; reviews and determinations under environmental and related laws; and results of bidding and contracting processes.

Brick's 2024 Action Plan has been designed with projects and activities that will reflect the total grant funds available for the 2024 Program of \$309,179 (estimated) in addition to program income of \$ 13,475.00 that was received in 2021 for a total of \$322,654.00. (estimated) The narratives about other resources these funds may be leveraged with other funds if available. The following the table

lists the anticipated resource;

**Anticipated Resources**

Program	Source of Funds	Uses of Funds	Expected Amount Available Year 1				Expected Amount Available Remainder of Con Plan \$	Narrative Description
			Annual Allocation: \$	2023 Program Income: \$	Prior Year Resources: \$	Total: \$		
CDBG	public - federal	Admin and Planning Public Facilities & Infrastructure Improvements Public Services, Affordable Housing, Housing Rehabilitation	\$310,000  (estimated)	\$	\$0.0	\$310,000  (estimated)	\$	Support for a Comprehensive and Emergency Housing Rehabilitation Program, Public Services Program and Program Administration, Public Improvement Projects and creation/support of affordable housing.

**Table 5 - Expected Resources – Priority Table**

**Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied**

The Township commits considerable matching resources in the expenditure of funds for salaries for the support staff that is responsible for assisting in implementing housing and community development activities and provides office space, supplies, computers, phones and transportation. Part of the funding for these salaries comes from the Affordable Housing trust fund, for salaries for the Housing Liaison. The administrative staff is dedicated primarily from the general operating budget funded through taxpayer resources and supplemented by CDBG Housing and General Administration Funds. The Township also proposes to commit additional local funds to complete a capital improvement project to reconstruct a local municipally owned public right of way with ADA compliant crosswalks and sidewalks. In addition, the Township will commit funds for the creation of affordable housing through the Affordable Housing Trust Fund.

The Township staff keeps time sheets of hours spent on the grant activities for General Administration and Housing Rehabilitation Administration and averages the allocation for the program administration costs and activity delivery costs for monthly drawdowns from the CDBG Grant funds. Staff works on the preparation of the Annual Action Plans, Consolidated Plans, Public Hearings, Subrecipient Contract Administration, Environmental Reviews, Housing Rehabilitation Administration, Financial Reporting,

Performance Reporting and general administration of the Program. Additional inspections staff works on Housing Rehabilitation inspections, project work write ups and project closeouts. Inspectors are paid overtime rates as needed. The table below shows the allocations for those drawdowns utilized for the 2023 program year:

Staff	Housing Rehabilitation Administration per Payroll	General Program Administration per Payroll	Total Salary	Estimated Annual Total X 13 payrolls
Tara Paxton	\$200	\$800	\$1,000	\$13,000
Jennifer Ingenito		\$410	\$410	\$5,330
Lauren Frank		\$170	\$170	\$2,210
Betty Baptista	\$450		\$450	\$5,850
Vincent Palmieri		\$35	\$35	\$455
			Total	\$26,845

**If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan**

Publically owned land or property located within the Township of Brick has been designated to provide affordable housing through the creation of affordable group homes, mixed use developments and foreclosed properties that have been deeded to affordable housing developers.

**Discussion**

The Township of Brick in accordance with NJ State Affordable Housing mandates, provides and monitors affordable housing units for the region. This will also be the case in the coming 30-year term which is consistent with existing State regulations and decisions.

The Township of Brick has a robust affordable housing program rooted in the fact that we have historically zoned for affordability through zoning that allowed for a variety of housing types. Zoning for specific affordable housing sites in the Township has provided us with dedicated land that is available for affordable housing, not only through township owned property, but through the allowance of affordable housing projects on private land that provides for affordable housing units. The Township amended its zoning regulations in 2012 to allow for scattered site affordable housing projects to be considered as conforming to the zone in which they are

located regardless of the underlying zoning designation. For example, a scattered site affordable housing unit in a business zone, would be permissible as a residential development. In addition, the Township has provided real property for the development of affordable housing. Those sites include the Chambers Bridge Residence that provides affordable age restricted housing, housing for persons with physical disabilities, six residentially zoned parcels in neighborhoods that have been developed in partnership with Homes Now, Inc. and HMFA and DDD funding for group home facilities for the those with developmental disabilities. The township has also donated land for the development of an apartment complex called Tudor Village that provides housing for the people with developmental disabilities, veterans and families in addition to property set aside for the development of a complex that houses individuals with brain injuries.

Currently, the Township has few acres of property within its jurisdiction set aside for projects to provide affordable housing when the appropriate funding opportunity presents itself. The Township is currently more than 98% built-out. Properties that become available through foreclosure or other means will be considered for affordable housing sites in the future. However, the Township recently participated in the settlement of Affordable Housing obligations through the Courts, as was the case for communities throughout New Jersey. The Township has adopted a new Affordable Housing Plan and Ordinance revisions consistent with the Settlement Agreement to address additional opportunities for Affordable Housing within the community. The Settlement Agreement was negotiated with the Court Appointed Master and the Fair Share Housing Center. The Settlement Agreement included the following provisions:

- 189-unit Third Round Present Need (rehabilitation share)
- 930 unit Prior Round Obligation
- 1,133 unit Third Round Prospective Need obligation where the Township completed a Realistic Development Potential Analysis (RDP) and vacant land adjustment that resulted in an adjustment to make the Third Round Prospective need 105 units with a 1,028 unmet need.

