Dear Mr. Watson:

The County has received a request from Jackson Township to conduct an Exempt Recycling Operation, exemption #13, at Block 2201, Lot 2, a 115.69 acre tract off Jackson Mills Road in Jackson Township for a period of two years. The municipality owns the land and it was purchased with Green Acres funds. A letter from Kevin Koslosky, Bureau of Legal Services and Stewardship, Green Acres is attached. This letter states that they approve of the utilization of a 3-5 acre portion of the site as an exemption compost operation for a period of two years.

The County includes a 3-5 acre portion of Block 2201, Lot 2 as an exemption compost operation (exemption #13) into the Ocean County District Solid Waste Management Plan for a period of two years as an Administration Action.

Should you have any questions please don't hesitate to contact John Haas at 732-506-5047.

Dear Mr. Kuhlwein:

On May 28, 2009 the Department of Environmental Protection's Solid and Hazardous Waste Program received a request for an administrative action to conduct an exempt recycling operation for yard trimmings at the Jackson Mills Vista Center located at Block 2201, Lot 2 in Jackson Township for a period of two years. The compost materials will be used to improve soil conditions at the Jackson Mills Vista Center in an effort to address soil deficiencies and better support vegetation growth. The municipality had purchased the land with Green Acres funds; however, the Bureau of Legal Services & Stewardship had approved the utilization of a 3 to 5 acre portion of the site as an exemption compost operation for a period of two years.

Pursuant to N.J.A.C. 7:26-6.11(b) 14, the Department considers this County Plan inclusion of an exempt recycling operation to be an approvable administrative action. This amendment is hereby approved as an administrative action pursuant to N.J.A.C. 7:26-6.11(f).

If you have any questions relative to this action, please contact Najwa N. Ali at (609) 984-9773 or email at Najwa.Ali@dep.state.nj.us.

Sincerely,

Guy Watson, Chief
Bureau of Recycling and Planning
