WHEREAS, the week of April 2-8, 2018, is celebrated as National Public Health Week, and the theme is "Changing Our Future Together"; and

WHEREAS, since 1995, the American Public Health Association, through its sponsorship of National Public Health Week, has educated the public, policymakers and public health professionals about issues important to improving the public's health; and

WHEREAS, seven in 10 deaths in the U.S. are related to preventable diseases such as obesity, diabetes, high blood pressure, heart disease, and cancer. Another striking fact is that 75 percent of our health care dollars are spent treating such diseases. However, only 3 percent of our health care dollars go toward prevention; and

WHEREAS, nearly one-third of all students in the United States do not graduate from high school on time. Students who don't graduate face lifelong health risks and high medical costs, and are more likely to engage in risky health behaviors. They are less likely to be employed and insured, and earn less—all of which continues the cycle of poverty and disparities; and

WHEREAS, more than half of all cancer deaths could be prevented by making healthy choices like not smoking, staying at a healthy weight, eating right, keeping active, and getting recommended screening tests; and

WHEREAS, food borne contaminants cause an average of 5,000 deaths, 325,000 hospitalizations, 76 million illnesses and costs billions of dollars annually. The five most common food borne pathogens cost the U.S. economy more than \$44 billion each year in medical costs and lost productivity; and

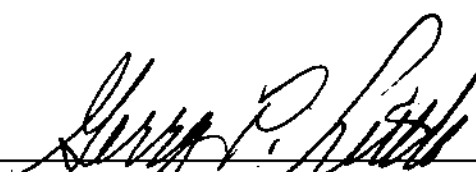

WHEREAS, strong public health systems are critical for sustaining and improving community health.

BUDGET MESSAGE

COUNTY REVENUES - EXCLUSIVE OF TAXATION
(2014 - 2018)

It has always been the policy of the Board of Chosen Freeholders to provide quality services to the residents of the County while maintaining a stable tax rate for the taxpayers of the County. The 2018 County Budget has been developed with that theory in mind along with fiscal conservatism.

The formulation of the Budget was accomplished through a series of budget sessions with the assistance of the County Officials over a three month period. These sessions included budget conferences with various Departments and Agencies of the County.

With this 2018 County Budget, the Board of Chosen Freeholders will decrease the tax rate to .347 cents per \$100 of equalized property value.

The budget totals \$416,092,250 up \$8.2 million.

The amount to be raised in taxation is \$346,491,117, up \$4,396,382.

The County will use \$22,000,000 from its surplus to support the 2018 Budget, \$1,800,000 more than it did in 2017.

With the passage of Chapter 78 of the Laws of 2011, local government units were required to institute specific formulas for the calculation of employee health benefit contribution. The formulas are based on type of coverage, base salary and cost of coverage. The 2018 County Budget includes an appropriation for Group Insurance for Employees in the amount of \$48,879,040. This amount was derived by subtracting the estimated employee contribution to be collected of \$5,920,611 from the calculated cost of \$54,799,651.

The following are the 2018 Budget requirements for revenue and appropriation for Ocean County:

	Appropriation	Revenue
Child Protection and Permanency	4,682,937	4,682,937
Division of Developmental Disabilities	6,120,277	8,120,277
Supplemental Security Income	1,090,623	1,090,623
Temporary Assistance to Needy Families	189,586	0
Mental Health and Addiction Services	7,417,553	5,325,054
Rutgers University Behavioral Health Care	9,428	6,600

CAPITAL BUDGET AND CAPITAL IMPROVEMENT PROGRAM

This section is included with the Annual Budget pursuant to N.J.A.C. 5:30-4. It does not in itself confer any authorization to raise or expend funds. Rather it is a document used as part of the local unit's planning and management program. Specific authorization to expend funds for purposes described in this section must be granted elsewhere, by a separate bond ordinance, by inclusion of a line item in the Capital Improvement Section of this budget, by an ordinance taking the money from the Capital Improvement Fund, or other lawful means.