The Township amended its spending plan, affirmative marketing plan, housing rehabilitation manual and adopted a new affordable housing ordinance in compliance with the settlement agreement and expects continued compliance through the 2025 third round compliance period.

## Annual Goals and Objectives

### AP-20 Annual Goals and Objectives - 91.420, 91.220(c)(3)&(e)

Table 7 – Project Information

### Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

The Township has prioritized the Housing Rehabilitation Program due to the fact that there is an indigenous need to upgrade the existing, older housing stock. In addition, much of our older housing stock was constructed in the 1940's and 1950's as resort homes without proper insulation, adequate plumbing or electrical services. These homes have steadily become year-round residences over the years and are in need of system upgrades. Over 189 units were identified in the 2010 Census (2020 Census Data was not released at the writing of this report) as requiring rehabilitation. Since 2010 approximately 64 homes have been rehabilitated utilizing CDBG grant funds. The Township has a large senior population comprising over 26% of all households, many of whom are on fixed incomes without the resources to provide for home maintenance. As a result, we are finding that homes built in senior communities in the 1970's and 1980's are falling into disrepair. Also due to the Township's large senior population, along with a recognized number of low-to-moderate income non-senior households, there is a documented need for the types of public service programs offered by our various Sub-recipients to those populations.

For those in need of housing, the Township is currently working with Homes Now, Inc. to subsidize rental units for families that meet the low- and moderate-income limits through the utilization of the Township's Affordable Housing Trust Funds. In addition, the Township has subrecipient agreements with Habitat for Humanity and Homes For All who rehabilitate substandard housing for income qualified individuals utilizing volunteer labor and donated resources to further the CDBG funding.

In addition, as noted above, the Township recently participated in the settlement of Affordable

Housing obligations through the Courts, as was the case for communities throughout New Jersey. The Township has adopted a new Affordable Housing Plan and Ordinance revisions consistent with the Settlement Agreement to address additional opportunities for Affordable Housing within the community. The Settlement Agreement was negotiated with the Court Appointed Master and the Fair Share Housing Center. The Settlement Agreement included the following provisions:

- 189-unit Third Round Present Need (rehabilitation share)
- 930 unit Prior Round Obligation
- 1,133 unit Third Round Prospective Need obligation where the Township completed a Realistic Development Potential Analysis (RDP) and vacant land adjustment that resulted in an adjustment to make the Third Round Prospective need 105 units with a 1,028 unmet need.

The Township amended its spending plan, affirmative marketing plan, housing rehabilitation manual and adopted a new affordable housing ordinance in compliance with the settlement agreement and expects continued compliance through the 2025 third round compliance period. Acceptance of the Township's efforts is expected in Spring of 2024 at the Final Fair Housing Hearing when the settlement agreement and plans are accepted by the courts.

The Township includes public services in its plan due to the fact that these agencies are better equipped to overcome obstacles from funding limitations as they have other resources to leverage for their mission of providing those in need with services that the municipality does not have the resources to provide. The following is a description of allocation priorities is listed below:

Housing Rehabilitation – this project allows the Township to utilize funds to make housing repairs and rehabilitation to individuals who reside in substandard housing. Program Administrative and Activity Delivery costs associated with this goal are also administered.

Public Services – this project allows the Township to utilize a maximum of 15% of the total CDBG annual allocation to be passed through to public or non-profit agencies that provide services to the low- and moderate-income population and meet the national objectives of the program. Program Administrative and Activity Delivery costs associated with this goal are also administered.

Public Infrastructure Projects – this project allows the Township to utilize funds to improve public infrastructure, such as roadways, drainage, sidewalks and curbing and make public building and park upgrades for ADA and code compliance. Planned for 2024 is the improvement of the parking facilities and doors for ADA Accessibility and the purchase and installation of a solar generator to create a “Resiliency Hub” at the Senior Center on Arora Drive, Rehabilitation of the ADA Ramp, Porch and Entrance to the Historic Hulse House, rehabilitation of the Teen Center at

270 Chambers Bridge Road, Program Administrative and Activity Delivery costs associated with this goal are also administered.

Affordable Housing – this project allows the Township to utilize funding to prevent homelessness, construct affordable housing units, subsidize market rate units to make them affordable to qualified residents, and rehabilitate units to make them affordable. Funds will also be used in 2024 to assist qualified citizens with short term rental payments to prevent homelessness. Program Administrative and Activity Delivery costs associated with this goal are also administered.

Administration of Program – this project allows the Township’s administrative time to be billed to the CDBG program funds for staff time spent working on the above projects. A maximum of 20% of the funds may be utilized for this project.

## AP-50 Geographic Distribution - 91.420, 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed Geographic Distribution

The Township has not identified a project in a designated target neighborhood for this plan period. Target Area	Percentage of Funds
See attached mapping	80%

Table 8 - Geographic Distribution

### Rationale for the priorities for allocating investments geographically

The Township will attempt to prioritize housing rehabilitation, public services and public infrastructure investments in areas of the Township where block groups show a higher percentage of low-moderate income and minority populations.

