Re: Administrative Action/Ocean County Landfill Corporation
Permit Modification Application

Dear Mr. Castner:

On February 19, 1991, the Ocean County Solid Waste Management Plan was amended to designate the Ocean County Landfill Facility (OCLF) in Manchester Township to serve the disposal needs of this County through the year 2015. In an effort to meet this need, the OCLF has submitted an application for modification of their solid waste facility permit for review by your office. It has come to my attention that there is a solid waste plan issue as a result of the previous and current materials recovery facility (MRF), Lot and Block designations. In the 1991 Plan Amendment the MRF was to be located on Block 2, Lots 31, 32 and 33. In its current application the OCLF has relocated the MRF facility to Block 2, Lots 15, 642, 769 and 770.

To resolve this discrepancy between the designated location for the MPF, I am requesting to amend the Ocean County District Solid Waste Management Plan under an Administrative Action pursuant to N.J.A.C.7:26-6.11. This amendment redesignates the location of the MPF facility on the Ocean County Landfill Corporation's site to Block 2, Lots 15, 642, 769 and 770.

Should you have any questions, please do not hesitate to contact me.

Very truly yours,

Alan W. Avery, Jr.
Director

Alan Avery, Director
Ocean County Department of Solid Waste Management
129 Hooper Avenue
Post Office Box 2191
Toms River, New Jersey 08754-2191

Dear Mr. Avery:

The Department of Environmental Protection's Division of Solid and Hazardous Waste is in receipt of a request dated April 7, 2000 for an administrative action relative to the Ocean County Landfill (OCLF). Specifically, in an amendment dated February 19, 1991 (and certified as approved on July 26, 1991), a materials recovery facility (MRF) was proposed for Block 2, Lots 31, 32, and 33 in Manchester Township at the site of the OCLF. An application for modification to the existing DEP issued permit for the OCLF has been submitted to the Department. As part of this application for modification, the site of the MRF at the OCLF has been relocated to Block 2, Lots 15, 642, 769, and 770 in Manchester Township. This administrative action request is to ensure that the modified location of the MRF is included within the Ocean County District Solid Waste Management Plan.

Pursuant to N.J.A.C. 7:26-6.11(b)5., the Department considers this request to constitute an approvable administrative action. Therefore, this request is hereby approved as an administrative action pursuant to N.J.A.C. 7:26-6.11(f).

If you have any questions relative to this matter, please contact Gil Mueller of my staff at (609) 984-3438.

Sincerely,

Guy J. Watson
Guy Watson, Chief
Bureau of Recycling & Planning