CAPITAL BUDGET

- A plan for all capital expenditures for the current fiscal year.
If no Capital Budget is included, check the reason why:
- ☐ Total capital expenditures this year do not exceed \$25,000, including appropriations for Capital Improvement Fund, Capital Line items and Down Payments on Improvements.
- ☐ No bond ordinances are planned this year.

CAPITAL IMPROVEMENT PROGRAM

- A multi-year list of planned capital projects, including the current year.
Check appropriate box for number of years covered, including current year.
- ☒ 6 years (Over 10,000 and all county governments)
- ☐ _____ years (Exceeding minimum time period)

NARRATIVE FOR CAPITAL IMPROVEMENT PROGRAM

COUNTY OF OCEAN
2018

The Ocean County Board of Chosen Freeholders, with the assistance of the County Administrator, Office of Management and Budget, County Engineer, County Planning Board and the County Comptroller, has developed this six-year Capital Improvement Program and Budget. The Capital Improvement Program was developed with the cooperation and consideration of recommendations of the various County Departments.

The County's continuing growth requires that the Board of Chosen Freeholders anticipates and plans for the increasing demands for County facilities and services. The Capital Improvement Program was prepared to guide County investment in land, facilities and equipment through 2023. The Program and Budget will be adjusted each year to reflect changing conditions including new Federal and State legislation, variations in the general economy, emerging demands of the public and modifications in the growth rate which may result in changes in revenue patterns and demand for new facilities or services. The Capital Improvement Program is realistic and attainable within the financial capabilities of the County and it provides for the future needs of Ocean County residents.

The accompanying forms which comprise the Capital Budget and six-year Capital Improvement Program have been completed in accord with regulations adopted by the Local Finance Board of the State of New Jersey pursuant to powers authorized by N.J.S.A. 52:27BB-10, N.J.S.A. 40A:4-43 to 45. The Capital Budget forms list all projects scheduled for startup for the 2018 Budget year and the source of funding for each project. A summary of Anticipated Funding Sources and Amounts is also included. Please note that this summary shows funding needed for new capital projects. It does not include previous appropriations for projects to be continued in 2018. For this reason, the funding summary differs slightly from the total cost shown for the Capital Program.

The total cost of all Capital Improvement Projects over the six-year period is \$281,127,467. Many of the projects will be funded under State and Federal Grant Programs or through the annual Budget on a "pay-as-you-go" basis. The larger projects will be funded by short-term borrowing. Bonds will be issued at the most advantageous times to secure low interest rates.

Director Little stated that a flu update is important today because of the concerns in New Jersey and around the Country about the seriousness with the flu immunization program this year and the number of people suffering from the flu. The Director advised that the Ocean County Health Department has the largest flu immunization program in the State of New Jersey with 169 flu clinics, noting that 156 clinics were held so far this year that administered 2,557 flu shots so far, with 21 advertisements in local newspapers. The Director introduced Dan Regenye, Ocean County Health Department, to provide an update.

Mr. Regenye stated that it has been a very active flu season this year. Flu vaccines have already been ordered for next year, advising that they are trying to project the flu type for next year. Mr. Regenye advised that the current flu shot has not been effective this year, however, he does recommend getting the flu shot because those who get the shot have milder flu symptoms.

Mr. Regenye advised that there has been a very active flu campaign this year, noting that the Health Department has been in touch with the CDC and State Health Department and Ocean County has been recognized by the State for the number of vaccines given and the clinics available. Mr. Regenye provide the Board with a hand out on the sites and times still available to get the flu shot. Director Little stated that the Health Department tries to make those clinics as convenient as possible.

Mr. Regenye advised that residents still in need of the flu shot, the Health Department has free clinics available. He noted that the best way to protect yourself is to cover your cough, wash your hands often and use sanitizer, take precautions. The flu strain this year is the H3N2. Mr. Regenye advised that 3,000 shots have been administered to-date and additional vaccines are available. Director Little stated that the number of vaccines are adjusted and projected each year.