### Discussion

The Township completed an analysis utilizing CPD mapping data and US Postal Service addresses to create mailing lists to send information about our programs through the CDBG Entitlement Grant to the areas where a higher concentration of potentially qualifying households are located. Please see attached mapping and flyer information shown in AP-85 below.

## AP-75 Barriers to affordable housing -91.420, 91.220(j)

### Introduction

The Township of Brick has been a leader in the provision of Affordable Housing in NJ. Brick was the first community in NJ to receive Affordable Housing credits for its existing housing stock. Brick has never had exclusionary zoning and had exceeded its affordable housing obligations as imposed by the State.

### **Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment**

The primary barriers to providing affordable housing are the high rents, high cost of land and high cost of living in New Jersey. The Township has done its level best to provide for a healthy mix of affordable housing types and sizes. The Township has been engaged in loosening the barriers to building affordable housing by streamlining the application and development process including Zoning for mixed-use developments, however, as discussed previously many new Federal and State laws have also come about due to the Super Storm Sandy adding restrictions for development in flood hazard areas. Not ironically, the Township is ranked number #1 in gross land area fronting water which adds to the lack of housing supply along all sectors presently. However, on the good news front; the local affordable housing agent/developer "Homes Now" has been very active in the completion of additional supportive housing in Brick. In addition, the recent conclusion of Affordable Housing litigation and court rulings throughout the State are filling the void for the lack of a State Agency and Affordable Housing Rules in New Jersey, as noted in the Affordable Housing discussions within this Plan.

### Discussion

Recent litigation and court rulings throughout the State are filling the void for the lack of a State Agency and Affordable Housing Rules in New Jersey. As a result of Agreements reached with the Court and Fair Share Housing, Brick has adopted a new Affordable Housing Element and Ordinances that provide for opportunities and requirements for affordable housing set-asides and conversions

for additional affordable housing in the Township.

In addition, the Township has taken a number of actions through zoning regulations and policy implementation to address these barriers. The Township has adopted two zoning ordinances to foster the development of affordable housing and a mix of housing options. The Multi-Family Affordable Housing Ordinance requires for all Multi-family developments that a minimum of 15% are set aside for low- and moderate-income households. In addition, in 2018, the Township changed zoning to create mixed-use development in the newly created Village Zone. Business Zones were rezoned to allow for residential or commercial or a mixture of residential and commercial with accessory apartments or single-family residential uses. This Zoning Scheme has led to many new accessory apartments being approved in conjunction with commercial developments.

Through the implementation of a Rental Assistance program funded by the COVID-19 – CDBG-CV funds, the Township was able to help 24 families with their rent, mortgage or utility payments through the program administered by Homes Now, Inc. Grant funds in the amount of \$114,363 was expended to help these families from the threat of homelessness. The Township is encouraged by the success of this program and will be including it as an additional activity under the Affordable Housing project moving forward.

## AP-85 Other Actions - 91.420, 91.220(k)

### Introduction

Brick Township has reached a major milestone in receiving “Substantive Certification” from the New Jersey Council on Affordable Housing which makes a strong commitment from a local standpoint of providing a fair share supply of affordable housing in the municipality.

Brick Township has done its level best to provide for a healthy mix of affordable housing types and sizes. The Township has been engaged in loosening the barriers to building affordable housing by streamlining the application and development process including Zoning for mixed-use developments, however, as discussed previously many new Federal and State laws have also come about due to the Super Storm Sandy adding restrictions for development in flood hazard areas. Not ironically, the Township is ranked number #1 in gross land area fronting water which adds to the lack of housing supply along all sectors presently. However, on the good news front; the local affordable housing agent/developer “Homes Now” has been very active in the completion of additional supportive housing in Brick. Please refer to the Affordable Housing discussions above regarding the recent addition of Affordable Housing mechanisms to the Township’s Plans and Ordinances as a result to the recent Settlement Agreement.

### Actions planned to address obstacles to meeting underserved needs

The Township is currently working with Homes Now, Inc. to provide first time home buyer assistance and rental subsidies to give additional opportunities to low- and moderate-income families with the ability to afford living in the Township. In addition, the Township plans to provide funding through sub recipient agreements with Habitat for Humanity and Homes for All to rehabilitate income qualified single family residential homes.

The Township refers residents in need of services not offered by the Program to the Township's Senior Services Office, Ocean County Board of Social Services, Ocean Inc, NJHMFA and the Township's Affordable Housing Agent, Homes Now Inc.

The Township continued its outreach program to affirmatively target and further fair housing opportunities and to identify areas of target outreach to racial and ethnic minorities for meaningful access to the Township’s programs and services. An analysis of locations of previously completed Housing Rehabilitation Projects was cross referenced with HUD CPD Mapping GIS Tool to identify areas where the Township mailed out informational flyers to over 6,000 households discussing the Township’s programs and applications to the Housing Rehabilitation program. Approximately 2,000 flyers are mailed to targeted outreach areas in the Low-Moderate Income block groups, as well. This year, the Township also sent outreach materials to the active religious organizations in the Township with English and Spanish options. Mailings were sent to 12 religious’ organizations. In addition, the Township’s subrecipient, Homes Now Inc., provided programmatic materials to local radio stations, community groups,

property management companies, civic organizations, and property owners associations including but not limited to the following:

## COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM – CDBG

### Did you know?

The Community Development Block Grant (CDBG) program is a flexible program that provides communities with resources to address a wide range of unique community development needs. The [CDBG Entitlement Program](#) provides annual grants on a formula basis to entitled cities and counties to develop viable urban communities by providing decent housing and a suitable living environment, and by expanding economic opportunities, principally for low- and moderate-income persons.

We provide the following assistance:

- Affordable Housing Opportunities,
- Single and Multi-Family Housing Rehabilitation Grant Funds to make repairs and improvements,
  - Public Service Grants to public or non-profit agencies that provide: **Rent, Mortgage and Utility Payments**, Employment training, Senior Service assistance, Food bank funding, Counseling services for mental health, domestic violence, youth assistance and Homeless services

We also utilize the funds to make improvements in your neighborhood to improve parks, roads, sidewalks and parks.

If you or someone you know needs assistance and want to know if you'd qualify, please see the table below:

**Adjusted Income Limits- Effective July 1, 2021-Ocean County, NJ**

## **Actions planned to foster and maintain affordable housing**

IMPEDIMENT- Educate the public regarding fair housing, the complaint process and local developments: The Township of Brick, through its Administrative Agent advertises and publicizes the availability of Fair and Affordable housing in the Township by way of advertisements in local newspapers, public notices, a prominently displayed poster-board describing what rights every citizen has in obtaining fair housing and existing affordable housing opportunities in town. Postings at all public areas are encouraged. The Township will look to expand public outreach through the use of their popular social media sites.

IMPEDIMENT- Discrimination in Mortgage Lending: The Township of Brick, in conjunction with a coalition of local lenders, could collaborate with each other through working sessions to ensure that there are not issues of bias in lending and credit opportunity for those who qualify. NJHMFA "Live Where You Work Program" can be a guide.

IMPEDIMENT- Limited availability of New Section 8 Certificates: Congress, by way of the US Department of Housing and Urban Development (HUD), has NOT increased the availability of Section 8 vouchers to assist very-low and low-income residents in obtaining vital subsidies in the payment of their rents. Recent modifications of the Section 8 program has the added nuance of making them 'Welfare to work vouchers' or 'Family Self Sufficiency' vouchers adding yet more obstacles to those who would not qualify within the new special criteria for eligibility.

IMPEDIMENT- Availability of mass transit: The Township of Brick does not operate a mass transit system and utilizes the Ocean County Bus system (Ocean Ride) which serves the populations along major arteries in the municipality. Brick Township has been lobbying NJ Transit for additional bus routes in other less served areas of the jurisdiction. Ideally the Township would like to provide bus routes which can provide transportation to areas of employment from low- and moderate-income sectors of the municipality. Additionally, the Township has secured grants and capital funding for the purchase of ADA accessible busses to provide senior services transportation.

As required by the aforementioned Settlement Agreement, the Township is obligated to create new and maintain existing affordable housing according to strict performance and monitoring guidelines.

## **Actions planned to reduce lead-based paint hazards**

Recognizing the danger of lead-based paint, lead-based paint regulations are part of the Township's housing rehabilitation program which takes a strong stance in ensuring that

target units which are to receive funding assistance are free of lead-based paint.

The Township is in the process of complying with a new regulation promulgated by the New Jersey Department of Community Affairs to train housing inspectors on the identification and remediation of lead-based paints. A draft ordinance creating a fee schedule and permit for the lead-based inspections and planning for training for township inspectors is anticipated to be adopted by the governing body in early 2024.

The Township will continue to fulfill the requirements of HUD’s lead regulations. The Township was part of a screening and referral program as established by the Ocean County Health Department some time ago. When the County Service is not available, the Township utilizes a private licensed contractor to inspect for lead paint and provide a report identifying areas of concern. If a residence is found to be built prior to 1978 and there are young children present, or a non-senior household, the home is tested for lead based paint and if children are present they are referred (or strongly recommended) for testing at the OC Health Department.

**Actions planned to reduce the number of poverty-level families**

The following are often cited as major factors that contribute to poverty:

Lack of Education	Lack of Marketable Job Skills
General Unemployment	Low Wages
Lack of Affordable Child Care	Substance Abuse
Lack of Reliable Transportation	Lack of Job Opportunities Locally

The Township has established goals and policies designed to improve the local economy and reduce the level of poverty within the community. This strategy is outlined in the following sections.

**Self Sufficiency Programs**

Brick Township does support job training and employment referral programs when possible through its support of local CDBG public service programs inclusive of those people with developmental disabilities or Veterans confronting those same issues. The Township also refers individuals to Programs supported by and available through the County.

**Actions planned to develop institutional structure**

Potential gaps in institutional structure that will be approached over the next five (5) year

planning period include the following:

- Build upon the successes of the Brick Township Affordable Housing Plan as required by the NJ Council on Affordable Housing (COAH) and Ocean County Superior Court.
- Identify need for housing and/or service resources available for persons whose needs can be met through the funding availability of the CDBG or Ocean County HOME program.
- Look for additional match revenue and work with the government to ensure that current revenue remains available to meet needs.