Mr. Ernst reviewed the items listed on the attached Engineering Department agenda, which included the recommended award to Black Rock Enterprises for the realignment of Horicon Avenue – Beckerville Road at Route 70 in Manchester Township for \$346,969.90. Mr. Ernst advised that there were nine bidders, eight of which were under the engineering estimate. There were no questions or comments, and all items will be listed on the agenda for the February 21, 2018 Board meeting.

Ms. Vasil reviewed the Board's agenda for the meeting of February 21, 2018. Ms. Vasil advised that a grant resolution will be added to the agenda authorizing a \$300,000 grant application for Law Enforcement and Behavioral Health Partnership for the Early Diversion Program. Administrator Block advised that the County's architect has resolved some project questions for the Southern Service Center bid and will be adding this award to the agenda. Freeholder Vicari stated that the County underbids projects to be aggressive, and he is satisfied with the price and timeline for the project. There were no other questions or comments.

Administrator Block stated that he hopes to have the Manchester Garage project bid award at the next meeting.

Director Little asked the Board members for comments.

Freeholder Kelly stated that Walter Hopson, Director of Juvenile Services will be retiring on March 1, 2018 and noted that Jonathan Carman from Juvenile Services is here today. The Freeholder noted that the County has gone through quite a process to identify and name the new Director for Juvenile Services, stating that three people were

interviewed for the position, Dr. Barbara Barr, Richard Seitz and Jon Carman. Dr. Barr declined the position for personal reasons. Freeholder Kelly stated that Mr. Carman came to Juvenile Services from the NFL, noting he was an offensive tackle. Mr. Carman has done a fantastic job for a number of years at Juvenile Services. The Freeholder stated that the County has had three directors in Juvenile Services since he has been a Freeholder, all of which were appointed in-house. The Freeholder also noted that all three candidates work hard and do a great job. Freeholder Kelly stated that Mr. Carman can talk to juveniles about real opportunities, letting them know that there are opportunities still available to them. Freeholder Kelly advised that Mr. Carman will be appointed the new Director at the next Board meeting. Director Little stated that a lot of kids have no role models at home and kids look up to athletes and Mr. Carman will be a good role model for them. Administrator Block noted that all the interviewees for the position have their Masters and were all good candidates for the position.

Freeholder Kelly noted that after considering all the candidates, Richard Seitz will be promoted to the Number 2 position in Juvenile Services, noting that Mr. Seitz and Mr. Carman have a good working relationship. Mr. Seitz does an excellent job, and he will continue to work for our juveniles at the Detention Center.

Mr. Carman thanked Freeholder Kelly and the Board for his appointment as Director. Mr. Carman also thanked Director Little for his recent comments and strong opposition to marijuana.

Freeholder Kelly noted that our juveniles have a real education center at the detention center, advising that the VoTech has an extremely successful program that works. The Freeholder noted that not every juvenile is successful at the detention center, but we try to reach as many as we can. He stated that the County provides a mentoring program and our juveniles do not leave until we believe they can go back to school without problems; stating that they earned their way to the detention center and they have to earn their way out. Freeholder Vicari noted that the VoTech provides valuable skills through a great partnership.

There were no additional comments.

Director Little asked the Administrator for comments during Open Session. The Administrator had no comments for Open Session.

The figure consists of two side-by-side line graphs. Both graphs have 'Number of trials' on the x-axis and 'Number of correct responses' on the y-axis. The left graph is labeled 'Control' and shows a straight line starting from the origin. The right graph is labeled 'Training' and shows a curve that starts at the origin and increases at a decreasing rate, eventually leveling off.

The figure consists of two separate line graphs. The left graph plots 'Rate of reaction' on the y-axis against 'Temperature (°C)' on the x-axis. The x-axis has markings at 0, 20, and 40. The data points form a straight line starting from the origin (0,0) and extending upwards to the right, reaching a rate of 4 at 40°C. The right graph also plots 'Rate of reaction' on the y-axis against 'Temperature (°C)' on the x-axis. The x-axis has markings at 0, 20, 40, and 60. The data points form a bell-shaped curve that starts at a low rate at 0°C, rises to a peak rate of 4 at 40°C, and then falls to a rate of 1 at 60°C.