### **Actions planned to enhance coordination between public and private housing and social service agencies**

Brick Township has done its level best to provide for a healthy mix of affordable housing types and sizes. The Township has been engaged in loosening the barriers to building affordable housing by streamlining the application and development process including Zoning for mixed-use developments, however, as discussed previously many new Federal and State laws have also come about due to the Super Storm Sandy adding restrictions for development in flood hazard areas. Not ironically, the Township is ranked number #1 in gross land area fronting water which adds to the lack of housing supply along all sectors presently.

However, The Township is working to improve coordination between the public and private housing and social service agencies by developing a comprehensive web page on the Township of Brick website that promotes the public input and consultation. The website address is <http://www.bricktownship.net/index.php/community-block-development-cdbg-grant-program/>

The Township is also developing relationships with the dozen or so sub recipient public service agencies through its monitoring program; staff visit annually with the organizations and share information to better collaborate efforts of the program.

The Township will continue to explore available funding opportunities from federal, state and private resource to address the needs of the underserved and leverage resources across Township departments to better match resources to needs. The Township will improve communication between land use, planning, police, senior services, code enforcement and recreation departments to identify individuals for whom information can be related regarding the resources available for assistance.

The Township has also engaged bi-lingual staff that are available during working hours to communicate with non-English speaking qualified individuals regarding materials and resources that are available through the CDBG program.

### **Discussion**

Brick Township, although not a selected member or recipient of the Federal or Countywide Continuum of Care Program, has taken it upon itself to provide services and job referral opportunities for persons and families who are homeless through the Ocean County Board of

Social Services. According to Township planning and housing officials, the 2010 Census will be studied as to where specific areas of homelessness are in the community and are committed to developing programs and assistance for said population as follows:

- Find a reliable and constant stream of funding to support a stand-alone homeless service organization or facility. CDBG and/or HOME funds are not sufficient to support such a venture.
- Develop a collaborative relationship with nonprofits, County officials and other Ocean County municipalities and their representatives to target symptomatic problem areas which can be mitigated in the community that adds to the homeless issue.
- Prepare a dynamic and proactive approach for residents within a shelter to find employment, constant medical or psychological care and other services which individuals and families are not successful in finding without proper direct care and support.

If the above conditions are not met, such a homeless initiative cannot succeed on either a local or regional level.

# Program Specific Requirements

## AP-90 Program Specific Requirements - 91.420, 91.220(l)(1,2,4)

### Introduction

For the previous four Program Years and 2024 Program Year the Township has proposed a Housing Rehabilitation Project and a Public Service Project. Both of these Projects provide a 100% Low/Mod benefit. The Township updated the 2018 Action Plan to include Public Improvement and Infrastructure Projects. The 2024 Action Plan will also include Projects that are planned within a Designated Target Neighborhoods, public facilities or directly benefit and eligible population group.

### Community Development Block Grant Program (CDBG)

#### Reference 24 CFR 91.220(l)(1)

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed	\$0
2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan.	\$0
3. The amount of surplus funds from urban renewal settlements	\$0
4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan	\$0
5. The amount of income from float-funded activities	\$0
<b>Total Program Income:</b>	\$0

#### Other CDBG Requirements

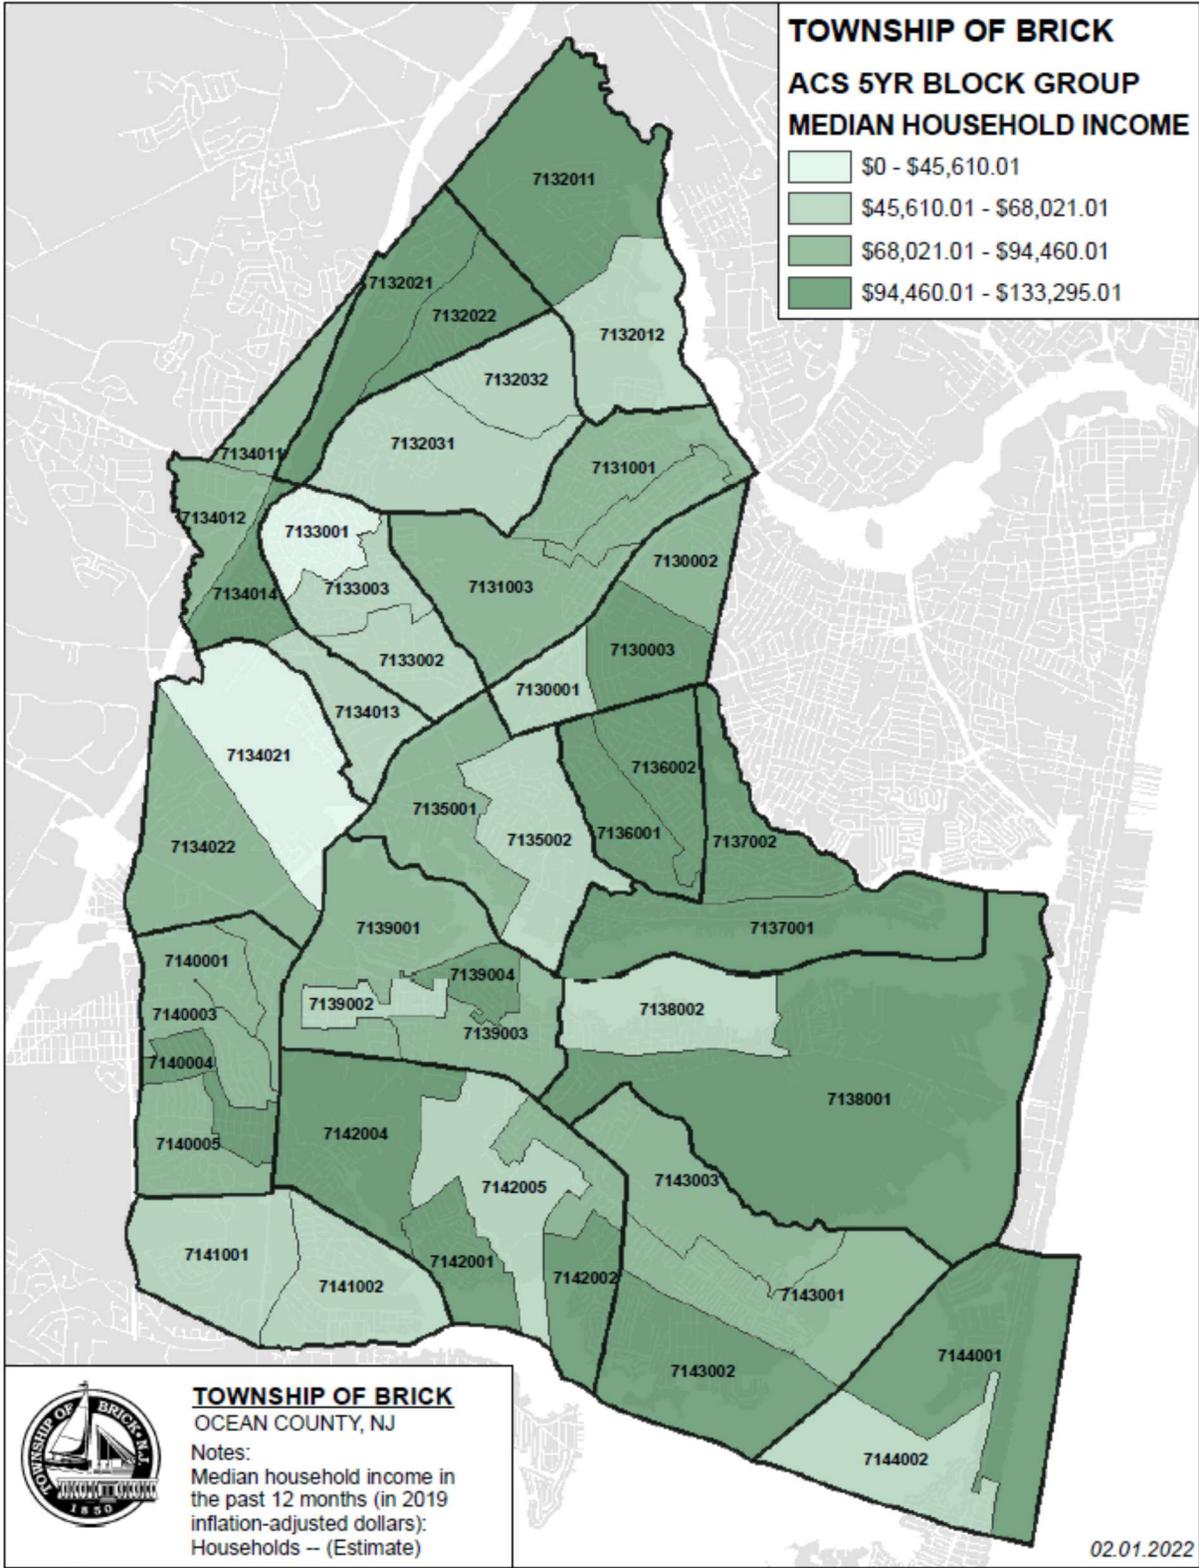

1. The amount of urgent need activities	0
2. The estimated percentage of CDBG funds that will be used for activities that benefit persons of low-to-moderate income. Overall Benefit - A consecutive period of one, two or three years may be used to determine that a minimum overall benefit of 70% of CDBG funds is used to benefit persons of low-to-moderate income. Specify the years covered that include this Annual Action Plan.	100.00%

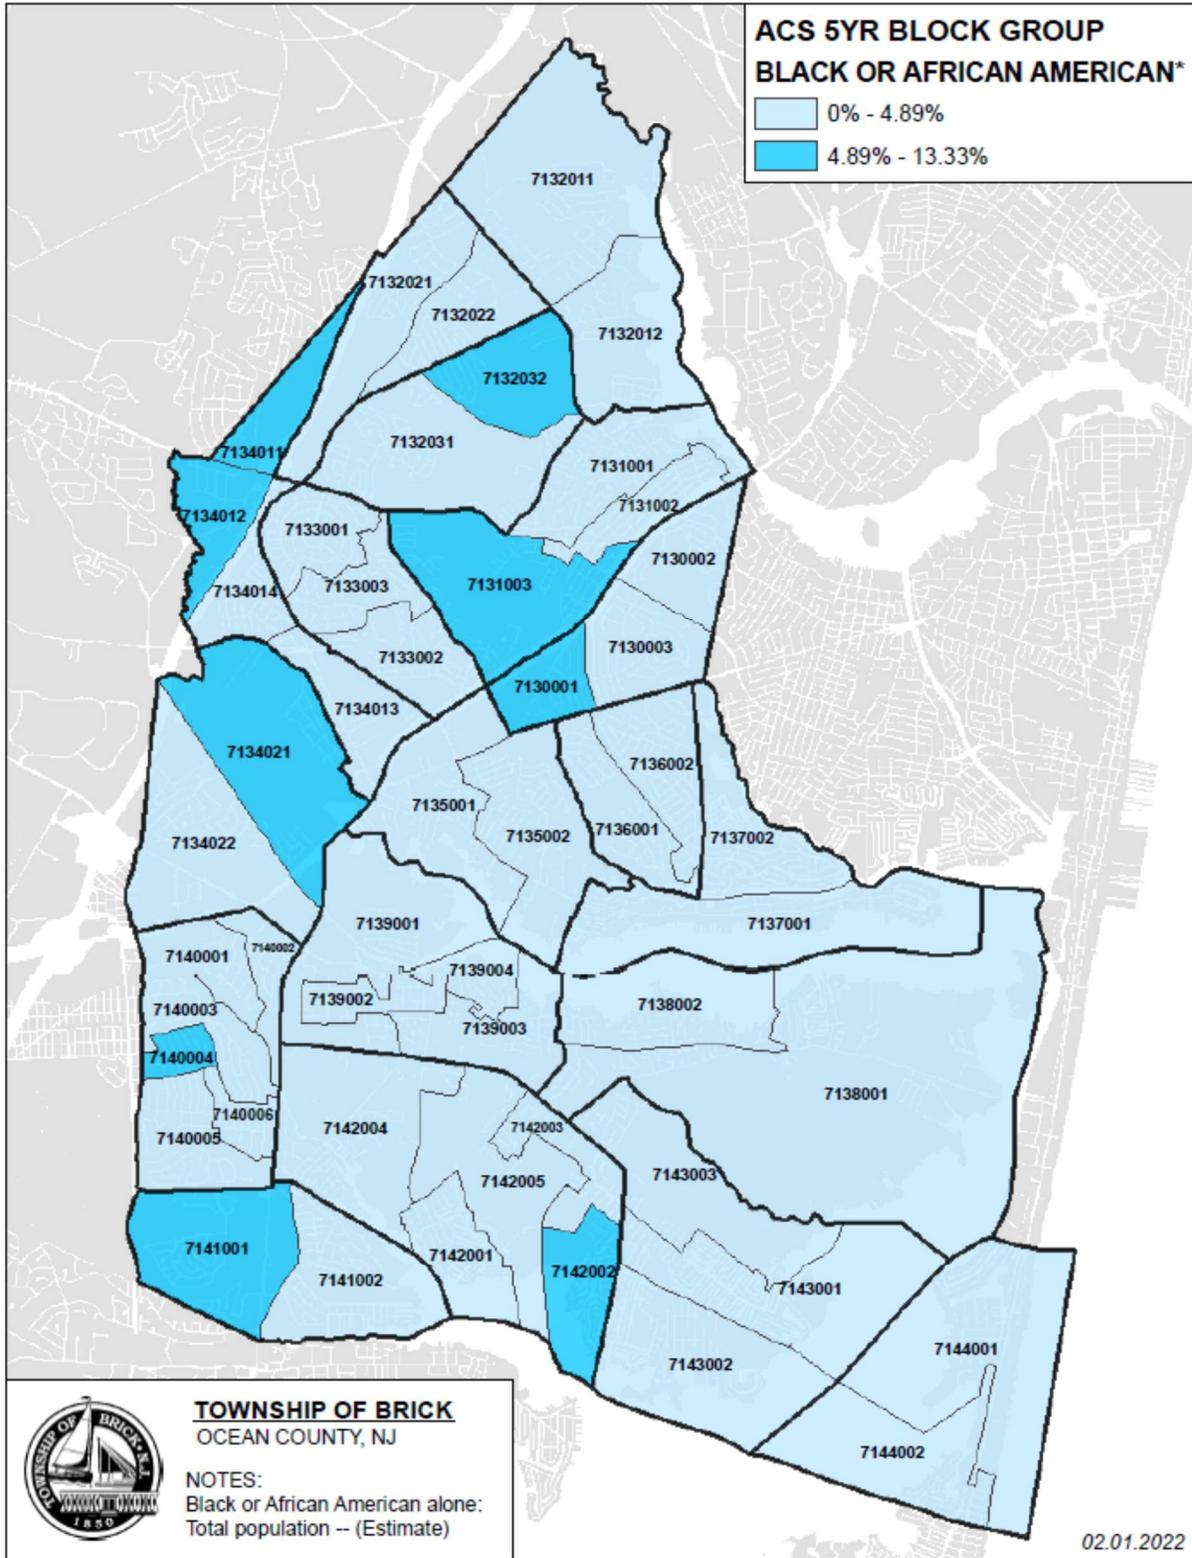

### Discussion

Project income repayments were received in 2023 (\$13,179.00). These funds did not meet the \$25,000 minimum to be utilized to calculate the Public Services cap from the FY2024 grant funds.

**FY 2022 COMMUNITY DEVELOPMENT  
BLOCK GRANT PROGRAM – CDBG  
PUBLIC SERVICES GRANT OPPORTUNITY**

All non-profit public service agencies are invited to apply for these grant funds to enhance services to the Township’s residents.

The Community Development Block Grant (CDBG) program is a flexible program that provides communities with resources to address a wide range of unique community development needs. Beginning in 1974, the CDBG program is one of the longest continuously run programs at HUD. The CDBG program provides annual grants on a formula basis to 1209 general units of local government and States.

The Program Area the Township of Brick receives funding from is known as the Entitlement Program:

The CDBG Entitlement Program provides annual grants on a formula basis to entitled cities and counties to develop viable urban communities by providing decent housing and a suitable living environment, and by expanding economic opportunities, principally for low- and moderate-income persons.

**Eligible Activities** – Over a 1, 2, or 3-year period, as selected by the grantee, not less than 70 percent of CDBG funds must be used for activities that benefit low- and moderate-income persons. In addition, each activity must meet one of the following national objectives for the program: benefit low- and moderate-income persons, prevention or elimination of slums or blight, or address community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community for which other funding is not available.

**Public Services** – this project allows the Township to utilize a maximum of 15% of the total CDBG annual allocation to be passed through to public or non-profit agencies that provide services to the low and moderate income population and meet the national objectives of the program.

Funding will be prioritized for programs that propose the following Public Service activities:

## TOWNSHIP OF BRICK

### COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM - CDBG

The Community Development Block Grant (CDBG) program is a flexible program that provides communities with resources to address a wide range of unique community development needs. Beginning in 1974, the CDBG program is one of the longest continuously run programs at HUD. The CDBG program provides annual grants on a formula basis to 1209 general units of local government and States.

The Program Area the Township of Brick receives funding from is known as the Entitlement Program:

The CDBG Entitlement Program provides annual grants on a formula basis to entitled cities and counties to develop viable urban communities by providing decent housing and a suitable living environment, and by expanding economic opportunities, principally for low- and moderate-income persons.

#### About the Program

The CDBG program works to ensure decent affordable housing, to provide services to the most vulnerable in our communities, and to create jobs through the expansion and retention of businesses. CDBG is an important tool for helping local governments tackle serious challenges facing their communities. The CDBG program has made a difference in the lives of millions of people and their communities across the Nation.

Entitlement communities are comprised of central cities of Metropolitan Statistical Areas (MSAs); metropolitan cities with populations of at least 50,000; and qualified urban counties with a population of 200,000 or more (excluding the populations of entitlement cities).

HUD determines the amount of each grant by using a formula comprised of several measures of community need, including the extent of poverty, population, housing overcrowding, age of housing, and population growth lag in relationship to other metropolitan areas.

#### Citizen Participation

A grantee must develop and follow a detailed plan that provides for and encourages citizen participation. This integral process emphasizes participation by persons of low or moderate income, particularly residents of predominantly low- and moderate-income neighborhoods, slum or blighted areas, and areas in which the grantee proposes to use CDBG funds. The plan must provide citizens with the following: reasonable and timely access to local meetings; an opportunity to review proposed activities and program performance; provide for timely written answers to written complaints and grievances; and identify how the needs of non-English speaking residents will be met in the case of public hearings where a significant number of non-English speaking residents can be reasonably expected to participate.

### Eligible Activities

Over a 1, 2, or 3-year period, as selected by the grantee, not less than 70 percent of CDBG funds must be used for activities that benefit low- and moderate-income persons. In addition, each activity must meet one of the following national objectives for the program: benefit low- and moderate-income persons, prevention or elimination of slums or blight, or address community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community for which other funding is not available.

The Township of Brick participates in a Consortium led by the Ocean County Community Development Block Grant Program managed by the Ocean County Planning Department. The Consortium includes other municipalities such as Lakewood and Toms River Townships. These entities work together to ensure compliance with HUD requirements, timelines and documentation.

The Township of Brick prepares a 5-year Consolidated Plan that identifies the projects and activities the Township will be utilizing HUD CDBG Funds to accomplish. Each year an Action Plan is developed allocating those funds that are consistent with each project and activity. The Township typically utilizes funding for the following projects:

Housing Rehabilitation – this project allows the Township to utilize funds to make housing repairs and rehabilitation to individuals who reside in substandard housing.

Public Services – this project allows the Township to utilize a maximum of 15% of the total CDBG annual allocation to be passed through to public or non-profit agencies that provide services to the low and moderate income population and meet the national objectives of the program.

Public Infrastructure Projects – this project allows the Township to utilize funds to improve public infrastructure, such as roadways, drainage, sidewalks and curbing and make public building upgrades for ADA and code compliance.

Affordable Housing – this project allows the Township to utilize funding to prevent homelessness, construct affordable housing units, subsidize market rate units to make them affordable to qualified residents, and rehabilitate units to make them affordable.

Administration of Program – this project allows the Township's administrative time to be billed to the CDBG program funds for staff time spent working on the above projects. A maximum of 20% of the funds may be utilized for this project.
